**ARTICLE 1. TITLE, PURPOSE, AUTHORITY AND JURISDICTION****Section 100 Title**

These regulations, including the zoning district maps made a part hereof, shall be known and may be cited as the "Zoning Regulations of the City of Sedgwick, Kansas," and shall hereinafter be referred to as "these regulations".

**Section 101 Purpose**

These regulations are intended to serve the following purposes:

- A. To promote the public health, safety, morals, comfort and general welfare;
- B. To establish a variety of zoning district classifications according to the use of land and buildings with varying intensities of uses and standards whose interrelationships of boundary zones form a compatible pattern of land uses and buffer areas which enhance the value of each zone;
- C. To regulate and restrict the location, use and appearance of buildings, structures and land within each district and to zone for residential, commercial, industrial and other purposes including floodplains;
- D. To regulate and restrict the height, number of stories and size of buildings and structures including their distance from any street or highway; the percentage of each lot that may be occupied by buildings and other structures; and size of yards, courts and other open spaces;
- E. To protect property values and conserve energy and natural resources;
- F. To provide for adequate light and air and acceptable noise levels;
- G. To avoid the undue concentration of population and vehicular traffic and to prevent overcrowding the use of land and public facilities;
- H. To facilitate the adequate provisions of transportation, water supply, sewage disposal, schools, parks and other public improvements;
- I. To provide adequate public notice on proposed changes in these regulations and zoning maps and an opportunity to be heard on such zoning matters;
- J. To establish and provide procedures for the Board of Zoning Appeals to consider appeals, variances and conditional uses as exceptions; and
- K. To implement the goals, policies and proposals of the comprehensive plan for the zoning jurisdiction.

## **Section 102 Authority**

These regulations are adopted under authority established by K.S.A. 12-741 et seq., as amended, 12-736, 12-3009 to 12-3012 inclusive, 12-3301 and 12-3302.

## **Section 103 Zoning Jurisdiction**

These regulations shall apply only to all structures, buildings and land within the corporate limits of the City of Sedgwick, Kansas, as presently exists or are hereafter established by annexation.

All such land is included in the Planning Area for the Comprehensive Development Plan which has been adopted by the Planning Commission and approved by the Governing Body.

## ARTICLE 2. INTERPRETATION, CONSTRUCTION AND DEFINITIONS

### Section 100 Rules of Interpretation

- A. **Minimum Requirements.** In their interpretation and application, the provisions of these regulations shall be held to be the minimum requirements for the promotion of the public health, safety, morals, comfort and general welfare.
- B. **Overlapping or Contradictory Regulations.** Where the conditions imposed by the provisions of these regulations upon the use of land or structures are either more restrictive or less restrictive than comparable conditions imposed by any other provision of any other applicable law, ordinance, resolution, rule or regulation of any kind, the regulations which are more restrictive and impose higher standards or requirements shall govern.
- C. **Private Agreements.** The provisions of these regulations are not intended to abrogate any valid easement, deed restriction, covenant or other private agreement of legal relationship; provided, that where the requirements of these regulations are more restrictive or impose higher standards or regulations than such private agreements, the requirements of these regulations shall govern. The City does not have a responsibility to enforce such private agreements.
- D. **Unlawful Uses.** No use of land or structure which was not lawfully existing at the time of the adoption of these regulations shall become or be made lawful solely by reason of the adoption of these regulations; and to the extent that, and in any respect that, said unlawful use or structure is in conflict with the requirements of these regulations, said use or structure remains unlawful hereunder.
- E. **Not a Licensing Regulation.** Nothing contained in these regulations shall be deemed to be a consent, license or permit to use any property or to locate, construct or maintain any structure or facility or to carry on any trade, industry, occupation or activity.
- F. **Effect on Existing Permits.** For all purposes, except single-family residential developments platted and recorded after January 1, 1992, nothing in these regulations shall be deemed to require any change in plans, construction or designated use of any land or structure in the event that: *(See Section 2-100G for Vesting of Development Rights.)*
1. A zoning permit for such use of land or structure was lawfully issued prior to the effective date of these regulations or the effective date of any amendment thereof; and
  2. Such permit had not by its own terms expired prior to such effective date; and
  3. Such permit were issued on the basis of an application showing complete plans for proposed construction and/or use; and
  4. There has been a substantial change of position, substantial expenditure, substantial work performed or incurrence of substantial obligations by the permit holder in reliance on such permit other than purchase of land or preparation of design plans; and

5. Such issuance of a permit and change of position, expenditures, work or incurrence of obligations were made prior to the effective date of an amendment of these regulations which amendments would have made illegal the issuance of such permit; and
  6. Construction pursuant to such permit is completed prior to the expiration of such permit; and
  7. When the use of land or a structure is completed under a permit to which this Section 2-100F applies, an occupancy certificate shall be issued in accordance with the zoning regulations in effect at the time the zoning permit was issued.
- G. Vesting of Development Rights.** For the purpose of single-family residential developments according to K.S.A. 12-764, as amended, development rights in such land use shall vest upon recording of a final plat of such land after January 1, 1992. If construction of a principal structure is not commenced on such land within five years of recording a final plat before July 01, 2009, the development rights in such land shall expire and, thus, all revisions to zoning or subdivision regulations becoming effective during the period vested shall then apply to such platted land. For such plats recorded on or after July 01, 2009, such construction must take place within 10 years to be vested.

## Section 101 Rules of Construction

- A. In the construction of these regulations, the provisions and rules of this Section shall be preserved and applied, except when the context clearly requires otherwise:
1. The singular number includes the plural and the plural the singular.
  2. The present tense includes the past and future tenses and the future the present.
  3. The word "shall" is mandatory while the word "may" is permissive.
  4. The phrase "used for" shall include the phrases "arranged for," "designed for," "intended for," "maintained for" and "occupied for."
  5. The word "person" includes an individual, firm, corporation, association, partnership, trust, governmental body and agency, and all other legal entities.
  6. The word "City" means the City of Sedgwick, Kansas.
  7. The words "Governing Body" mean the Mayor and Council members of the City of Sedgwick, Kansas which together constitute the governing body.
  8. The word "Clerk" means the City Clerk of the City of Sedgwick, Kansas.
  9. The words "Planning Commission" mean the Sedgwick City Planning Commission.
  10. The words "Comprehensive Plan" mean the adopted and approved Comprehensive Development Plan for the City of Sedgwick, Kansas and surrounding Planning Area, which includes, among other elements, a plan for land use.
  11. The word "Board" means the Sedgwick Board of Zoning Appeals.
  12. The words "zoning jurisdiction" mean the area as defined in Section 1-103 for which the jurisdiction of these regulations is applicable for zoning purposes.
  13. Unless otherwise specified, all distances shall be measured horizontally.

- B. Any word or phrase which is defined in this Article or elsewhere in these regulations shall have the meaning as so defined whenever used in these regulations, unless such definition is expressly limited in its meaning or scope.
- C. Words or terms not herein defined shall have their ordinary meaning in relation to the context as defined in a dictionary.

## Section 102 Definitions

The following definitions shall be used in the interpretation and construction of these regulations:

**ACCESSORY DWELLING:** An accessory dwelling unit may be constructed wholly within, or may be detached from, a principal single-family dwelling unit which shall be subject to the following standards:

1. A maximum of one accessory dwelling unit may be allowed on the same zoning lot as a single-family dwelling unit;
2. A detached accessory dwelling unit may be constructed separately or in conjunction with a garage for the principal dwelling unit;
3. The appearance of an accessory dwelling unit shall be compatible with the principal dwelling and the character of the neighborhood;
4. The lot on which the accessory dwelling unit is to be located must meet the minimum lot area as required for the lot size of the relevant zoning district and the maximum lot coverage;
5. The off-street parking space and standards for Section 5-101A1 must be met;
6. Separate or shared utility connections may be utilized subject to meeting all requirements of any applicable building codes in the City;
7. Temporary, prefabricated structures may be used as accessory dwellings for limited periods of time; and
8. An accessory dwelling unit shall remain accessory to and under the same ownership as the principal single-family dwelling unit and not be subdivided or sold as a condominium. A suitable deed restriction stating this restriction must be filed with the County Register of Deeds prior to issuance of any occupancy certificate for the accessory dwelling.

**ACCESSORY USE OR STRUCTURE:** As defined in Article 6.

**ADULT CARE CENTER:** A facility in which care and activities are provided on an hourly or daily basis for adults of all ages. The latter arrangement is not construed to be a "nursing home". It may also be referred to as an "adult day care" facility. Such centers are licensed under regulations established and administered by the Kansas Department of Health and Environment. *(See Section 6-102C1 for adult care center limitations as home occupation.)*

**ADULT CARE HOME:** A residential facility operated as a home occupation for not more than six adults wherein care and activities are provided on an hourly or daily basis or limited nursing care is provided on a 24-hour basis. Such homes may also be referred to as "home plus" and are licensed under regulations established and administered by the Kansas Department of Health and Environment. Standards for such definitions may be periodically amended by changes in state regulations. Application to the Board of Zoning Appeals may be made for a conditional use to allow up to 10 persons to be cared for in a home occupation.

**ADULT ENTERTAINMENT:** (See *SEXUALLY ORIENTED BUSINESS*.)

**AGRICULTURE:** The use of land for growing crops in the open, horticulture, nurseries, truck farms and accessory uses, including the structures not in a designated floodplain for carrying out agricultural operations; provided, however, such agricultural use shall not include the following uses: (See *Section 3-100E4 for Exemptions*.)

1. The maintenance and operation of commercial greenhouses or hydroponic farms, except in zoning districts where permitted.
2. Retail sales as an accessory use, unless the same are otherwise permitted by these regulations.
3. The feeding of garbage to animals.
4. The feeding, grazing, or sheltering of domestic animals or fowl, e.g., horses, cows, swine, goats, chickens, pigeons, rabbits or fur bearing animals, but not including cats and dogs and other pets; unless such animals or fowl are otherwise permitted by the City laws or regulations.
5. The operation or maintenance of a stockyard or commercial feedlot.

Farmhouses are considered to be single-family dwellings.

**ALLEY:** A minor right of way along the side of or in the rear of lots intended to provide a secondary means of access to abutting lots and to and from streets.

**ALTERATION:** See *STRUCTURAL ALTERATION*.

**AMUSEMENT CENTER:** An indoor commercial establishment which contains amusement devices for public use as the principal activity of the business operating the center, but, in any event, places which operate four or more of the devices. Amusement devices shall include computer video games, pinball machines, pool or billiard and other table games. Such definition is not intended to include recreational uses such as bowling, skating rinks or miniature golf, but may include indoor ranges for archery and shooting firearms.

**ANIMAL HOSPITAL OR CLINIC:** An establishment where animals are admitted principally for examination, treatment, board or care, by a doctor of Veterinary Medicine. This does not include open kennels or runs, unless specifically permitted by the district regulations.

**APARTMENT:** See *DWELLING, MULTIPLE-FAMILY*.

**ASSISTED LIVING FACILITY:** Dwelling units used by older persons, persons with disabilities or other persons needing or desiring assistance with day-to-day living matters, but not including nursing homes, hospitals or convalescent care facilities. Typical uses include retirement communities in which housekeeping services, common dining facilities and recreational and social activities are offered to residents.

**AUTOMOBILE SERVICE STATION:** A structure and surrounding land used for the storage and sale of petroleum fuel, including self-service, primarily to passenger vehicles and for accessory uses such as the sale of lubricants, accessories or supplies, the incidental washing of motor vehicles and the performing of minor repairs, but not including tire recapping, body repairs or major overhaul. Such use does not include open sales lots for new or used vehicles nor provide rental equipment, unless specifically permitted by the district regulations.

**AWNING:** A roof-like cover that is temporary in nature which projects from the wall of a building and which may overhang a public sidewalk area.

**BASEMENT:** That portion of a building located wholly or partially underground, but having more than one-half of its clear floor-to-ceiling height below the average grade of the adjoining ground.

**BED AND BREAKFAST HOME OR INN:** A dwelling where for compensation one or more rooms are available for lodging and breakfast served to lodgers only. When conducted as a home occupation, such facilities are designated as "homes." When designated as an "inn," such facilities may be operated as a home occupation or as a business enterprise. When specifically permitted, tea rooms for a limited number of customers may be operated in conjunction with bed and breakfast inns.

**BLOCK:** A tract of land bounded by streets or by a combination of streets, public parks, cemeteries, railroad right of way, waterways, city limits or other property lines.

**BOARDING OR ROOMING HOUSE:** A building other than a hotel where, for compensation and by prearrangement for definite periods, lodging only or with meals are provided for three or more boarders and/or roomers exclusive of the occupant's family. Individual cooking facilities are not provided. (See *FAMILY*.)

**BUILDING:** Any covered structure having a roof supported by walls for the shelter, support or enclosure of persons, animals, horticultural products or chattels. Interconnected buildings shall be considered as one building. (See *STRUCTURE*.)

**BULK REGULATIONS:** Regulations controlling the size of structures and the relationships of structures and uses to each other and to open areas and lot lines. Bulk regulations include regulations controlling: (1) maximum height, (2) maximum lot coverage, and (3) minimum size of yards and setbacks. (See *Section 3-103G for utility and communication facilities exemption*.)

**BUSINESS AND PROFESSIONAL OFFICE:** The office of an architect, attorney, dentist, doctor, engineer, landscape architect, real estate or insurance agent or other similar professional person, and any office used primarily for accounting, correspondence, research, editing or administration.

**CAMPGROUND:** Any parcel of ground which provides space for transient or semi-permanent occupancy and is used or intended to be used for the placement of one or more RV campers and for single-wide portable housing structures. The latter are sometimes referred to as "cabins" or "tiny houses". The term campground does not include sales lots on which unoccupied campers or housing structures, whether new or used, are parked for the purpose of storage, inspection, or sale.

**CANOPY:** Any structure, movable or stationary, open on three sides, which is attached to and projects from a wall of a building for the purpose of sheltering a drive-up facility, platform, stoop, entranceway or sidewalk from the elements including a motor vehicle; or an independent roof-like structure supported by posts with no sidewalls for purpose of the sheltering a gasoline service area, drive-in facility or motor vehicles. In any event, the sheltering of motor vehicles is for temporary parking and unloading only and not for a permanent parking space or storage. (See *CARPORT and Section 3-103F1 for Permitted Obstructions*.)

**CAPACITY IN PERSONS:** The maximum number of persons who can avail themselves of the services or goods of an establishment, at any one time, with reasonable comfort.

**CARPORT:** A structure for shelter and permanent parking space for motor vehicles attached to a building or independent thereof. Such carports are not permitted obstructions under Section 3-103F1. (See *CANOPY*.)

**CAR WASH:** An establishment having facilities designed or used exclusively for washing or cleaning motor vehicles.

**CELLULAR TOWER:** A telecommunication structure with an attached antenna(s) which creates a cell site for a wireless transmission service that permits customers to use mobile telephones to connect either to the public switched network or to other mobile cellular phones. Such definition shall also include structures which provide "personal communication services" (PCS) that are similar to cellular, but allow for both data and voice transmission.

**CHILD CARE FACILITIES:** Standards and requirements for facilities which provide care for children are established by State law and promulgated by regulations of the Kansas Department of Health and Environment. The following facilities are licensed or registered by the department and all requirements, as may be amended from time to time, must be met:

1. **Group Boarding Home:** A non-secure facility providing 24-hour residential care for not less than five nor more than 10 persons unrelated to the caregivers. Emergency shelter and maternity care may be provided.
2. **Child Care Center:** A facility in which care and educational activities for 13 or more children two weeks to 16 years of age are provided for more than three, but less than 24 hours per day, including before and after school care for school age children.
3. **Preschool:** A facility such as a "nursery school" providing learning experiences for children of less than kindergarten age, but who are 30 months or older, where sessions do not exceed three hours per day.
4. **Day Care Home:** A home or facility in which care is provided for a maximum of 10 children under 16 years of age.
5. **Group Day Care Home:** Similar to day care homes except that care is provided to a maximum of 12 children under 16 years of age.
6. **Family Day Care Home:** A home in which care is provided for less than 24 hours per day for a maximum of six children who are less than 16 years of age, but of whom not more than three children are less than 18 months.

*(See Section 6-100B11 for child care facilities for employees and Sections 6-102C and D for home occupations permitted and prohibited.)*

**CLUB:** An organization licensed as a Class A or B club for the purpose of consuming alcoholic beverages either for or not for profit under K.S.A. 41-2601, et seq., as amended. *(See FRATERNAL OR SERVICE CLUB and TAVERN AND DRINKING ESTABLISHMENT.)*

**CONDITIONAL USE:** A use of a structure or land which is not permitted outright within a zoning district because of possible adverse effects upon surrounding properties, but which with conditions placed upon it by application to the Board of Zoning Appeals as an exemption such a conditional use may become compatible to the area at particular locations within the district. *(See Section 10-108 for Conditional Uses.)*

**CONDOMINIUM:** A structure and related common areas and facilities designed to meet the provisions of the Apartment Ownership Act cited in K.S.A. 58-3101, *et seq.*, which governs the ownership, management, taxation, contents of the declaration and other matters related to the sale and operation of such structures and the independent units therein. Independent condominium units, as defined in the Act, may be used for residential, office, business, industrial and other uses as permitted by the respective zoning districts. The contents of the declaration as required by K.S.A. 58-3111 shall also include a provision for the City to carry out the obligation to maintain the common areas and facilities in order to avoid having them become a public nuisance. In the event that such responsibilities are assumed by the City, the costs for such maintenance shall be assessed against the condominium units and shall become a tax lien thereon. The Zoning Administrator must be satisfied that such a provision is included in the declaration before a zoning permit or occupancy certificate will be approved.

**DENSITY:** Restrictions on the number of dwelling units that may be constructed per acre or per square feet of a zoning lot area.

**DEVELOPER:** The legal or beneficial owner or owners of all of the land proposed to be included in a planned development or the duly authorized agent thereof. The holder of an option or contract or purchase, a lessee having a remaining term of not less than 40 years or other person having an enforceable proprietary interest in such land, shall be deemed to be a developer for the purpose of these regulations.

**DISTRICT:** A section or sections of the zoning jurisdiction for which the regulations governing the use of buildings and land, the height of buildings, the size of yards, and the intensity of use are uniform.

**DOG KENNEL:** Any place where four or more dogs are kept, maintained, boarded, bred for a fee or offered for sale. A "dog" is defined as any member of any canine species over six months of age. This definition includes dogs which are kept or maintained as pets.

**DRIVE-IN ESTABLISHMENT:** An enterprise which accommodates the patrons' parked automobiles and from which the occupants may make purchases, transact business or view motion pictures or other entertainment. Such definition does not include a drive-through facility such as located at banks or restaurants.

**DWELLING:** A building, or portion thereof, which is designed or used for residential occupancy including a condominium and a modular home, but not a group home as herein defined, an earth-sheltered dwelling, a residential-design manufactured home or a manufactured or mobile home, unless any of the latter are specifically permitted.

**DWELLING, ATTACHED:** A residential building which is joined to another dwelling at one or more sides by a party wall or walls, including walls of an attached garage. Separate ownership of attached dwelling units known as common lot line housing or "twin homes" shall be accompanied by a recorded lot split unless already platted into individual lots. All utilities and facilities must be independent of each other, unless provided by an association of town house or condominium owners under K.S.A. 58-3101 *et seq.* or 58-3701 *et seq.* respectively and platted as common ownership.

**DWELLING, DETACHED:** A residential building which is entirely surrounded by open space on the same lot.

**DWELLING, MULTIPLE-FAMILY:** A residential building containing three or more dwelling units.

**DWELLING, SINGLE-FAMILY:** A residential building containing one dwelling unit only or a group home as defined herein.

**DWELLING, TWO-FAMILY:** A residential building containing two dwelling units only, which also may be referred to as a duplex.

**DWELLING UNIT:** One or more rooms in a residential building or residential portion of a building which are arranged, designed, used or intended for use by one family, and which includes cooking space and lawful sanitary facilities reserved for the occupants thereof.

**EARTH-SHELTERED DWELLING:** A single-family dwelling constructed so that 50% or more of the exterior surface area of the building, excluding garages and other accessory structures, is covered with earth. Such a dwelling is a complete structure that does not serve just as a foundation or substructure for above-grade construction. A partially completed building shall not be considered earth-sheltered. Bulk regulations shall be measured from the structural part of the dwelling as distinguished from the earth covering.

**EASEMENT:** A public dedication or private grant by the property owner of the specific use of a strip of land by others. Limitations apply on what type of principal or accessory buildings or structures can be located on a public easement. *(See Section 9-101A for Zoning Permits.)*

**FAMILY:** Either (1) an individual or two or more persons related by blood, marriage or adoption, living together as a single housekeeping unit in a dwelling unit; or (2) a group of not more than four adult persons who need not be related by blood, marriage or adoption, living together as a single, housekeeping unit in a dwelling unit; plus in either case, domestic servants. A family may include any number of gratuitous guests or minor children not related by blood, marriage or adoption. No more than two boarders or roomers are permitted as part of a housekeeping unit. *(See BOARDING OR ROOMING HOUSE and Section 6-102B3 for home occupation limitations.)*

**FENCE:** A free-standing structure of customary materials such as metal, masonry, glass, plastic or wood or any combination thereof, resting on or partially buried in the ground including a berm and rising above ground level, and used for confinement, screening, or partition purposes, but which does not pose a threat to public safety or health and is designed and constructed in such a manner as to produce an aesthetically pleasing appearance. Fences constructed of fork-lift pallets, portions of vehicles or appliances, concrete bags or metal roofing material and the like are not permitted. In determining the location of a fence, consideration must be given to its effect upon proper drainage. *(See Section 3-103F2-5 for fences as Permitted Obstructions.)*

**FLOODPLAIN:** See definitions in the City Floodplain Management Regulations.

**FLOOR AREA:** For computing off-street parking requirements, floor area shall mean the gross floor area of the building measured from the exterior faces of the exterior walls or from the centerline of walls separating two buildings and shall include all floors, except that space which is used for storage or for group meeting rooms.

**FRATERNAL AND SERVICE CLUB:** An association formally organized for either fraternal, social, educational, philanthropic or other similar purposes, including union and professional organizations and operated not for profit for persons who are bona fide members paying annual dues, which owns, hires or leases premises, the use of which premises is restricted to such members and their guests. The affairs and management of such association are conducted by a board of directors, executive committee or similar body chosen by the members. Food, meals and beverages may be served on such premises, provided adequate dining space and kitchen facilities are available. Alcoholic beverages may be sold or served to members and their guests, provided such service is secondary and incidental to the promotion of some other common objective of the organization, and further provided that such sale or service of alcoholic beverages is in compliance with all federal, state, county and local laws. *(See CLUB.)*

**FRONTAGE:** The property on one side of a street between two intersecting streets (crossing or terminating) measured along the line of the street; or with a dead-end street, all property abutting one side of such street measured from the nearest intersecting street and the end of the dead-end street.

**GARAGE, PRIVATE:** A building for the private use of the owner or occupant of a principal building situated on the same lot as the principal building for the storage of motor vehicles with no facilities for mechanical service or repair of a commercial or public nature.

**GARAGE, REPAIR:** A building designed and used for the storage, care, repair or refinishing of motor vehicles including both minor and major mechanical overhauling, paint and body work.

**GARDEN STORE:** A store which sells growing plants, seeds, bulbs, shrubs and gardening and landscaping tools, implements and supplies, including lawn furniture.

**GROUP HOME:** A dwelling occupied by not more than 10 persons, including eight or fewer persons with a disability which is a physical or mental impairment as defined by K.S.A. 12-736. The two staff residents need not be related by blood or marriage to each other or to the other residents of the home. Such a dwelling must be licensed by the Kansas Department of Social and Rehabilitation Services or the Kansas Department of Health and Environment. (*See DWELLING, SINGLE-FAMILY.*)

**HAZARDOUS WASTE FACILITY:** An on-site or off-site facility or part of a facility or modification of an existing facility which includes all contiguous land, structures and other appurtenances and improvements on the land utilized for the purpose of treating, storing or disposing of hazardous waste. Such term shall also mean a hazardous waste injection well. In addition to this definition of facility, all related definitions pertaining to hazardous wastes as contained in K.S.A. 65-3430 and as may be amended from time to time are hereby incorporated by reference into the definitions of these regulations.

**HEIGHT, MAXIMUM:** A horizontal plane above and parallel to the average finished grade of the entire zoning lot at the height shown in the district regulations. No part of any structure shall project through such plane except:

1. Chimneys, flues, stacks, fire escapes, gas holders, elevator enclosures, ventilators, skylights, solar panels, water tanks and similar roof structures needed to operate and maintain the building on which they are located and signs where permitted by Article 7;
2. Flagpoles, water towers and tanks, steeples, bell towers, carillons, monuments, cupolas, electric transmission line towers and private wind energy conversion systems. (*See Section 6-100B14 for private wind energy conversion systems.*); and
3. Communication structures which do not exceed 60 feet in height in agricultural and industrial districts only. Also, an exception to the maximum height in all districts are antennas for licensed amateur radio and citizens band operators, as well as wireless cable TV antennas on masts. Communication structures include (1) antennas, and (2) broadcasting and microwave transmitting and relay towers for television, radio and cellular telephone systems and other similar forms of electronic communication. In all districts, applicants may apply for a special use to construct a communication structure as a principal use which may exceed the height limitations for such structures. The Planning Commission may adopt criteria in the form of a policy statement to assist in the review of such special use applications. (*See Section 6-100B6 for satellite dish antennas, Section 6-100B7 for communication structures, antennas and aerials and Section 3-103G for lot size and bulk regulations exemption.*)

**HOME OCCUPATION:** As defined in Article 6.

**HOTEL:** A building or portion thereof, or a group of buildings, which provides sleeping accommodations for transients with or without meals, whether such establishments are designated as a hotel, inn, automobile court, motel, motor inn, motor lodge, tourist cabin, tourist court or otherwise, but not a bed and breakfast home or inn.

**LANDSCAPING:** The improvement of a lot, parcel or tract of land with grass and shrubs and/or trees. Landscaping may include pedestrian walks, flower beds, ornamental objects such as fountains, statuary and other similar natural and artificial objects designed and arranged to produce an aesthetically pleasing effect.

**LOT:** See LOT, ZONING.

**LOT AREA:** The area of a horizontal plane bounded by the front, side and rear lot lines.

**LOT, CORNER:** A lot abutting upon two or more streets at their intersection. (*See LOT LINE, REAR AND YARD, FRONT.*)

**LOT COVERAGE:** That percentage of a lot which, when viewed directly from above, would be covered by a structure or structures or any part thereof, excluding projecting roof eaves and recreational activity areas for basketball, racquetball, swimming, tennis and similar activities. (*See BUILDING.*)

**LOT DEPTH:** The distance between the midpoint of the front lot line and the midpoint of the rear lot line.

**LOT, INTERIOR:** A lot other than a corner lot.

**LOT LINE:** The boundary line of a zoning lot. (*See LOT, ZONING.*)

**LOT LINE, FRONT:** A street right of way line forming the boundary of a lot.

**LOT LINE, REAR:** The lot line that is most distant from and is or is most nearly, parallel to the front lot line. If a rear lot line is less than 10 feet long or if the lot comes to a point at the rear, the rear lot line shall be a line at least 10 feet long, lying wholly within the lot, parallel to the front line. If a zoning lot has two or more front lot lines, the owner or developer shall designate the yard which is to be the rear yard and/or side yard.

**LOT LINE, SIDE:** A lot line which is neither a front lot line nor a rear lot line.

**LOT OF RECORD:** A lot which is part of a subdivision, the plat of which has been recorded in the office of the County Recorder of Deeds or a parcel of land described by metes and bounds of which the deed was recorded prior to adoption of these regulations.

**LOT, REVERSE FRONTAGE:** A lot whose rear lot line also serves as the street line for a limited access highway or street. With complete access control on the rear lot line, the abutting yard is considered to be a rear yard. (*See LOT, THROUGH and YARD, REAR.*)

**LOT SIZE REQUIREMENTS:** Restrictions on the dimensions of lots including (1) minimum lot area, width and depth; and (2) maximum density. Lot area, width and depth establish the minimum size of the zoning lot on which a structure or use or two or more structures or uses, may be constructed or established. (*See Section 3-103G for utility and communication facilities exemption.*)

**LOT, THROUGH:** A lot which has a pair of opposite lot lines along two substantially parallel streets and which is not a corner lot. On a through lot, both street lines shall be deemed front lot lines, but in the case of two or more contiguous through lots, there shall be a common front lot line, sometimes referred to as a double frontage lot. (*See Lot, REVERSE FRONTAGE.*)

**LOT WIDTH:** The distance on a horizontal plane between the side lot lines measured at right angles to the lot depth at the established front yard setback line.

**LOT, ZONING:** A parcel of land that is designated by its owner or developer at the time of applying for a zoning permit as a tract all of which is to be used, developed or built upon as a unit under single ownership. As long as it satisfies the above requirements, such lot may consist of: (1) a single lot of record, or (2) a portion of a lot of record, or (3) a combination of complete lots of record, complete lots and portions of lots of record, or portions of lots of record.

**MANUFACTURED HOME:** A factory-built structure or structures equipped with the necessary service connections and made so as to be transportable as a unit or units on its own running gear and designed to be used as a dwelling unit with or without a permanent-type, enclosed perimeter foundation. The transportation system is designed so that the home may be moved from time to time at the convenience of the owner. The term shall also include two or more separately towed units which are designed to be bolted or otherwise fastened together to form a complete living unit. Such homes are built on a chassis consisting of drawbar and coupling mechanism, frame (e.g., steel I-beams), running gear assembly and lights. Removal of any or all of these component parts does not change the definition. All such homes shall be either skirted according to the manufacturer's design and construction standards or placed on a permanent-type, enclosed perimeter foundation and, according to standards of the State of Kansas under K.S.A. 75-1226, *et seq.*, as amended, shall be anchored to the ground or secured to a permanent-type foundation. All manufactured homes must meet the standards of the National Manufactured Home Construction and Safety Standards of 1976, otherwise referred to as the "HUD Code". Additions may be made to such homes for patios, porches, carports, garages, storage structures and living space provided such additions are designed and constructed by a manufactured home factory or meet applicable City building codes. Overhead structures which cover or enclose a home are not permitted; however, a protective roof covering which is used to remedy a deteriorating roof condition is permitted. Under no circumstances shall two or more single-wide homes be permitted to connect together in any manner on the same zoning lot, nor shall such homes be attached to or integrated with the design of a site-built dwelling unit. (*See MOBILE HOME and RESIDENTIAL-DESIGN MANUFACTURED HOME.*)

**MANUFACTURED HOME PARK:** Any area, piece, parcel, tract, or plot of ground equipped as required for support of manufactured homes and used or intended to be used by one or more mobile homes, RV campers and single-family portable manufactured homes. Some types of the latter may be identified as portable "cabins" or "tiny houses" and be leased for rent by the park owner. The parks shall be under one ownership and control, but offered for sale individually. The definition of a park does not include a sales area on which unoccupied homes, whether new or used, are parked for the purposes of storage, inspection or sale. A manufactured home or related structures may, however, remain on a space for purposes of sale by the resident owner.

**MEDICAL, DENTAL OR HEALTH CLINIC:** Any building designed for use by three or more full-time professional persons engaged in the diagnosis, care and treatment of physical or mental diseases or ailments of human beings; including, but not limited to doctors of medicine, dentists, chiropractors, osteopaths, optometrists, podiatrists and naturopaths, and in which no patients are lodged overnight, but which may include a pharmacy.

**MINI-STORAGE FACILITY:** A building or group of buildings that contain varying sizes of individual, compartmentalized and controlled-access stalls and/or lockers for the dead storage indoors of customer's goods or wares. Outdoor storage may be permitted, but only when specifically permitted by these regulations. The operation shall not include a transfer and storage business where the use of vehicles is part of such a business.

**MOBILE HOME:** A factory-built structure or structures equipped with the necessary service connections and made so as to be transportable as a unit or units on its own running gear and designed to be used as a dwelling unit with or without a permanent-type, enclosed perimeter foundation. The transportation system is designed so that the home may be moved from time to time at the convenience of the owner. The term shall also include two or more separately towed units which are designed to be bolted or otherwise fastened together to form a complete living unit. Such homes are built on a chassis consisting of drawbar and coupling mechanism, frame (e.g., steel I-beams), running gear assembly and lights. Removal of any or all of these component parts does not change the definition. All such homes shall be either skirted according to the manufacturer's design and construction standards or placed on a permanent-type, enclosed perimeter foundation and, according to standards of the State of Kansas under K.S.A. 75-1226, *et seq.*, as amended, shall be anchored to the ground or secured to a permanent-type foundation. Additions may be made to such homes for patios, porches, carports, garages, storage structures and living space provided such additions are designed and constructed by a manufactured home factory or meet applicable City building codes. Overhead structures which cover or enclose a home are not permitted; however, a protective roof covering which is used to remedy a deteriorating roof condition is permitted. Under no circumstances shall two or more single-wide homes be permitted to connect together in any manner on the same zoning lot, nor shall such homes be attached to or integrated with the design of a site-built dwelling unit. (See *MANUFACTURED HOME* and *RESIDENTIAL-DESIGN MANUFACTURED HOME*.)

**MODULAR HOME:** A single-family dwelling structure located on a permanent foundation and connected to public utilities, consisting of pre-selected, prefabricated units or modules, and transported to and/or assembled on the site of its foundation; in contrast to a residential building which is custom built on the site of its permanent location; and also in contrast to a manufactured or mobile home of any width which is located on a permanent foundation. In general, such modular homes shall have exterior building materials and somewhat similar appearance to custom-built residential buildings and meet the standards of any applicable City building codes.

**NONCONFORMING LOT OF RECORD:** A zoning lot which does not comply with the lot size requirements for any permitted use in the district in which it is located. *(See Sections 8-100A and 101 for Nonconforming Lots of Record.)*

**NONCONFORMING STRUCTURE OR USE:** A lawfully existing structure or use at the time these regulations or any amendments thereto became effective which does not conform to the requirements of the zone in which it is located. *(See Sections 8-100B and C, 102 and 103 for Nonconforming Structures and Uses.)*

**NURSING OR CONVALESCENT HOME:** An institution for the care of children or the aged or infirm, or a place of rest for those suffering bodily disorders, but not including institutions for the care and treatment of mental illness, alcoholism or narcotics addiction. Regulations of the Kansas Department of Health and Environment designate such homes as "Adult Care Homes."

**OCCUPANCY CERTIFICATE:** A certificate by which the Zoning Administrator certifies that upon completion of an applicant's proposed structure and/or use that it complies with these regulations and, therefore, may be occupied and/or used. When applicable, such a certificate may be combined with the issuance of a certificate of occupancy as required by a building code. *(See Section 8-103H for Change in Use and Section 9-101B for Occupancy Certificates.)*

**PERMITTED USE:** A use of a structure or land which is permitted outright within a zoning district because of its suitability to the purpose of the other uses so designated. When a use may appear to be classified under more than one permitted use as well as a special or conditional use in any district, the most specific description or narrowly defined wording is applicable. The Zoning Administrator is authorized to issue zoning permits and occupancy certificates for such permitted uses when all other requirements of the regulations have been met.

**PORTABLE STORAGE UNIT:** A container specifically designed for storage or a converted former metal shipping container which is used for general storage purposes and painted a neutral color. Such a unit requires location on the ground, but is not permanently attached to the ground or to anything on the ground. Access is granted by doors on one or both ends. No other signage is permitted on the unit other than business identification signage of modest size. *(See Section 2-102 for definition of STRUCTURE.)*

**PREMISES:** A contiguous lot or tract of land together with all buildings and structures thereon.

**PRINCIPAL STRUCTURE:** A structure in which a principal use of the lot on which the structure is located is conducted.

**PRINCIPAL USE:** The main use of land or structures as distinguished from a subordinate or accessory use or structure.

**RECREATIONAL VEHICLE, (RV):** A vehicle or a unit that may be independently motorized or may be mounted on or drawn by another vehicle, which is primarily designed and used for travel, camping, recreation, temporary living or occasional use. Recreational vehicles include motor homes, mini-motor homes, converted buses, converted camper vans, pickup and truck campers, camping trailers, fifth-wheel trailers, boats and boat trailers, jet skis and jet ski trailers and similar vehicles. Conventional vans and pickup trucks with or without slide-in pickup campers or toppers are not considered to be recreational vehicles nor are small trailers used for hauling animals, equipment or household goods of the occupant of the dwelling whereon such trailer is parked. *(See Section 6-100B4 for storage of recreational vehicles.)*

**RECYCLING CENTER:** A location where clean, source-separated, recyclable materials are accepted or deposited by the public for transfer elsewhere. As distinguished from the operation of salvage yards or hazardous waste facilities, such recyclable materials consist only of aluminum and steel cans, glass, paper, plastic, reusable containers and materials capable of being composted. A center must be maintained in a litter-free condition on a daily basis. The name and phone number of a responsible party must be clearly posted in case a problem occurs. Such a center may be further classified as follows: *(See Sections 6-100B12 and 101G for recycling centers.)*

1. Small recycling collection center: A center for collection containers or reverse vending machines not exceeding 100 square feet in ground area which may be approved by the Zoning Administrator as an accessory use in all business and industrial districts and on church and public property. Such a center may be located in the required front yard in business and industrial districts and on public property if proper vehicular safety and parking standards can be maintained.
2. Large recycling collection center: A center for collection containers larger than 100 square feet in ground area, on-site trailers, bulk-feed reverse vending machines, vehicles on-site during operating hours only and the like. As an accessory use, such a center may be approved by the Board of Zoning Appeals as a conditional use in all business and industrial districts and on church and public property.
3. Recycling processing center: A principal use in industrial districts only for handling the collection and processing of large volumes of bulky materials, some of which may originate at other recycling centers. Mechanical equipment may be used such as forklifts, balers, smashers and other related equipment. Outdoor storage may be permitted including composting operations.

**REHABILITATION HOME:** A residential building which is used by an organized group to supervise the rehabilitation of the individual occupants. Sometimes such homes are known as "halfway houses" for the rehabilitation of wayward juveniles, drug or alcoholic addicts or former offenders. For new buildings or modifications of existing buildings, the overall appearance is to remain as a residential type building when located in a residential district.

**RESIDENTIAL BUILDING:** A building all or part of which contains one or more dwelling units, including single-family dwellings with or without accessory dwellings as defined herein, two-family dwellings, multiple-family dwellings, lodging houses, dormitories, sororities and fraternities, as well as modular homes. Such definition does not include manufactured or mobile homes of any type.

**RESIDENTIAL CENTER:** A non-secure facility which provides 24-hour residential care for more than 10 residents unrelated to the caregivers including emergency shelter and maternity homes. Such a facility must be licensed by the Kansas Department of Health and Environment.

**RESIDENTIAL-DESIGN MANUFACTURED HOME:** A structure manufactured to the standards embodied in the federal Manufactured Home Construction and Safety Standards generally known as the HUD Code established in 1976 pursuant to 42 U.S.C. Sec. 5403. Such units shall provide all of the accommodations necessary to be a dwelling unit and shall be connected to all utilities in conformance with applicable City regulations. Such a structure shall be on a permanent-type, enclosed perimeter foundation which has minimum dimensions of 22 body feet in width, a pitched roof, siding and roofing materials which are customarily used on site-built homes, and which complies with the following architectural or aesthetic standards so as to ensure their compatibility with site-built housing:

1. The roof must be predominantly double-pitched and have a minimum vertical rise of 3.0 inches for every 12 inches of horizontal run, and must be covered with material that is customarily used on site-built dwellings, including but not limited to approved wood, asphalt composition shingles or fiberglass, but excluding corrugated aluminum, corrugated fiberglass or metal roof. The roof shall have a minimum eave projection and roof overhang on at least two sides of 10 inches which may include a gutter.
2. Exterior siding shall be of a non-reflective material customarily used on site-built dwellings such as wood, composition, simulated wood, clapboards, conventional vinyl or metal siding, brick, stucco, or similar materials, but excluding smooth, ribbed or corrugated metal or plastic panels. Siding material shall extend below the top of the exterior of the foundation or curtain wall or the joint between siding and enclosure wall shall be flashed in accordance with any applicable City building codes.
3. The home shall be installed in accordance with the recommended installation procedures of the manufacturer and the standards set by any applicable City building codes. A continuous, permanent concrete or masonry foundation or masonry curtain wall, unpierced except for required ventilation and access which may include walk-out basements and garages, shall be installed under the perimeter of the home, also in accordance with the above guidelines.
4. At the main entrance door there shall be a landing that is a minimum of 25 square feet which is constructed to meet the requirements of any applicable City building code standards.
5. The moving hitch, axles, wheels and transporting lights must be removed at the time of installation of the home on the lot.
6. The finished floor of the home shall be a maximum of 18 inches above the exterior finish grade of the lot on which it is located, as measured at the main entrance into the dwelling.
7. Any attached addition to such a home shall comply with all construction requirements of any applicable City building codes, unless designed and constructed by a manufactured home factory.
8. If 50% or more of the existing site-built housing on both sides of the street on which the residential-design manufactured home is to be installed have a garage and/or a similar percentage have a covered porch or recessed entry, such a home shall also provide a garage and/or porch or entry based on the percentages determined by the Zoning Administrator. On a corner lot, the street shall mean that street on which the facade has been designated for the household address number. External roofing and siding material of the garage and porch or entry shall be similar in appearance to the materials on the roofing and siding of the residential-design manufactured home.

For purposes of these regulations, the term "manufactured home", when used by itself, shall not include a "residential-design manufactured home" as herein defined. Nothing in these regulations shall be construed to preempt or supersede valid restrictive covenants running with the land as to the placement or location of a residential-design manufactured home. (*See MANUFACTURED or MOBILE HOME.*)

**RESTAURANT:** A public eating house, including but not limited to the types of business establishments customarily referred to as cafeterias, coffee shops, dairy bars, fast food restaurants and soda fountains, but not a drive-in establishment unless specifically permitted by the district regulations. Drive-through facilities such as service from a window, however, are permitted. (See *DRIVE-IN ESTABLISHMENT*.)

**RETAIL:** Selling on the premises in small quantities to the ultimate consumer for direct consumption and/or use and not for resale. Sales at auctions and sales lots for motorized vehicles and recreational vehicles and the like are not considered as retail sales.

**RIGHT OF WAY:** The area between boundary lines of a street, alley or other easement of access.

**SALVAGE YARD:**

1. Any land or building used for the collection or storage or sale of wastepaper, trash, rags, fibrous material, scrap metal or other discarded material; or for the collecting or dismantling or storing or salvaging of machinery or unlicensed motor vehicles not in operating condition, or for the sale of parts thereof, or materials from the demolition of buildings or structures.
2. In residential districts, this definition shall prevent the storing of any more than two inoperable or unlicensed motor vehicles for a period of more than 72 hours which are in the process of restoration to operating conditions, unless such vehicles are stored inside a structure or screened from public view including that of adjacent property owners.
3. (See any City ordinance(s) pertaining to inoperable and unlicensed motor vehicles in the city limits.)

**SCREENING:** Fencing or evergreen vegetation maintained for the purpose of concealing from view the area behind such fences or evergreen vegetation. When fencing is used for screening, it shall be not less than six nor more than eight feet high, unless otherwise provided.

**SERVICE STATION:** (See *AUTOMOBILE SERVICE STATION*.)

**SETBACK, BUILDING:** A line nearest the front of and across a lot or parcel of land establishing the minimum open space to be provided between the face of a building or structure which is closest to the street, and the line of the front street right of way. The setback distance shall be measured from the existing right of way line or the proposed right of way line, whichever is the greater. (Note: Proposed right of way lines are based on the Comprehensive Plan and are further specified in the City Subdivision Regulations for arterial, collector, local and marginal access streets.) (See *YARD, FRONT*.)

**SEXUALLY ORIENTED BUSINESS:** An adult arcade, adult bookstore, adult novelty store, adult video store, adult cabaret, adult motel, adult motion picture theater, adult theater, escort agency, nude model studio or sexual encounter center as defined by K.S.A. 12-770, as amended.

**SIGN:** Any writing (including letters, words or numerals), pictorial representation (including illustrations or decorations), emblem (including devices, symbols or trademarks), flag, banner, streamer, pennant, string of lights or display calculated to attract the attention of the public or any other figure of similar character which:

1. Is a structure or any part thereof or a portable display, or is attached to, painted on, or in any other manner represented on a building or other structure or on the ground; and
2. Is used to announce, direct attention to, or advertise; and

3. Is not located inside a building.

**SPECIAL USE:** A use of a structure or land which is not permitted outright within a zoning district because of characteristics that might have an adverse effect upon nearby properties or the future development of the district unless certain conditions can be placed on the use which would make it suitable to the purpose of the district and compatible to the other uses so designated. Such uses are "special" in that they are often large, one-of-a-kind, private or public uses serving as community facilities and/or whose location would have planning implications for a neighborhood or the entire City. Designated special uses are processed in the same manner as zoning amendments for the hearing; except that a particular use is applied for within a district and conditions may be recommended by the Planning Commission and attached to their approval by the Governing Body. *(See Section 11-101 for Special Uses.)*

**STORAGE, OUTDOOR:** The storage of goods and materials outside of any building or structure when specifically permitted by these regulations, but not including storage of a temporary or emergency nature or of new or used goods and materials on display for sale except when such display is permitted. Such storage does not permit the storing or parking of motor vehicles including recreational vehicles or utility trailers for sale at any location in any residential district. *(See Section 5-100A1 for utilization of parking facilities exemption and Section 6-100B13 for outdoor storage.)*

**STREET:** The entire right of way width between the boundary lines of every way which provides for public use for the purpose of vehicular and pedestrian traffic, and the placement of utilities and including the term "road", "highway", "land", "place", "avenue", "alley" or other similar designation.

**STRUCTURAL ALTERATION:** Any change in a structure other than normal repairs and maintenance which may prolong its useful life; or the useful life of its supporting members such as bearing walls or partitions, columns, beams, girders or foundations; or any complete rebuilding of the roof; or the exterior walls; or the construction of any addition to or enlargement of a structure; or the removal of any portion of a structure. For the purpose of these regulations, the following shall not be considered a structural alteration:

1. Attachment of a new front where structural supports are not changed.
2. Addition of fire escapes where structural supports are not changed.
3. New windows where lintels and support walls are not materially changed.
4. Repair or replacement of non-structural members.

*(See Section 3-100C for Structural Alterations and Section 3-103F for Permitted Obstructions in Required Yards regarding fire escapes.)*

**STRUCTURE:** Anything constructed or erected which requires location on the ground or attachment to something having a location on the ground, but not including hard surfaced walks, mailboxes, utility poles, fire hydrants, street light fixtures or street signs. Buildings, fences, driveways, parking spaces and signs other than street signs are considered to be structures. *(See BUILDING and Section 3-100E1 for Exemptions.)*

**TAVERN AND DRINKING ESTABLISHMENT:** An establishment which may be open to the general public wherein alcoholic liquor or cereal malt beverages are sold by the individual drink to customers for consumption on the premises. Such establishments shall include a Class B club. *(See CLUB.)*

**TINY HOUSE:** A house with between 200 and 400 square feet of gross floor area, with a foundation, which meets building code requirements and qualifies for a certificate of occupancy, and may be permitted as an accessory dwelling unit.

1. For the purposes of these regulations, a **Tiny House On Wheels (THOW)** is considered to be a type of house trailer or recreational vehicle, and is regulated as such.

**USE:** Any purpose for which a structure or a tract of land may be designed, arranged, intended, maintained or occupied; also, any activity, occupation, business or operation carried on, or intended to be carried on, in a structure or on a tract of land.

**USE REGULATIONS:** The provisions of these regulations which identify permitted, special and conditional uses, impose use limitations and regulate accessory and temporary uses and home occupations.

**VARIANCE:** See Section 10-107 for description.

**VISION TRIANGLE:** A triangular area at the intersection of streets maintained in such a manner as to provide a safe and open line of vision for drivers of vehicles approaching the intersection. Within the vision triangle, no one shall install, construct, plant, park or maintain any sign, fence, hedge, shrubbery, tree, natural growth or other obstruction including automobiles, trucks, and other large vehicles or trailers which would materially impede vision between the heights of 33 inches and eight feet above the street level. These restrictions shall not apply to signs as provided for in Section 7-102J2 as well as official traffic signs, signals and utility poles.

Such area on a corner lot shall have two sides which are measured from the center of the lot line intersection and a third side across the lot joining the ends of the other two sides. Where the lot lines at intersections have rounded corners, the lot lines will be extended in a straight line to a point of intersection. In all residentially zoned districts, the two sides forming the lot line intersection shall be a minimum length of 30 feet and in all other zoning districts such length shall be 20 feet, except that there shall be no vision triangle requirements in the B-1 Central Business District. *(See City Subdivision Regulations for more information on VISION TRIANGLES for platting.)*

**YARD:** Open space on a lot which is unoccupied and unobstructed from its lowest level to the sky, except for the permitted obstructions listed in Section 3-103F.

**YARD, FRONT:** A yard extending along a full length of a front lot line and back to a line drawn parallel to the front lot line at a distance therefrom equal to the depth of the required front yard. On a corner lot, each yard that abuts a front lot line shall be considered a front yard. *(See LOT LINE, FRONT and SETBACK, BUILDING.)*

**YARD, REAR:** A yard extending along the full length of the rear lot line and back to a line drawn parallel to the rear lot line at a distance therefrom equal to the depth of the required rear yard. *(See LOT LINE, REAR and LOT, REVERSE FRONTAGE.)*

**YARD, SIDE:** A yard extending along a side lot line and back to a line drawn parallel to the side lot line at a distance therefrom equal to the width of a required minimum side yard, but excluding any area encompassed within a front yard or rear yard. Dimensions of minimum side yards specified in the district regulations of these regulations refer to the required width of each side yard rather than to the total width of both side yards, unless otherwise specified. *(See LOT LINE, SIDE.)*

**ZONING ADMINISTRATOR:** The person appointed by the Mayor with the consent of the City Council to administer and enforce the requirements of these regulations. (See Section 9-100 for Office of the Zoning Administrator.)

**ZONING PERMIT:** A certificate by which the Zoning Administrator certifies to an applicant that their proposed structure and/or use are in conformance with these regulations. When applicable, such a certificate may be combined with the issuance of a building permit as required by a building code. *(See Section 9-101A for Zoning Permits.)*

## ARTICLE 3. GENERAL PROVISIONS

### Section 100 Activities Governed by these Regulations

- A. **New Structures.** All structures built hereafter shall comply with all of the provisions of these regulations. Any structure hereafter moved from one site to another site shall be considered to be a structure built hereafter. Any structure rebuilt or restored after damage, by any means, shall be considered to be a structure built hereafter, unless Article 8 of these regulations permits such structures to be rebuilt or restored. *(See Section 2-102 for definition of STRUCTURE.)*
- B. **New Uses of Old Structures.** If a use of any structure is hereafter changed to another, then the new use must comply with the use regulations of these regulations, unless permitted by provisions in Article 8. The mere establishment of the new use does not require an existing structure to conform to the lot size requirements or the bulk regulations.
- C. **Structural Alterations.** If any structure is hereafter structurally altered as defined in Section 2-102:
1. The entire structure as altered shall comply with the use regulations of these regulations.
  2. Any alterations, enlargements or additions to the structure shall comply with the bulk regulations of these regulations, except as permitted by Section 8-102B for nonconforming structures.
  3. The off-street parking facilities shall not be reduced below or if already less than, shall not be further reduced below the requirements applicable to a similar new structure or use.
- D. **Uses of Open Land.** If any use of open land is hereafter established or if any use of open land is hereafter changed to another use, such new use shall comply with all the provisions of these regulations, unless permitted by Sections 8-103 and 106.
- E. **Exemptions.** The following structures and uses shall be exempt from the provisions of these regulations:
1. Poles, wires, cables, conduits, vaults, lift stations, laterals, pipes, mains, valves or other similar equipment for the distribution to consumers of telephones or other communications, electricity, gas or water, or the collection of sewage or surface water, but not including major utility substations located on or above the surface of the ground. *(See Section 3-103G for lot size and bulk regulations for utility facilities.)*
  2. Railroad tracks, signals, bridges and similar facilities and equipment located on railroad rights of way, and maintenance and repair work on such facilities and equipment.
  3. Buildings, structures or land used, but not just leased, by the federal government.
  4. Use of land for agricultural purposes as defined in Section 2-102, including accessory buildings and structures thereon not in a designated floodplain. When any land or accessory buildings or structures cease to be used only for agriculture, then it shall be subject to the applicable provisions of these regulations.

**Section 101 Districts, Zoning Maps and Boundaries**

**A. Establishment of Districts.** The zoning jurisdiction is hereby divided into the districts as described in Article 4. References to "agricultural districts" shall mean those districts in which agricultural uses are the predominant activity. References to "residential districts" shall mean those districts in which residential uses are the main permitted use. References to "commercial districts" shall mean those districts in which commercial uses are the main permitted uses. References to "industrial districts" shall mean those districts in which industrial uses are the main permitted use. The City Floodplain Management Regulations are considered as an overlay zone to be used in conjunction with the other districts.

**B. Zoning Maps.**

1. The boundaries of the districts described in Article 4 are as indicated on the Official Zoning Map(s) which is on file with the Zoning Administrator and identified on its face as part of these regulations. The zoning map(s) with all notations, references and other matters shown thereon is as much a part of these regulations as if specifically set forth herein. *(See Section 9-100A9 for zoning map(s) certificate and revisions.)*
2. It is the intent of these regulations that the entire area of the zoning jurisdiction, including all the land and water areas, rivers, streets, alleys and railroads and other rights of way, be included in the districts established in these regulations. Any area not shown on the zoning map(s) as being included in any district shall be deemed to be in the most restrictive district.

**C. Boundaries.** In the event that uncertainties exist with respect to the intended boundaries of the various districts as shown on the Official Zoning Map(s), the following rules shall apply:

1. Where boundary lines are indicated as approximately following roads, streets, alleys, easements, railroads, rivers, streams or lakes, such boundaries shall be construed as following the centerlines thereof, unless otherwise indicated.
2. Where boundary lines are indicated as approximately following lot lines; or section, half-section or quarter-section lines; such lines shall be construed to be said boundaries.
3. Where a district boundary line divides a lot or unsubdivided property in single ownership, the regulations for either portion of the lot may, at the owner's discretion, extend to the entire lot, but not more than 25 feet beyond the boundary line of the district.

**D. Zoning of Rights of way.** All streets, alleys, public ways, waterways and railroad rights of way, if not otherwise specifically designated, shall be deemed to be in the same zone as the property immediately abutting them. Where the centerline of a street, alley, public way, waterway or railroad right of way serves as a district boundary, the zoning of such areas, unless otherwise specifically designated, shall be deemed to be the same as that of the abutting property up to such centerline.

**Section 102 General Requirements for All Zoning Districts**

- A. **Permitted Uses.** No structure shall hereafter be built, moved or structurally altered and no structure or land shall hereafter be used, occupied or designed for use or occupancy except for a use that is permitted within the zoning district in which the structure or land is located or provided for otherwise in these regulations. *(See Section 2-102 for definition of PERMITTED USE.)*
- B. **Special Uses.** No use of a structure or land that is designated as a special use in any zoning district shall hereafter be established, and no existing special use shall hereafter be changed to another special use in such district, unless a special use is approved in the same manner as for an amendment to a zoning district, except that the Official Zoning Map is not amended. The latter procedure is set forth in Section 11-101 with the additional requirement that all conditions further imposed upon the special use be made a part of the effectuating ordinance and that a plot plan be submitted with the application. *(See Section 2-102 for definition of SPECIAL USE.)*
- C. **Conditional Uses.** No use of a structure or land that is designated as a conditional use in any zoning district shall hereafter be established, and no existing conditional use shall hereafter be changed to another conditional use in such district, unless a conditional use as an exception is approved by the Board of Zoning Appeals as provided for in Section 10-108 of the regulations and statutorily permitted by K.S.A. 12-759e. *(See Section 2-102 for definition of CONDITIONAL USE.)*
- D. **Lot Sizes.**
1. No structure, or part thereof, shall hereafter be built, moved or structurally altered and no structure or land shall hereafter be used, occupied, arranged or designed for use of occupancy on a zoning lot, unless otherwise provided for in these regulations, which in its district is:
    - a. Smaller area than the minimum area or minimum lot area per dwelling unit required;
    - b. Narrower than the minimum lot width required; or
    - c. Shallower than the minimum lot depth required.
  2. Where independent dwelling units are to be sold as condominiums, minimum lot size requirements shall not apply to each individual ownership, but shall be applied collectively to the common open space surrounding the structure(s) such that the total open space is an aggregate of the minimum lot area required for each dwelling unit; however, the minimum lot width and depth for the district shall be applied to the entire zoning lot.

- E. **Bulk Regulations.** In these regulations, bulk requirements are expressed in terms of maximum structure height, maximum lot coverage, minimum setbacks and minimum front, side and rear yards.
1. No structure, or part thereof, shall hereafter be built, moved or structurally altered and no structure or land shall hereafter be used, occupied or designed for use or occupancy:
    - a. That would exceed the maximum lot coverage percentage or the maximum structure height specified for the zoning district in which the structure is located, unless exempted by the definition of HEIGHT, MAXIMUM, or
    - b. That would provide any minimum setback of a front, side or rear yard that is less than that specified for the zoning district in which such structure or use of land is located or maintained, except as front yard setbacks may be applied in Sections 3-103B and 103C and front and side yard setbacks for nonconforming structures and uses in Article 8.
  2. Where independent dwelling units are to be sold as condominiums, bulk regulations shall not apply to each individual ownership, but shall be applied to the entire zoning lot.
- F. **Use Limitations.** No permitted, special or conditional use hereafter established, altered, extended, enlarged or moved shall be operated or designed so as to conflict with the use limitations for the zoning district in which such use is, or will be located. No permitted, conditional or special use or exception already established on the effective date of these regulations shall be altered, extended or enlarged so as to conflict, or further conflict with, the use limitations for the zoning district in which such use is located. *(See Sections 8-102, 103 and 106.)*
- G. **Off-Street Parking and Loading.** No structure shall hereafter be built or moved and no structure or land shall hereafter be used, occupied or designed for use or occupancy, unless the minimum off-street parking and off-street loading space required by Article 5 are provided. No structure or use already established on the effective date of these regulations shall be enlarged, unless the minimum off-street parking and loading space which would be required by Article 5 are provided.
- H. **Accessory Structures or Uses.** No accessory structures or use, as defined in Article 6, shall hereafter be built, altered, extended, enlarged or moved, unless such accessory structure or use is permitted by Article 6.
- I. **Temporary Structures or Uses.** No temporary structure or use shall hereafter be built, altered, extended, enlarged or moved, unless such temporary structure or use is permitted by Article 6 of these regulations.
- J. **Home Occupations.** No home occupation, as defined by Article 6, shall hereafter be established, altered, extended, enlarged or moved in any residential district, unless such home occupation complies with the permitted uses, conditions and use limitations as provided for in Article 6.
- K. **Signs.** No signs shall hereafter be built, and no existing signs shall be altered, enlarged or moved, unless such sign complies, or will thereafter comply, with the restrictions imposed by Article 7.

**Section 103 Supplemental Requirements****A. Number of Structures and Uses on a Zoning Lot.**

1. Whenever a zoning lot is used for a single-family detached or attached dwelling, two-family dwelling or any type of manufactured or mobile home, only one principal structure and use may be located on the lot, but only when the structure and use conform to all requirements of the district in which the lot is located.
2. Whenever a zoning lot is used for other than a residential unit as described in Section 3-103A1 above, more than one principal structure and use may be located on the lot in common ownership, but only when the structures and uses conform to all requirements of the district in which the lot is located.
3. Whenever any structures are developed as condominiums, more than one principal structure may be located on the lot; provided, the definition of a condominium in Section 2-102 is met as well as the requirements of Sections 3-102D2 and E2.

**B. Platted Building Setback Lines.** If a recorded subdivision plat imposes a building or setback line for a lot which is different from the minimum setback or yard required by the applicable section of these regulations, then, notwithstanding any other provision of these regulations, the minimum setback or minimum yard shall be the same as that shown on such subdivision plat; provided, that it has been recorded and not otherwise been officially vacated.**C. Average Setback in Existing Residential Districts.**

1. On streets where a front yard more than that required by these regulations has been maintained for existing structures on lots having a frontage of 50% or more of the total frontage on one side of that portion of the street line between two intersecting streets, there shall be maintained a front yard setback of not less than the average setback of the existing structures; provided, that these regulations shall not be interpreted to require a front yard setback of more than 30 feet.
2. On streets where a front yard less than that required by these regulations has been maintained for existing structures on lots having a frontage of 50% or more of the total frontage on one side of that portion of the street line between two intersecting streets, the front yard setback need not be greater than the average setback of the existing structures; provided, that these regulations shall not be interpreted to permit a front yard setback of less than 15 feet, but not less than 20 feet in front of a garage, carport or permanent parking space.

**D. Yard Requirements for Open Land.** If a zoning lot is, or will be, occupied by a permitted use without structures, then the minimum front, side and rear yards that would otherwise be required for the zoning lot shall be provided and maintained, unless some other provision of these regulations requires or permits a different minimum front, side or rear yard. Such yards shall not be required on zoning lots used for open public recreation areas.

**E. Restrictions on Allocation and Disposition of Required Yards or Open Space.**

1. No part of the lot area, or of a yard, or other open space, or off-street parking or loading space provided in connection with any structure or use in order to comply with these regulations shall, by reason of change of ownership or otherwise, be included as part of the minimum lot area, or of a yard, or open space, or off-street parking or loading space required for any other structure or use, except as specifically provided herein.
2. All of the lot area and all yards and other open spaces provided in connection with any structure or use in order to comply with these regulations shall be located on the same zoning lot as such structure or use.
3. No part of the lot area, or of the yard, other open space, or off-street parking or loading space provided in connection with any structure or use (including but not limited to, any structure or use existing on the effective date of these regulations or of any amendment thereof) shall be subsequently reduced below, or further reduced if already less than, the minimum requirements of these regulations for the equivalent new construction.

**F. Permitted Obstructions in Required Yards.** The following shall not be considered to be obstructions when located in a required yard: *(See Section 9-101A3 for principal or accessory buildings or structures or uses locating on or projecting over public easements.)*

1. In all yards: Open terraces or patios not over four feet above the average level of the adjoining ground, but not including a permanent roof over a terrace or patio; awnings; canopies including underlying islands for petroleum pumps; steps four feet or less above grade which are necessary for access to a permanent structure or for access to a lot or to a lot from a street or alley including access to conform to the standards of the federal Americans with Disabilities Act of 1990 as incorporated into state statutes; fire escapes, one story bay windows and overhanging eaves and gutters projecting 24 inches or less into the yard; chimneys, entrance hoods, window wells and daylight windows projecting 24 inches or less into the yard; arbors and trellises; little free libraries and food boxes; flagpoles and basketball goals; ornamental light or gas fixtures; parking, when permitted by Article 5; accessory and temporary uses, when permitted by Article 6; signs, when permitted by Article 7; and when otherwise specifically permitted by the district regulations. Attached garages, carports, patio covers, porches, wing walls and decks are not permitted obstructions.
2. In any yard except a front yard: Accessory uses permitted by Article 6; children's recreational and laundry drying equipment; and open and closed fences not exceeding eight feet in height.
3. Fences in a front yard: On lots with single or two-family dwellings and residential-design manufactured homes, fences not exceeding four feet in height are permitted which are constructed with at least 75% open space. In all other circumstances, including decorative walls as entryways to subdivisions open and closed fences are permitted which do not exceed eight feet in height.
4. Construction standard for all fences: No fence shall be constructed which will constitute a hazard to traffic or a danger to persons or animals. *(See Section 3-100E4 for Exemptions.)*
5. Conditional use for fences: The Board of Zoning Appeals may as a conditional use as an exception approve the construction of higher fences and/or less open space in all yards and in any district if the Board finds that the public welfare is preserved.

- G. Lot Size Requirements and Bulk Regulations for Utility and Communication Facilities.** Notwithstanding any other provision of these regulations, none of the following utility or communication facilities shall be required to comply fully with the lot size requirements and bulk regulations of the zoning district in which they are located: *(See Subsection three of the definition for HEIGHT, MAXIMUM in Section 2-102 for exemptions to the height limitations for communication structures and Section 3-100E1 for Exemptions.)*
1. Communication structures.
  2. Electric and telephone substations.
  3. Gas regulator stations.
  4. Pumping stations.
  5. Water towers or standpipes.
- H. Access to Business and Industrial Districts.** No land which is located in a residential district shall be used for a driveway, walkway or access purpose to any land which is located in any business or industrial district.
- I. Annexed Land.** All land which may hereafter be annexed to the City from the zoning jurisdictions in Harvey or Sedgwick County shall remain in its current zoning classification until such time as the property owner, Planning Commission or Governing Body may file an application for rezoning to a City zoning classification. Rezoning may also be considered during the process of annexation. While the Planning Commission may hold their required public hearing on a rezoning amendment or a special use prior to annexation, the zoning ordinance of the Governing Body approving the amendment or special use cannot be effectuated until the land is first officially annexed by a separate annexation ordinance. While both ordinances may be published on the same day, the annexation ordinance must be published first if they are published on separate days.
- J. Sewer and Water Facilities.** All principal structures built hereafter within the city limits and on adjacent zoning lots shall be served by and connected to the City's sewer and water system, if such facilities can be feasibly provided as may be determined by the Governing Body.
- K. Dedication of Rights of way and Easements.** As a condition related to a rezoning amendment or a special use, the dedication of additional street rights of way; easements for utilities, drainage, access control, fire lanes, building setback lines and other purposes; and the construction, removal or replacement of public improvements necessary to the proper development of the property, may be required either by platting or replatting the land according to the City Subdivision Regulations or, in lieu of platting, by a legal document effectuating such dedications and improvements. Such condition may be required whether the property is being divided or held in single ownership. A stated time limit not exceeding one year may be established to ensure compliance with the above conditions during which time the effectuation of the zoning amendment or special use having been approved with such conditions by the Governing Body shall be withheld from publication by the Clerk. Failure to comply with the conditions during the stated period shall result in making the zoning amendment or special use null and void. No extension of the time period may be granted without reapplication.
- L. Floodplain Requirements.** Within any floodplain area as delineated by the Federal Emergency Management Agency, no use of land shall commence or no structure shall hereafter be constructed, structurally altered, extended, enlarged or moved under these regulations, unless it also complies with the floodplain regulations. *(See City Floodplain Management Regulations.)*

**M. Moving Structures.** No structure shall be moved into, nor from one location to another location within the City, unless such structure shall, when relocated, be made to conform fully with these regulations and applicable City building codes. No zoning permit shall be issued unless, in the opinion of the Zoning Administrator, the height, age, architectural style and texture of the materials pertaining to the outward appearance of such structure reasonably conform to other buildings in the block to which it is to be moved and in the block opposite or to surrounding land owners in the rural area, to such an extent that its relocation shall not be detrimental to the appearance or have no substantial adverse effect on property values to the adjacent properties. Modifications in the appearance of such a structure as proposed by the applicant may be considered in making such a decision and conditions may be attached to the issuance of the permit by the Administrator to achieve conformance. *(See City ordinance on moving structures, if available.)*

**N. Status of Moving Manufactured and Mobile Homes, RV Campers, and Tiny Houses.** Notwithstanding other provisions of these regulations, the Zoning Administrator is authorized to issue a zoning permit for various types of manufactured and mobile homes, RV campers and tiny houses under the following provisions; except, that all such homes must meet the floodplain district requirements and none may be replaced in a floodway overlay boundary:

1. Wherever a manufactured or mobile home, RV camper or tiny house is moved from a zoning lot within a district in which it is a permitted structure, another one meeting the requirements of the district may be moved onto the lot at any time.
2. In the case of a lawful, nonconforming manufactured or mobile home, RV camper or tiny house, such a move must take place within 90 days from the date that the previous one was moved off the lot, otherwise such use shall not thereafter be re-established. When so moved in, a manufactured home shall be skirted or placed on a permanent-type enclosed perimeter foundation within 60 days. The replacement must be a manufactured home type only and not more than 10 years old, and not a mobile home. In re-establishing such a home or camper use, any existing nonconforming lot size requirements or bulk regulations shall not be increased in nonconformity and no newly acquired land can be used for placement of such a home.
3. No manufactured or mobile home, or portion thereof, or RV camper or tiny house, shall be moved onto any lot or parcel or an existing home converted for storage or any other purpose than for a residence in any district and no such home shall be temporarily or permanently located in any district not otherwise permitting such homes. These provisions do not preclude the use of prefabricated mobile structures designed for offices in business or industrial districts, but not manufactured or mobile homes unless specifically permitted.
4. In the event of disasters, such as fires, tornados or floods, whereby expediency is an important factor, a manufactured or mobile home, RV camper or tiny house may be located temporarily in any district at the discretion of the Zoning Administrator with appropriate conditions attached and for a stated period of time.
5. Where an unusual hardship is shown, the Board of Zoning Appeals may approve a conditional use as an exception for a manufactured home, RV camper or tiny house as an accessory structure to be located on a lot or tract with an existing dwelling for a stated period of time. A time period may be extended upon request to the Board of Zoning Appeals without further notice or fee.

- O. **Vision Triangle.** On all corner lots in all districts, no use of land shall commence or no structure shall hereafter be constructed, structurally altered, extended, enlarged or moved after the effective date of these regulations unless it also conforms to the requirements of the vision triangle as defined by Section 2-102.

### Section 104 Screening and Landscaping

Screening and/or landscaping shall be provided when a zoning permit is issued on all properties developed for multiple-family, manufactured home park and all nonresidential uses when such uses are established on property within or adjacent to any residential districts in accordance with standards and procedures as listed below. In anticipation of a need for screening, such matters are proper subjects to be discussed and, if deemed desirable, decided at any hearing for a zoning district amendment or a special use. In addition to the requirement for screening as stated above, screening may further be required at such a hearing to preserve the value of an existing use or the potential for future development of any adjacent land or land across a right of way.

- A. Screening shall be provided along all side or rear lot lines adjacent to such residential districts.
- B. Landscaping shall be provided along a front lot line to the depth of at least 10 feet whenever such front lot line is adjacent to or across from such residential districts. No other uses except driveways and signs as permitted by Article 7 shall be allowed in such a landscaped area.
- C. Screening shall be provided on all required development sufficient to reasonably hide from ground level view all loading docks, trash receptacles, outdoor storage, outdoor display, outdoor working areas, parking spaces and similar uses from such residential districts.
- D. Screening on the side or rear lot line may be reduced in height and intensity in the front yard area extending to the front lot line, i.e., the street right of way; however, screening shall not be required along such lot lines in that portion of the front yard which may be landscaped.
- E. Whenever properties are developed adjacent to an alley, screening may be omitted at driveways deemed essential for ingress and egress to uses established on the property.
- F. Screening may consist of fencing and/or landscaping provided that such screening will serve to adequately reduce:
  - 1. The visual effects on the environment caused by adjacent nonresidential or higher density residential uses;
  - 2. Noise;
  - 3. Lighting;
  - 4. Glare; and
  - 5. Blowing trash
- G. All screening and landscaping shall meet the requirements of the vision triangle in Section 3-104 O on maintenance.
- H. Landscaping along the front lot line shall involve bringing the soil surface to a smooth finished grade and installing sufficient trees, shrubs, ground cover and grass to soften building lines, provide shade and generally produce a pleasing visual effect of the premises.

- I. The selection of landscape materials shall take into consideration the "mature" growth and habit of such plants so that vegetation will not overhang or obstruct the public street or a sidewalk area in such a manner as to conflict with pedestrian and vehicular access.
- J. The type of fencing should be compatible with the kind and intensity of the land use and the architectural style of the development and adjacent properties.
- K. Whenever such screening is required, a screening plan for the area shall accompany the application for a zoning permit. Such plan shall be transmitted to the Planning Commission for their review and approval prior to the issuance of the zoning permit.
- L. The screening plan shall be in such detail as to provide enough information to determine if the plan meets the above criteria. Such plan shall contain the location, type and height of any fence and the location, mature size and the type of any plant materials along with their common and botanical names. The sizing, grading and condition of the plant materials shall be specified according to the *American Association of Nurserymen Standards* for nursery stock.
- M. The Planning Commission may, in its discretion, temporarily or permanently waive the requirements for screenings and/or landscaping if:
  - 1. The adjacent land use in the residential district may not necessitate nor benefit from such a requirement; or
  - 2. The adjacent land use may already have provided adequate screening for which additional screening may be a duplication; or
  - 3. The future land use for the adjacent area can not readily be determined at this time and that upon mutual agreement of the Planning Commission and the applicant, that the requirements may be waived and the matter reviewed at a specified date in the future. In the meanwhile, the Planning Commission shall require that either a letter of assurance or a covenant be submitted to run with the land; or a guarantee in the form of a corporate security bond, cashier's check, escrow account or other security be submitted to ensure that such requirements will be met when a determination is made. The Planning Commission may determine the sufficiency of the assurance based on the length of time anticipated before a decision, the size and cost of the potential work involved, and the need to ensure that the requirement is met regardless of any change in ownership.
  - 4. Section 3-104M3 above shall not prevent the Planning Commission from requiring temporary screening on all or a portion of a side or rear yard wherein a nonresidential use is proposed for development adjacent to an existing single-family dwelling and thereby a potential nuisance or hazard may be created for the homeowner.
- N. All plant materials shall be healthy and/or fencing in place prior to issuance of an occupancy certificate. A temporary certificate may be issued as provided for in Section 9-101B2 without the landscaping installation; provided, written assurances are given satisfactory to the Zoning Administrator that the planting will take place when the proper season arrives.

**O. Maintenance.**

1. It shall be the responsibility of the property owner to maintain in good condition all of the required screening and landscaping improvements on his property. When it is determined by the Zoning Administrator that improvements required by Section 3-104 are not being maintained, it is his duty to give notice in writing to the property owner. Such notice shall specify in what manner the improvements are in need of maintenance and a date for compliance. The owner shall have not less than 30 days to comply with the notice; provided, however, that any person aggrieved by any such order and disagreeing with any of the requirements of the notice, may file an appeal under Section 10-106 within the 30-day filing period with the Board of Zoning Appeals.
  2. If the owner of the land has failed, refused or neglected to make the necessary maintenance repairs within the time of the notice or time designated by the Board, then the Zoning Administrator shall cause such maintenance to be done to the property. The cost of maintenance shall be certified by the Administrator to the Clerk, who shall cause the costs to be assessed against the property on which the maintenance repairs were made.
- P. To assist in reviewing screening and landscape plans, the Planning Commission may from time to time adopt design criteria in the form of policy statements which may include illustrations.

**ARTICLE 4. ZONING DISTRICTS**

**Section 100 Permitted Uses in All Districts**

- A. Fences screening and landscaping as permitted by Article 3, Sections 103F and 104.
- B. Off-street parking and loading as required by Article 5.
- C. Accessory and temporary structures and uses and home occupations as permitted by Article 6.
- D. Signs as permitted by Article 7.

**Section 101 A-1 Agricultural District**

This district is designed for a variety of low-density dwellings and agricultural uses as defined with limitations in Section 2-102.

**A. Permitted Uses.**

1. Single-family detached dwellings, earth-sheltered dwellings, modulars, residential-design manufactured homes, manufactured homes not over 10 years old placed on a permanent-type, enclosed perimeter foundation and metal buildings specifically designed to be used as a single-family dwelling.
2. Agricultural uses as defined. (See Section 2-102 for limitations on domestic animals and fowl.)

**B. Special Uses.**

1. Public buildings erected or land used by any agency of the City, a township, county or state government.
2. Bed and breakfast homes and inns.
3. Greenhouses and hydroponic farming operations, retail and wholesale.
4. Kennels for breeding and boarding dogs, provided that:
  - a. No kennel buildings or runs or open areas shall be located closer than 300 feet to any property line.
  - b. All kennel runs or open areas shall be screened around such areas or at the property lines. Such screening may be densely planted evergreen foliage or a solid wall or fence of masonry, wood or metal designed so as to reduce noise and prevent the distraction or excitement of the dogs.
5. Roadside stands for the sale of agricultural products by an operator who may or may not be the producer of the product. *(See Section 2-102 for definition of AGRICULTURE and Section 6-101D for seasonal sale of farm products.)*
6. Utility uses as follows: electric and telephone substations and distribution centers, gas regulator stations, pumping stations and water towers and standpipes. *(See Section 3-103G for lot size and bulk regulations.)*
7. Other uses not specifically listed as a permitted, special or conditional use, but which are in keeping with the intent of Section 4-101 and compatible with the uses permitted in Section 4-101A.

**C. Conditional Uses.**

1. None.

**D. Lot Size Requirements.**

1. Minimum lot area:
  - a. Residential uses: five acres, except for the following:
    - (1) All lots existing at the date of the adoption of these regulations which are smaller than five acres are declared to be legal, nonconforming lots and, thus, are eligible for zoning permits; provided, that they meet the requirements of Section 8-101A for Nonconforming Lots of Record.
    - (2) The creation of a smaller lot to divide off a dwelling from the principal agricultural land use is permitted; provided, that the minimum requirements of the "R-1" Single- and Two-Family District are met.
  - b. Other uses: 40,000 square feet.
2. Minimum lot width: None.
3. Minimum lot depth: None.

**E. Bulk Regulations.**

1. Maximum structure height: 35 feet.
2. Yard requirements:
  - a. Minimum front yard: 35 feet on all sides abutting a street.
  - b. Minimum side yards:
    - (1) Residential: 20 feet.
    - (2) Other uses: 20 feet.
  - c. Minimum rear yards: 30 feet.
3. Maximum lot coverage: A building, structure or use may occupy all that portion of a zoning lot not otherwise required for off-street parking, loading or yard requirements.

**F. Use Limitations.**

1. Outdoor storage shall be permitted as defined by Section 2-102 for goods and materials as accessory uses related to the operation of the principal use.

**Section 102 R-1 Single- and Two-Family Residential District**

This district is designed for medium density single-family dwelling units with public water supply and sewage and to allow certain public facilities. It is intended that no uses be permitted in this district that will tend to interfere with the health, safety, order or general welfare of persons residing in the district or to devalue property for residential purposes. Regulations are intended to control density of population and to provide adequate open space around buildings and structures to accomplish these purposes.

**A. Permitted Uses.**

1. Single-family detached dwellings and modular homes, residential-design manufactured homes and group homes as defined in Section 2-102.
2. Churches, chapels, temples and synagogues.
3. Golf courses, including accessory club houses, but not driving ranges and miniature golf courses operated for commercial purposes.
4. Public and private schools: educational buildings for primary, intermediate and secondary schools including administrative centers, transportation centers, recreation areas, spectator sports facilities and the like. All such uses must be located on land which is platted according to the City Subdivision Regulations.

**B. Special Uses.**

1. Public buildings erected or land used by any agency of the City, a township, county or state government.
2. Cemeteries, including crematories and mausoleums and, where permitted, mortuaries.
3. Utility uses as follows: electric and telephone substations, gas regulator stations, pumping stations and water towers and standpipes. *(See Section 3-103G for lot size and bulk regulations exemption.)*
4. A tiny house as an accessory dwelling unit.

**C. Conditional Uses.**

1. Two-family dwellings.
2. Adult and child care centers and preschools.
3. Bed and breakfast homes.
4. Earth-sheltered dwellings, provided that the design is compatible with adjacent properties including such items as drainage, parking and accessory structures.
5. Metal building specifically designed for use as single-family detached dwellings; provided, that the design is compatible with adjacent properties including such items as aesthetic appearance, parking and accessory structures.
6. Swimming, tennis, racquetball and similar recreational club activities and related clubhouses.

**D. Lot Size Requirements.**

1. Minimum lot area:
  - a. Dwellings permitted by Section 4-101A1: 6,000 square feet.
  - b. Two-family dwellings: 4,000 square feet per family.
  - c. All other permitted uses: 10,000 square feet.
2. Minimum lot width:
  - a. Dwellings permitted by Section 4-101A1: 60 feet.
  - b. Two-family dwellings: 80 feet.
  - c. All other permitted uses: 90 feet.
3. Minimum lot depth: 100 feet.

**E. Bulk Regulations.**

1. Maximum structure height: 35 feet.
2. Yard requirements:
  - a. Minimum front yard: 25 feet on all sides abutting a street, except that on a corner lot, one of the front yards may be reduced to 15 feet; provided, that a driveway must maintain a length of at least 20 feet from the front lot line.
  - b. Minimum side yard:
    - (1) Residential buildings: 6 feet.
    - (2) All other permitted uses: 15 feet.
  - c. Minimum rear yard: 25 feet.
3. Maximum lot coverage: 40%

**F. Use limitations.**

1. No outdoor storage shall be permitted as defined by Section 2-102.

**Section 103 R-2 Multiple-Family Residential District**

This district is intended to permit various types of medium density multiple-family dwelling units with compatible home occupations, community facilities and certain special uses, yet retain a basic residential quality. The district is not intended generally for single-family type uses except as incidental to the area. All uses shall be connected to the public water supply and sewerage.

**A. Permitted Uses.**

1. Any permitted uses allowed in the R-1 Residential District.
2. Two-family and multiple-family dwellings.
3. Adult and child care centers and preschools.
4. Boarding or rooming houses.

**B. Special Uses.**

1. Any special uses allowed in the R-1 Residential District except cemeteries.
2. Hospitals and medical, dental and health clinics.
3. Mortuaries and funeral homes with live-in facilities.
4. Multiple dwelling units for the elderly and handicapped whereby density and parking requirements may be varied from the standards otherwise required by these regulations.
5. Nursing or convalescent homes, congregate care facilities and retirement centers including assisted living facilities.
6. Rehabilitation houses and residential centers.

**C. Conditional Uses.**

1. Any conditional uses allowed in the R-1 Residential District not otherwise having been designated as permitted uses, but not earth-sheltered dwellings.
2. Adult care homes exceeding six adults.
3. Bed and breakfast homes or inns.

**D. Lot Size Requirements.**

1. Minimum lot area:
  - a. Dwellings permitted by Section 4-102A1: 6,000 square feet.
  - b. Two-family dwellings: 4,000 square feet.\*
  - c. Multiple-family attached dwelling units: 2,500 square feet per dwelling unit, but no zoning lot shall be less than 8,000 square feet.
  - d. All other permitted uses: 10,000 square feet.

**\* Note:** See Article 9 in City Subdivision Regulations for Procedures for Approval of Lot Splits.

2. Minimum lot width:
  - a. Dwellings permitted by Section 4-102A1: 60 feet.
  - b. Two-family dwellings: 70 feet.
  - c. Multiple-family dwellings: 80 feet.
  - d. All other permitted uses: 90 feet.
3. Minimum lot depth: 100 feet.

**E. Bulk Regulations.**

1. Maximum structure height: 45 feet.
2. Yard requirements:
  - a. Minimum front yard: 20 feet on all sides abutting a street.
  - b. Minimum side yard:
    - (1) Dwellings permitted by Section 4-102A1: 6 feet.
    - (2) Single-family attached and two-family dwellings: 6 feet on each side, except for the common lot line of an attached dwelling. (*See Section 2-102 for definition of a DWELLING, ATTACHED.*)
    - (3) Multiple-family dwellings: 8 feet.
    - (4) All other permitted uses: 15 feet.
  - c. Minimum rear yard: 20 feet.
3. Maximum lot coverage: 40%.

**F. Use limitations.**

1. No outdoor storage shall be permitted as defined by Section 2-102.

**Section 104 MH-1 Manufactured Home Park District**

This district is established to provide for new or the expansion of medium density manufactured home parks, where all types of manufactured homes plus recreational vehicle campers, single-family portable housing and tiny houses are located on individually rented spaces. The rented spaces must be provided with public water and sewer, and have direct access to a paved public street by way of internal driveways. Such parks may be further governed by any applicable Manufactured Home Park Regulations.

**A. Permitted Uses.**

1. Manufactured home parks with all types of housing units as described in Section 4-104, including related facilities for the residents, such as:
  - a. Child care centers and preschools and day care homes.
  - b. Recreational facilities such as playgrounds, swimming pools, tennis courts, shuffleboards, ball fields and lakes providing boating and fishing.
  - c. Recreation or community buildings, washrooms, rest rooms, laundry facilities, storm shelters, outdoor storage areas for vehicles and offices for the park.

**B. Special Uses.** None.**C. Conditional Uses.** None.**D. Size Requirements.** 40,000 square feet for park area.

1. Minimum space: 3,000 square feet for each home or portable housing unit. 1,250 square feet for each camper or tiny house.
2. Minimum width: 30 feet for each home or portable housing unit. 25 feet for each camper or tiny house.
3. Minimum depth: 100 feet for each home or portable housing unit. 50 feet for each camper or tiny house.

**E. Bulk Regulations for Parks.**

1. Maximum structure height: 35 feet.
2. Yard requirements:
  - a. Minimum front yard: 20 feet on all sides abutting a street.
  - b. Minimum side yard: 15 feet, unless otherwise established by the standards of Section 4-104F.
  - c. Minimum rear yard: 25 feet, unless otherwise established by the standards of Section 4-104F.
  - d. Maximum lot density: Eight housing units per gross acre.

**F. Standards for Parks.** Each park shall be designed so as to comply with the following standards:

1. The applicant for a new or for the expansion portion of an existing park shall submit an application for zoning accompanied by a development plan of which the number of copies as determined by the Zoning Administrator are submitted for recommendation by the Planning Commission and approval by the Governing Body. The plan shall show topography and the location and size of:
  - a. Spaces for housing units;
  - b. Service buildings;
  - c. Off-street parking areas;
  - d. Electrical outlets;
  - e. Sewer lines and outlets;
  - f. Water lines and outlets;
  - g. Gas lines and outlets;
  - h. Recreational areas;
  - i. Landscaped areas and walls or fences;
  - j. Driveways;
  - k. Sidewalks; and
  - l. Storm water drainage.
2. The park shall be located on a well-drained site which is properly graded to insure rapid drainage and freedom from stagnant pools of water.
3. The park shall provide spaces which shall be clearly delineated, and meet their respective size requirements. Each space shall provide for at least two paved or graveled on-site parking spaces. Spaces for recreational vehicle campers and tiny houses shall be grouped together in an area or areas of the park which are separated from all other types of housing units. In effect, campers and tiny houses shall not be intermixed with other types of housing units.
4. Housing units shall be located so that there is at least a 10-foot clearance between them; provided, however, with respect to units parked end-to-end, the clearance shall not be less than 10 feet. No unit shall be located less than 5 feet from an interior driveway of the park.
5. All spaces shall abut on an interior driveway that is not less than 28 feet in width. Such driveways shall have unobstructed access to a public street and shall as a minimum standard have a graveled surface which is well-maintained and adequately lighted by the operator.
6. Exterior lighting fixtures shall be shaded wherever necessary to avoid casting direct light on any property located in any other residential district.
7. Each park is encouraged to devote at least 10% of its net area to provide for the recreational use and enjoyment of the occupants of the park. Required perimeter yards and vehicular driveways shall not be counted in computing such areas.
8. All electric distribution systems, plumbing systems and telephone service systems to each space, except outlets and risers, shall be underground. Both 120 and 240 volt outlets shall be provided.
9. Park owners are encouraged to construct or provide nearby access to a storm shelter for the residents.
10. In all other respects, parks shall comply with all of the applicable ordinances and regulations of the City.

**G. Unused Manufactured Home Park.** Whenever a property, zoned for the MH-1 District ceases to be used for such purposes for a period of one year, the City may consider initiating an application to rezone such property to some other district compatible with the neighborhood area.

**Section 105 C-1 Central Business District**

This district is established to group the main retail merchandising activities into a concentrated area serving the general shopping needs of the City and its trade area. The grouping of related activities which are compatible is intended to strengthen the District.

**A. Permitted Uses.**

1. Antique and gift shops.
2. Business and professional offices and financial institutions.
3. Clubs, taverns and drinking establishments. (*See Section 2-102 for related definitions.*)
4. Department and variety stores.
5. Dwelling units constructed in conjunction with and above the first floor of business establishments.
6. Hotels and motels.
7. Medical, dental and health clinics.
8. Newspaper, publishing and printing firms.
9. Parking lots or garages, public.
10. Physical fitness centers and personal care services including tattoo parlors.
11. Private and public places of assembly and fraternal and service clubs.
12. Restaurants, but not drive-in establishments.
13. Retail businesses. (*See Section 2-102 for definition of RETAIL.*)
14. Senior citizen centers.
15. Service businesses such as cleaning and laundry establishments, appliance repairs, locksmiths, tailor shops, watch and shoe repairing, barber and beauty shops and the like.
16. Studios: Art, music, dance, photography and radio and television stations.
17. Theaters, indoors.

**B. Special Uses.**

1. Public buildings erected or land used by any agency of the City, a township, county or state government.
2. College off-campus facilities and business and technical schools with related off-street parking facilities.
3. Sexually oriented businesses which are not established within 1000 feet of a residence, park, church, elementary or secondary school, or child care facility as the latter is defined herein. *(See Section 2-102 for definition.)*
4. Shops employing not more than five persons for manufacturing items of which some portion are sold at retail on the premises.
5. Utility substations, pumping stations and water towers and communication structures. *(See Section 3-103G for lot size and bulk regulations exemption.)*
6. Other uses not specifically listed as a permitted, special or conditional use, but which are in keeping with the intent of Section 4-105 and compatible with the uses permitted in Section 4-105A. In addition, business uses of a temporary nature that may or may not be fully compatible with the uses permitted in Section 4-105A, may also be considered as a special use; provided, that a specific ending time is attached to the approval as a condition.

**C. Conditional Uses.**

1. Amusement centers.
2. Commercial recreational activities, indoor only.
3. Sale of gasoline at convenience stores.
4. Storage facilities, but not mini-storage facilities.

**D. Historical Properties Overlay:**

1. The Sedgwick Downtown Historic District was listed in the National Register of Historic Places on February 3, 2012. All of the Historic District is contained within the boundary of the C-1 Central Business District. It is protected under the Kansas Historic Preservation Act (K.S.A. 75-2715 through 2725).
2. As added local protection, the Sedgwick Historical Society has agreed to use their background knowledge to make recommendations to City officials as to whether a change in appearance or land use proposed for a historic property continues to meet the state standards. Such standards are overseen by the Kansas State Historical Society which offers free technical advice to owners of historic properties to help maintain their historical accuracy.
3. In matters related to this overlay zone, the recommendations of the Sedgwick Historical Society will be utilized to support the decision-making process of the Zoning Administrator, Planning Commission, Board of Zoning Appeals and Governing Body.

**E. Lot Size Requirements:**

1. Minimum lot area: None required.
2. Minimum lot width: 25 feet.
3. Minimum lot depth: 75 feet.

**F. Bulk Regulations.**

1. Maximum structure height: 45 feet.
2. Yard requirements:
  - a. Minimum front yard: None.
  - b. Minimum side yard: None, but if there is one provided, it shall not be less than 5 feet.
  - c. Minimum rear yard: None, but if there is one provided, it shall not be less than 5 feet.
3. Maximum lot coverage: A building, structure or use may occupy all that portion of the lot not otherwise required for the yard regulations.

**G. Use Limitations.**

1. Exterior lighting fixtures shall be shaded so that no direct light is cast upon any property located in a residential district.
2. All business, servicing, storage and display of goods shall be conducted within completely enclosed structures, unless approved as a conditional use by the Board of Zoning Appeals or as part of an application for a special or other conditional use.

**Section 106 C-2 General Business District**

This district is designed to provide for certain retail trade and for service establishments not generally in the Central Business District and to recognize existing businesses and the needs and convenience of people in adjacent residential areas. Off-street parking is required and also screening where necessary to reduce possible adverse environmental effects on adjacent residential properties.

**A. Permitted Uses.**

1. Animal hospital or clinic with all activities indoors. (See Section 2-101 for definition.)
2. Automobile service stations and supply stores.
3. Barber and beauty shops and related personal care services.
4. Business and professional offices and financial institutions including drive up windows and automatic teller machines.
5. Child care centers and preschools.
6. Department and variety stores.
7. Garden stores.
8. Grocery and convenience stores for food and related items.
9. Hotels, motels and bed and breakfast homes and inns.
10. Liquor stores.
11. Rental centers including appliances, furniture, tools and construction equipment. (See Section 4-104F3 for outside storage.)
12. Restaurants including drive-up windows.
13. Self-service laundries.

**B. Special Uses.**

1. Public buildings erected or land used by any agency of the City or a township, county or state government.
2. Assembly places both private and public including churches and similar places of worship and fraternal and service clubs.
3. Funeral homes with or without a related residence.
4. Utility substations, pumping stations and water towers and communication structures. (See Section 3-103G for lot size and bulk regulations exemption.)
5. Other special uses not otherwise specifically listed as a permitted, special or conditional use, but which are in keeping with the intent of Section 4-106 and compatible with the uses permitted in Section 4-106A. In addition, business uses of a temporary nature that may or may not be fully compatible with the uses permitted in Section 4-106A, may also be considered as a special use; provided, that a specific ending time is attached to the approval as a condition.

**C. Conditional Uses.**

1. Car washes.
2. Commercial recreational activity and amusement centers, both indoor and outdoors. (See Section 2-101 for definition.)
3. Drive-in restaurant establishments. (See Section 2-101 for definition.)
4. Garages, repair. (See Section 2-101 for definition.)
5. Mini-storage facilities for inside rental storage only and personal storage structures.
6. Sales lots for new and/or used vehicles including recreational vehicles.

**D. Lot Size Requirements.**

1. Minimum lot area: 5,000 square feet.
2. Minimum lot width: 50 feet.
3. Minimum lot depth: 100 feet.

**E. Bulk Regulations.**

1. Maximum structure height: 35 feet.
2. Yard requirements:
  - a. Minimum front yard: 35 feet on all sides abutting a street.
  - b. Minimum side yard: None, but if a side yard is provided it shall not be less than 10 feet.
  - c. Minimum rear yard: None, but if a rear yard is provided, it shall not be less than 20 feet.
3. Maximum lot coverage: A building, structure or use may occupy all that portion of the zoning lot not otherwise required for off-street parking or the yard regulations.

**F. Use Limitations.**

1. No new building shall be used for residential purposes.
2. Exterior lighting fixtures shall be shaded so that no direct light is cast upon any property located in a residential district.
3. All business, servicing, storage and display of goods, except for the operation of car washes, the sale of self-service gasoline by convenience stores and the operation of automobile service stations, shall be conducted within completely enclosed structures or screened from public view, unless approved as a conditional use by the Board of Zoning Appeals or as part of an application for a special or conditional use.

**Section 107 I-1 Light Industrial District**

This district is established for industrial uses which do not require large amounts of land; generate modest amounts of traffic; are consistent with the availability of public and private services; create limited environmental problems in the way of odor, smoke, dust, glare, vibration, or sounds; and do not permit the intermixing of residential uses.

**A. Permitted Uses.**

1. Agricultural equipment sales, service and storage.
2. Agricultural feed, seed, fertilizer mixing and grain processing, storage and sales.
3. Animal clinics or hospitals including outside runs and incinerators.
4. Assembly, manufacture or repair of electrical and mechanical appliances, instruments, machinery and the like.
5. Automobile service stations and car washes.
6. Building material production, storage and sales, including lumberyards, but not asphalt or concrete plants.
7. Cartage and express facilities providing storage of goods in an enclosed structure.
8. Clothing and textile manufacture.
9. Contractors shops, including storage yards for equipment and supplies.
10. Dog kennels, including outside runs.
11. Dry cleaning and laundry plants.
12. Food manufacture, distribution and storage.
13. Frozen food lockers.
14. Furniture manufacture and repair, new and used.
15. Garages, repair.
16. Garden stores,
17. Greenhouses, hydroponic farming and nurseries, wholesale and retail.
18. Light manufacturing operations including metal fabricating.
19. Machinery sales and sales yards.
20. Mini-storage facilities, including accessory outside storage.
21. Monument works and sales lots.
22. Motor and recreational vehicle sales, service and storage.
23. Offices, business and professional.
24. Oil field supplies and equipment, retail and wholesale, including storage yards.
25. Plastic products manufacturing.
26. Printing and publishing firms.

27. Production, sales and repair of manufactured housing, portable housing, recreational vehicles, campers and tiny houses.
28. Rental equipment firms.
29. Research laboratories.
30. Restaurants.
31. Sign shops and service.
32. Sporting goods and supplies, including boats, out-board motors, accessories and supplies.
33. Upholstery shops, including cleaning and repair shops and retail sales of used furniture and appliances.
34. Used automobile and truck sales lots.
35. Warehouses, wholesale operations and storage.
36. Utility uses as follows: electric and telephone substations and distribution centers, gas regulator stations, pumping stations, water towers and standpipes and communication structures. *(See Section 3-108G for lot size and bulk regulations exemption.)*

**B. Special Uses.**

1. Public buildings erected or land used by any agency of the City, a township, county or state government.
2. Other uses not specifically listed as a permitted, special or conditional use, but which are in keeping with the intent of Section 4-107 and compatible with the uses permitted in Section 4-107A. Such other uses may also include retail and service businesses which provide a particular service to the industrial uses or serve as a convenience to the employees thereof.

**C. Conditional Uses.**

1. None.

**D. Lot Size Requirements.**

1. Minimum lot area: 10,000 square feet.
2. Minimum lot width: 75 feet.
3. Minimum lot depth: 100 feet.

**E. Bulk Regulations.**

1. Maximum structure height: 45 feet, exclusive of grain elevators.
2. Yard requirements:
  - a. Minimum front yard: 35 feet on all sides abutting a street.
  - b. Minimum side yard: 10 feet.
  - c. Minimum rear yard: 20 feet, except a rear yard abutting an alley or railroad may be reduced to 10 feet.
3. Maximum lot coverage: 75%.

**F. Use Limitations.**

1. No new building shall be used for residential purposes, except that a watchman or custodian may reside on the premises.
2. There shall be no emission of dust, odor, noise or vibration which shall be detectable as a nuisance beyond the property line. All existing City, county, state and federal laws relating to environmental conditions and safety factors must be met.
3. All outdoor operations, storage and display areas related to the permitted, special and conditional uses are allowed in all yards, except that only parking and display areas are permitted in the front yard setback.

**Section 108 I-2 Heavy Industrial District**

This district is established for the purpose of allowing basic or primary industries which are generally not compatible with residential and/or commercial activity. Certain environmentally obnoxious or hazardous uses will require a special or conditional use permit to locate in this District. No residential uses are permitted.

**A. Permitted Uses.**

1. Any permitted use allowed in the I-1 District.
2. Manufactured or mobile home, modular home and recreational vehicle manufacturing, sales, service and storage.
3. Manufacturing processing or fabrication establishments which are not noxious or offensive by reason of vibration, noise, dust, fumes, gas, odor or smoke off the site.
4. Storage yards, but not salvage yards, providing the storage yard is completely enclosed with at least a six foot solid fence or wall.
5. Welding shops.
6. Utility uses as follows: electric and telephone substations and distribution centers, gas regulator stations, pumping stations, water towers and standpipes and communication structures. *(See Section 3-108G for lot size and bulk regulations exemption.)*

**B. Uses Not Permitted.**

1. Acid manufacture.
2. Arsenals.
3. Cement, lime gypsum or plaster of Paris manufacture.
4. Creosote or tar treatment or manufacture.
5. Distillation of bones.
6. Fat rendering and fertilizer manufacture.
7. Fireworks or explosives manufacture or storage.
8. Garbage, offal or dead animal incineration disposal or reduction.
9. Glue and soap manufacture.
10. Gutta percha manufacture or treatment.
11. Salt works.
12. Smelting of base metals or ore reduction.
13. Synthetic polymers manufacture.
14. Tanning, curing or storage of rawhides or skins.
15. Use of a well for underground disposal purposes.

**C. Special Uses.**

1. Public buildings erected or land used by any agency of the City, a township, county or state government.
2. Asphalt and concrete mixing plants.
3. Bulk storage for retail or wholesale distribution and not used as an accessory part of a normal manufacturing process of such items as anhydrous ammonia, petroleum products and other products which may be considered as highly explosive, combustible or of a volatile nature.
4. Hazardous waste facilities, public and private. *(See Section 2-102 for definition of HAZARDOUS WASTE FACILITY.)*
5. Recycling processing centers, large recycling collection centers and salvage yards when all materials are enclosed within at least six foot solid fence or wall. *(See Section 2-102 for definitions.)*
6. Truck terminals, including parking areas and repair services.
7. Other uses not specifically listed as a permitted, special or conditional use, but which are in keeping with the intent of Section 4-108 and compatible with the uses permitted in Section 4-108A. Such other uses may also include retail and service businesses which provide a particular service to the industrial uses or serve as a convenience to the employees thereof.

**D. Conditional Uses.**

1. None.

**E. Lot Size Requirements.**

1. Minimum lot area: 20,000 square feet.
2. Minimum lot width: 100 feet.
3. Minimum lot depth: 125 feet.

**F. Bulk Regulations.**

1. Maximum structure height: 45 feet, exclusive of grain elevators.
2. Yard requirements:
  - a. Minimum front yard: 35 feet on all sides abutting a street.
  - b. Minimum side yard: 15 feet.
  - c. Minimum rear yard: 20 feet, except a rear yard abutting an alley or railroad may be reduced to 10 feet.
3. Maximum lot coverage: 75%.

**G. Use Limitations.**

1. No new building shall be used for residential purposes, except that a watchman or custodian may reside on the premises.
2. All existing City, county, state and federal laws relating to environmental conditions and safety factors must be met.
3. All outdoor operations, storage and display areas related to the permitted, special and conditional uses are allowed in all yards, except that only parking and display areas are permitted in the front yard setback.

**Section 109 P-O Protective Overlay District**

This district may be applied as an overlay district in combination with any underlying zoning district. By limiting specific uses or requiring more restrictive development standards to individual projects or specific properties, this district is intended to:

- (1) ensure compatibility among incompatible or potentially incompatible land uses;
- (2) ease the transition from one zoning district to another;
- (3) address sites or land uses with special requirements; and
- (4) guide development of unusual situations or unique circumstances.

Development standards include, but are not limited to, lot sizes, bulk requirements, use limitations, off-street parking and loading provisions, accessory structures and uses, sign standards, miscellaneous requirements of Section 3-103 and screening and landscape requirements of Section 3-104.

**A. Use and Development Standards.** This district can be used to modify and restrict the use and development standards of an underlying zoning district. All requirements of this district are in addition to and supplement all other applicable standards and requirements of these regulations. Restrictions and conditions imposed by this district shall be limited to the following:

1. Prohibiting otherwise permitted or special or conditional uses and accessory uses; or making an otherwise permitted use a special or conditional use;
2. Decreasing the number or average density of dwelling units that may be constructed on the site;
3. Increasing minimum lot size or lot width;
4. Increasing minimum setback requirements in any yard;
5. Restrictions on access to abutting properties and streets, including specific design features; and
6. Any other development standards required or authorized by these regulations.

**B. Method of Adoption.** Modifications and restrictions imposed through this district are considered part of this zoning text and accompanying map. All property included in the district shall be identified on the Official Zoning Maps by adding the letters "P-O" and a number to the base zoning district symbol. The number shall be assigned when the application is filed and numbers shall run consecutively beginning with number 1. The effectuating ordinance for zoning or rezoning property to the P-O district shall specifically state the modifications or restrictions imposed pursuant to Section 4-109A. Such modifications and restrictions imposed shall be considered part of the text of these regulations and a violation of them shall be a violation of these regulations. The modifications and restrictions shall continue in full force and effect until revised in accordance with the same amendment procedures as for the approval of the original P-O District.

**C. Effect of P-O District Designation.** When the P-O District zoning designation is applied in combination with an underlying zoning district, it shall always be considered to result in a more restrictive designation than if the district did not have the P-O classification. In the event that the P-O designation was not originally requested as part of the rezoning application, but is added instead during the public hearing process, renotification and readvertisement of the requested zoning amendment shall not be required.

## ARTICLE 5. OFF-STREET PARKING AND LOADING

### Section 100 Off-Street Parking

In any applicable zoning district, all structures built and all uses established hereafter shall provide accessory off-street parking in accordance with the following regulations. When an existing structure or use is expanded, accessory off-street parking shall be provided in accordance with the following regulations for the area or capacity of such expansion. Plans showing the layout and design of all off-street parking spaces and loading areas must be submitted and approved by the Zoning Administrator before a zoning permit and/or occupancy certificate is issued for such spaces or areas.

#### A. General Provisions.

1. **Utilization:** Accessory off-street parking facilities provided for the uses hereinafter listed shall be solely for the parking of motor vehicles in operating condition of patrons, occupants or employees of such uses. Such parking facilities or any vacant lot shall not be used to display or store motor vehicles including recreational vehicles and utility trailers for sale other than where permitted specifically in a district. Such provision shall not prevent the display of a small temporary sign not exceeding two square feet in size on a personal vehicle when parked periodically on a driveway or an identifiable parking area on a zoning lot of a residence or a business location. *(See Section 2-102 for definition of STORAGE, OUTDOOR.)*
2. **Parking space dimension:** An off-street parking space shall be at least eight feet six inches in width and at least 18 feet in length, exclusive of access drives or aisles, ramps or columns, unless special parking is designated for variable sizes of vehicles.
3. **Access:** Each off-street parking space shall open directly upon an aisle or driveway of such width and design as to provide safe and efficient means of vehicular access to such parking space. No parking space shall be designed to exit or back directly onto a public street or use the public right of way for parking space, unless less specifically approved by the Governing Body. Such arrangements are to be discouraged, except in unusual circumstances wherein the traffic safety of the public can still be protected.
4. **Open and enclosed parking:** Off-street parking spaces open to the sky may be located in any yard, except that in residential districts no such spaces shall be located in a front yard setback other than for multiple-family dwellings. Principal buildings with garages and carports integrated into or attached to the buildings which contain or shelter off-street parking spaces shall be subject to the yard setback requirements applicable in the district wherein the buildings are located. Detached garages and carports which contain or shelter off-street parking spaces shall be subject to the provisions of the accessory uses contained in Section 6-100 and, in particular, the bulk regulations of Section 6-100C. *(See Section 3-103F1 for canopies.)*

**5. Design and Maintenance:**

- a. **Design:** Off-street parking spaces shall comply with such design standards relating to curb cuts and curb length, stall depth, driveway width, island width, barriers, and the location of ingress and egress as may be established from time to time by the City. Off-street parking spaces may be open to the sky or enclosed in a building or structure. Parking on driveways for single and two-family dwellings and all types of manufactured and mobile homes is considered to be permitted temporary parking and required parking spaces on such lots are not to be in the front yard setback. All parking spaces must be in an identifiable area where all spaces are contained thereon. *(See Section 5-100A5c for screening.)*
- b. **Surfacing:** All open off-street parking spaces, whether required spaces or not, and driveways shall be graded and paved with an asphalt, asphaltic concrete or concrete which shall be maintained in good condition; provided, however, graveled parking areas and driveways are permitted in the agricultural and industrial districts, for church parking lots and in manufactured home parks. At the discretion of the Zoning Administrator, extended driveways on residential lots in the City may be gravelled. Driveways, parking spaces and display areas for all open sales or rental lots for motor vehicles, trailers, recreational vehicles and manufactured / mobile homes shall be paved or graveled.
- c. **Screening:** Screening for parking spaces and loading areas is incorporated into the general screening and landscaping provisions of Section 3-104.
- d. **Lighting:** Any lighting used to illuminate off-street parking spaces shall be shaded so that direct light is not cast upon property located in a residential district and so that glare is not a problem to traffic on any public street.
- e. **Repair and service:** No motor vehicle repair work or service of any kind shall be permitted in association with any off-street parking spaces or structures, except as incidental repairs to a personal vehicle. *(See Section 2-102 for definition of SALVAGE YARD.)*
- f. **Computation:** When determination of the number of off-street parking spaces required by these regulations results in a requirement of a fractional space, the fraction of one-half or less may be disregarded, and a fraction in excess of one-half shall be counted as one parking space.
- g. **Collective provisions:** Off-street parking facilities for separate uses may be provided collectively if the total number of spaces so furnished is not less than the sum of the separate requirements for each such use; provided, that wherever there is a common plan of parking for land in single ownership that the amount of required parking shall consider the joint use of such space whenever large places of assembly are present which vary in their times of use and season of the year to the end that all parking is contained on the site or on accessory parking lots except for infrequent periods of peak use. The off-street parking spaces required by Section 5-101 may be increased; however, where it is anticipated that peak parking periods will be a consistently reoccurring problem. All regulations must be adhered to which cover the location of accessory parking spaces in relation to the use served.

- h. **Location:** All parking spaces required to serve structures or uses shall be located on the same zoning lot as the structure or use served unless a conditional use permit is obtained under Section 5-102.
  - i. **Employee parking:** Parking spaces required on an employee basis shall be based on the maximum number of employees on duty or residing, or both, on the premises at any one time.
  - j. **Handicapped parking:** Parking spaces according to the number of spaces and their designated signage shall be provided for persons with a disability in conformance to the standards of the federal Americans with Disabilities Act of 1990 as incorporated into state statutes. (*See K.S.A. 58-1311 and 42 USCA 12101 et seq.*)
6. **Plans and approval required:** Plans showing the layout and design of all off-street parking spaces whether required spaces or not, including driveways and loading areas, shall be submitted and approved by the Zoning Administrator prior to issuance of a zoning permit and/or occupancy certificate for the parking lot itself or as part of an application for a larger related project. Before approving any parking layout, the Administrator shall determine that the spaces provided are usable and meet standard design criteria as well as all parking requirements of these regulations. Parking spaces shall be clearly indicated or otherwise marked to designate the individual spaces.

## Section 101 Required Parking Spaces

Off-street parking spaces accessory to the uses hereinafter designated shall be provided as follows, except no such spaces shall be required in the C-1 Central Business District except for dwelling units constructed in conjunction with business uses:

### A. Dwelling and Lodging Uses:

- 1. Single and two-family dwellings, earth-sheltered dwellings, residential-designed manufactured homes and manufactured and mobile homes: At least one parking space for each dwelling unit.
- 2. Multiple-family dwellings: At least one and one-half parking spaces per unit, except in housing for the elderly, one space per two units.
- 3. Boarding or rooming houses: One parking space for each two rooms.
- 4. Hotels, motels and bed and breakfast homes and inns: One parking space for each rental unit, plus such additional spaces as are required for restaurants, assembly rooms and affiliated facilities.

### B. Business and Industrial Uses:

- 1. Automobile, truck, trailer and manufactured or mobile home sales and rental lots: One parking space for each 3,000 square feet of open sales lot area devoted to the sale, display and rental of such vehicles, plus one parking space for each service bay and employee.
- 2. Bowling alleys: Four parking spaces for each lane.
- 3. Business and professional offices: One parking space for each 300 square feet of floor area, not including meeting rooms.

4. Cartage, express, parcel delivery and freight terminal establishments: One parking space for each two employees.
5. Car washes: Two holding spaces for each car washing stall, plus one drying space for each car washing stall.
6. Funeral homes and mortuaries: One parking space for each four seats based upon the designed maximum capacity of the chapel, plus one additional parking space for each employee and each vehicle maintained on the property.
7. Furniture or appliance stores and service or repair shops: One parking space for each 400 square feet of floor area.
8. Manufacturing, production, processing, assembly, disassembly, cleaning, servicing, testing, or repairing of goods, materials or products: One parking space per two employees.
9. Medical and dental clinics or offices: One and one-half parking spaces for each examining or treatment room, plus one for each doctor and employee.
10. Restaurants, private clubs and taverns: One parking space for each 2.5 seats based on the maximum designed seating capacity; provided, however, that drive-in restaurants shall have a minimum of least 10 parking spaces.
11. Retail stores and financial institutions: One space per 250 square feet of floor area, not including meeting rooms. *(See Section 5-101B13 for places of assembly.)*
12. Service stations: One parking space for each employee, plus two spaces for each service bay.
13. Theaters, auditoriums and places of assembly: One space for each three seats. *(See Section 5-100A5g for collective provisions.)*
14. Warehouses, storage and wholesale establishments: One parking space for each employee.

#### C. Other Uses:

1. Child care centers and preschools: One parking space for each employee.
2. Churches: One parking space for each five seats based upon the maximum designed seating capacity in the main worship area, including choir lofts.
3. Elementary, middle school and junior high public schools and equivalent parochial and private schools: One space for each faculty and staff person plus places of assembly. Regular parking spaces must be provided off the street for all buses serving the school. *(See Section 5-100A5g for collective provisions.)*
4. Hospitals: One parking space for each two beds, plus one parking space for each resident or staff doctor and one space for each two employees.
5. Nursing homes, convalescent homes and retirement centers: One parking space per each five beds based on the maximum designed capacity of the building, plus one parking space for each employee.

6. Private social and hobby clubs, associations and lodges: One parking space for each three seats based upon the maximum designed seating capacity.
7. Secondary public and private high schools: One parking space for every three pupils based on the maximum design capacity and one space for each faculty and staff person, plus places of assembly. Regular parking spaces must be provided off the street for all buses serving the school. *(See Section 5-100A5g for collective provisions.)*
8. Trade and commercial schools: Two parking spaces for each three students, plus one for each employee based on full-time equivalency.

Parking spaces for other permitted uses not listed above shall be provided in accordance with the determination of the Zoning Administrator with respect to the number of spaces that are required to serve employees and/or the visiting public at each such use. Parking for special and conditional uses may be established as part of processing their application or when issuing the zoning permit.

### Section 102 Conditional Use for Parking

In order to provide off-premises required or additional off-street parking areas, the Board of Zoning Appeals may grant as a conditional use the establishment of parking areas in any zoning district under the following provisions: *(See Section 2-102 for definition of PREMISES.)*

- A. **Location:** The nearest access to the parking area provided under this section must be within at least 300 feet (along lines of public access) from the boundary of the nearest entrance to the structure for which the parking is provided.
- B. **Use:** The parking area shall be used for passenger vehicles only, and in no case shall it be used for sales, repair work, storage, dismantling or servicing of any vehicles, equipment, materials or supplies. Only such signs as are necessary for the proper operation of the parking lot shall be permitted.
- C. **Improvements:**
  1. Parking spaces and driveways on private property providing ingress and egress to parking areas shall be surfaced with concrete, asphaltic concrete, asphalt or any other comparable surfacing which meets the approval of the Board and shall be maintained in good condition and free of weeds, dust, trash and other debris.
  2. Parking areas shall have adequate guards to prevent extension or the overhanging of vehicles beyond property lines or parking spaces. Such areas shall have adequate markings for channelization and movement of vehicles.
  3. If lighting facilities are provided, they shall be so arranged as to deflect or direct light away from any adjacent dwelling or residential district.
  4. A fence (such as solid-wall masonry, wood, louvered/wood, metal or other similar materials) not less than eight feet high, may be required to be erected along any property line adjacent to or adjoining any residential district to reduce noise, eliminate the passage of light from vehicles and prevent the blowing of debris. Whenever a fence shall be required along a front yard which includes a driveway area, such fence shall not be higher than four feet.

5. When located in a residential district, parking shall not be located within a front yard and the front yard shall remain unpaved and shall be landscaped.
6. The Board shall determine the necessity of additional improvements in order to protect adjacent property owners and the public interest. Such improvements shall include, but not be limited to proper drainage, setbacks, screening, grass, shrubs, trees and the maintenance thereof, and the extent of access permitted to public streets and alleys.

**Section 103 Off-Street Loading and Unloading**

In all zoning districts except the C-1 Central Business District, loading and unloading space shall be provided off-street and on the same premises with every building, structure or part thereof, hereafter erected, established, or enlarged and occupied which requires the receipt or distribution of materials or merchandise by motor vehicle. The loading and unloading space shall be so located as to avoid undue interference with public use of streets, alleys and walkways. Such vehicular access shall be maintained in good condition and surfaced in such manner as required in Section 5-100A5b for parking spaces. When off-street parking space is used to fulfill this loading and unloading requirement, the latter shall be scheduled so as not to interfere with meeting the parking needs.

## ARTICLE 6. ACCESSORY STRUCTURES AND USES, TEMPORARY USES AND HOME OCCUPATIONS

### Section 100 Accessory Structures and Uses Authorization

Accessory structures and uses are permitted in any zoning district in connection with any principal use which is permitted.

**A. Definitions.** An accessory structure or use which:

1. Is subordinate to and serves a principal building or use;
2. Is subordinate in area, extent or purpose to the principal building or use served; however, this does not preclude recreational areas for tennis, swimming, racquetball, basketball and similar activities;
3. Contributes to the comfort, recreation, convenience or necessity of occupants, business or industry in the principal building or use served; and
4. Is located on the same zoning lot as the principal structure or use served. *(See Section 6-100D1 regarding beginning any accessory structure or use prior to the principal structure or use.)*

**B. Permitted Accessory Structures and Uses.** Any structure or use that complies with the terms of Section 6-100A may be allowed as an accessory structure or use and may be included, but is not limited to the following list of examples:\*

1. Off-street parking and loading space as regulated by Article 5 of these regulations, including detached garages and carports. On lots for single and two-family dwelling units and all types of manufactured and mobile homes such structures may contain incidental space for storage and other uses and are limited to one each per zoning lot not over 720 square feet in gross floor area for a garage and 400 for a carport, unless a conditional use is approved by the Board of Zoning Appeals for a larger structure.
2. Signs, when permitted by Article 7 of these regulations.

---

**\*NOTE:** *Zoning permits are required only for accessory structures which exceed 120 square feet of ground area; however, permits are required for all fences in the front yard setback. For other accessory zoning permits, see Section 6-101 for temporary uses, Section 6-102 for home occupations, Section 5-100 for parking spaces and loading areas and Article 7 for signs.*

3. Buildings for storage and other purposes; provided, that no such building on lots which are accessory to single and two-family dwelling units and all types of manufactured or mobile homes shall not exceed 400 square feet in gross floor area, unless a conditional use is approved by the Board of Zoning Appeals for a larger building.

No motorized vehicle of any type or any portion thereof such as a truck trailer may be used on a residential lot for storage or any purpose other than for periodic construction or vehicular parking according to provisions of Article 5. Similarly, a railroad box car, construction trailer, dumpster, shipping container or portable storage unit is not permitted permanently on a residential lot. Motorized vehicles and portions thereof, construction trailers, dumpsters, shipping containers or portable storage units; however, may be used temporarily for refuse disposal or storage during a period of construction, reconstruction or moving. Such storage containers placed for temporary use may be located at the front of any residential property, including location on a driveway, but may not be placed on the street or in such a way as to restrict the line of sight of any vehicle(s) leaving the property or entering in any direction on that street. (See Section 2-102 for definition of *PORTABLE STORAGE UNIT*.)

4. Storage of recreational vehicles; provided, that they shall not be utilized for living purposes, except for the convenience of temporary lodging only for not more than 15 days at any one time, and for not more than four times in a calendar year, i.e. not more than a total of 60 days in a year. When stored on the driveway or on a graveled or paved surface parallel and adjacent to the driveway of a residential lot by the occupant of the lot who is the vehicle owner, such vehicles shall be located not less than five feet from the front lot line and not otherwise stored in a front yard setback. (See Section 2-102 for definitions of *RECREATIONAL VEHICLE (RV)* and *YARD, FRONT*.)
5. Storage outside both above or below ground level of petroleum products for heating and power purposes or for fueling vehicles related to the operation of the principal use on commercial and industrial lots only and for sale at automobile and truck service stations. (See also *State Fire Marshal's regulations*.)
6. Detached, rack mounted solar equipment; and satellite dish antennas; provided, that on lots with single-family and duplex dwelling units and all types of manufactured and mobile homes that the antenna structure shall not be located in any front yard setback nor in any portion of the area which is parallel to the front facade of the principle structure. Satellite antenna dishes exceeding one meter (39.37 inches) in diameter shall not be located on or attached to or mounted on masts (wireless cable) which are attached to dwelling units or manufactured or mobile homes nor their accessory garages or storage buildings. If an acceptable quality signal cannot be received under these restrictions to minimize visual impact and to provide safety, the Zoning Administrator may approve an alternative location suitable for reception. (See Section 2102 for definition of *HEIGHT, MAXIMUM* for wireless cable antenna height.)
7. Communication structures, antennas and aerials. (See Section 2-102 for definition of *HEIGHT, MAXIMUM* and Section 6-100B6 above for satellite antennas.)

8. Storm shelters, children's playhouses, statuary, arbors, trellises, barbecue stoves, flagpoles, fences, walls, bathhouses and permanent-type swimming pools; provided, the latter are enclosed by a security-type fence for the protection of young children in residential districts only as approved by the Zoning Administrator regardless of whether the pool is above or below ground.
9. Guest houses without kitchen facilities or rooms for guests in accessory buildings; provided, such facilities are used for the occasional housing of guests of the occupants of the principal building and not as rental units for permanent occupancy as housekeeping units.
10. Restaurants, pharmacies, gift shops, beauty parlors, barber shops and newsstands when located in a permitted hotel or motel.
11. For employees only, child care centers and restaurants when located in a permitted business or industrial building.
12. Recycling collection centers, large and small. *(See Section 2-102 for definition of RECYCLING CENTER.)*
13. Outdoor storage shall not be permitted as an accessory use, except as specifically permitted in the district regulations. *(See Section 2-102 for definition of STORAGE, OUTSIDE and Section 3-103N3 for manufactured or mobile homes as storage structures.)*
14. Private wind energy conversion systems may be permitted in all districts as an accessory structure if granted as a conditional use as an exception by the Board of Zoning Appeals. *(See Section 2-102 for definition of HEIGHT, MAXIMUM for exemption from height limitation.)*

#### C. Bulk Regulations.

1. Accessory structures and uses shall maintain the same side and front yard setback as is required for the principal structure unless they are permitted obstructions within the provisions of Section 3-103F and 6-100B3. Such accessories, however; may cross the rear yard setback line from both directions.
2. Accessory buildings shall be set back at least five feet from the rear lot line and garages with entrances facing alleys shall be set back at least 18 feet. *(See Section 9-101A3 for zoning permits on easements.)*
3. No part of any accessory building shall be located closer than five feet to any principal structure, unless it is attached to and forms a part of the principal structure.
4. Accessory structures and uses shall otherwise comply with the bulk regulations applicable in the district in which they are located, except that in residential districts no accessory building shall exceed 20 feet in height, unless application is made for a conditional use to the Board of Zoning Appeals.

D. **Use Limitations.** All accessory structures and uses shall comply with the use regulations applicable in the zoning district in which they are located with the following additional use limitations:

1. No accessory structure shall be constructed and occupied or a use started on any zoning lot prior to the time construction begins on the principal structure or use to which it is accessory. Conversely, no accessory structure or use shall continue to be used or occupied after the principal structure has been removed from a zoning lot. *(See Section 6-100A4 regarding same zoning lot.)*

## Section 101 Temporary Uses Permitted

The following uses of land are permitted in each zoning district unless specifically restricted to particular zoning districts and are subject to the regulations and time limits which follow and to the other applicable regulations of the district in which the use is permitted (See temporary business uses as special uses in the Business Districts of Sections 4-105B6 and 4-106B5.):\*

- A. Temporary zoning permits for community celebrations, carnivals, circuses, farmers and arts and crafts markets, musical festivals, religious revival services or similar outdoor events and Halloween or haunted houses may be approved with conditions by the Governing Body or their designated representative. Such uses need not comply with the bulk or lot size requirements; provided, that structures or equipment which might block the view of operators of motor vehicles on the public streets shall meet the requirements of the vision triangle. *(See Section 2-102 for definition of VISION TRIANGLE.)*
- B. Christmas tree sales in any agricultural, business or industrial district for a period not to exceed 60 days. Display of Christmas trees need not comply with the yard and setback requirements of these regulations; provided, that no tree shall be displayed within the dimensions of a vision triangle. *(See Section 2-102 for definition of VISION TRIANGLE.)*
- C. Contractors' offices, equipment sheds and open storage areas which are accessory to a construction project and remain on the site only during the duration of such project. Similarly, a model home or a portion thereof may be used as a real estate sales office on the site of large scale residential developments.
- D. Fireworks may be sold from an outside stand as approved by State law and when all other applicable City or County regulations have been met and such stand removed at all other times of the year. *(See Section 6-101 for temporary zoning permit and City Codes for fireworks sale dates and related rules.)*
- E. Food trucks permitted in all business and industrial districts and in residential districts when the latter is specifically authorized by City ordinance.. *(See City ordinance on food trucks for definition of and standards for location and parking spaces.)*

---

**\*NOTE:** Temporary zoning permits are required for events provided for in Section 6-101A, asphalt and concrete plants and fireworks stands. A recycling center is also required to obtain such a permit, but no fee is charged.

- F. Periodic conduct of what is commonly called "garage or yard sales" which do not exceed a period of more than three days during any one sale and no more than two sales to be held at the same residence during any calendar year.
- G. Promotional activities of retail merchants involving the temporary display of goods and merchandise may be conducted outside of enclosed buildings for a period of not more than three consecutive weeks in any three month period in an area adjacent to the building subject to the following conditions:
  - 1. No portion of the display shall be on publicly owned property, unless the applicant shall first have obtained approval for such use from the City.
  - 2. These provisions shall in no way be deemed to authorize the outdoor display or the sale of used goods such as furniture, appliances, plumbing, house wares, building material or similar display or sale in any business or industrial districts unless permitted otherwise by these regulations.
- H. Recycling centers, small and large, periodically operated not for profit in business and industrial districts only for not more than 10 days in one period and for no more than three times during any 12-month period consistent with adequate provisions for public health and safety.
- I. Seasonal sale of farm produce grown on the premises in a single-family residential district to continue for not more than six months per year. Small, temporary structures on private property incidental to such sale need not comply with the applicable front yard requirements.
- J. Temporary permits may be approved by the Governing Body or their designated representative for an equipment and material yard including an asphalt or concrete mixing plant for stated periods of time with conditions attached as deemed necessary to accommodate working space for highway or road projects.

**Section 102 Home Occupations Authorization**

Home occupations that are customarily incidental to the principal use of a residential building or any type of manufactured or mobile home shall be permitted; provided, that the residential appearance of the building or home is maintained and no undue traffic or parking problems are created. If such a home occupation is conducted in a business or industrial district as a legal, nonconforming use, all the provisions of this section must be adhered to unless a zoning permit is obtained to operate the property and structure(s) thereon as a use meeting all the provisions of the applicable business or industrial district.\*

- A. **Definition.** A business, profession, occupation, or trade conducted for gain or support entirely within a residential building or manufactured or mobile home, or within a permitted structure that is accessory to such a building or home. This definition exempts gunsmithing and the sale of firearms and/or ammunition as a home occupation within these regulations; however, the standards for the size and location for a sign still apply as well as no related outdoor storage or displays are allowed. While no zoning permit is required, such uses are regulated by permits from the U.S. Bureau of Alcohol, Tobacco, Firearms and Explosives.
- B. **Use Limitations.** In addition to all of the use limitations applicable to the district in which it is located, no home occupation shall be permitted unless it complies with the following restrictions:
1. The home occupation shall be conducted entirely within the principal residential structure or a garage, swimming pool or an accessory structure. *(See Sections 6-100B1 and 3 for limitations on detached accessory structures.)*
  2. No exterior alteration of the principal residential structure shall be made which changes the character thereof as a residence or causes goods to be displayed visibly from the residence or on the premises.
  3. No more than 25% of the gross floor area of the residence shall be devoted to the home occupation; provided, that rooms let to boarders and roomers or used by child care facilities are not subject to this limitation. *(See Section 2-102 for definition of BOARDING OR ROOMING HOUSE.)*
  4. Goods or stock for sale on or off the premises may be stored in enclosed areas, except articles which may constitute a hazard to the safety of adjacent property owners or tenants.
  5. There shall be no outdoor storage of equipment or materials used in the home occupation.

---

**\*NOTE:** Zoning permits are required for a home occupation only when a sign is displayed or an accessory structure is used.

6. No equipment or process shall be used which shall create undue noise, smoke or particulate matter emission, vibrations or odors which are detectable to the normal senses off the lot. In case of electrical interference, no equipment or process shall be used which creates a visual effect or an audible interference off the premises in any radio or television receiver or transmitter or causes fluctuation in the voltage.
7. No other person than a member of the immediate family occupying such residence shall be employed.
8. No sign shall be permitted other than that permitted by the applicable regulations in Article 7.

**C. Home Occupations Permitted.** Customary home occupations include, but are not limited to, the following list of occupations provided; however, that each listed occupation shall be subject to the requirements of Section 6-102A and B:

1. Adult care center for not more than four adults, adult care home, group boarding home, day care home and family and group day care home.
2. Artist, author, composer, photographer or sculptor.
3. Barber or beautician; provided, that only one operator shall be permitted.
4. Home crafts, such as cabinet making, model making, lapidary work, rug weaving and the like.
5. Minister, priest or rabbi.
6. Office for a route salesperson, sales representative or manufacturer's representative, where no exchange of tangible goods is made on the premises, including internet sales.
7. Professional office for an accountant, architect, attorney, building contractor, dentist, engineer, landscape architect, physician, real estate or insurance agent or a member of a similar type of profession.
8. Seamstress or tailor.
9. Teacher, including music and dance instructions; provided, that instructions shall be limited to two pupils at any time, except for occasional groups.

**D. Home Occupations Prohibited.** Permitted home occupations, for example, shall not in any event be deemed to include:

1. Animal kennels or commercial stables.
2. Automobile and other vehicular repair shops or sales of such vehicles which exhibit a pattern of regular or continuous sales. A person holding a State Vehicle Dealer's License may not operate as a home occupation. This shall not prevent the periodic sale of a vehicle which is owned and operated for personal use.
3. Child care centers and preschools, unless specifically permitted by the district regulations.
4. Churches, chapels, temples or synagogues for regular public worship or religious services.

5. Dancing schools, except as provided for in Section 6-102C9.
6. Excavating or heavy equipment operators.
7. Funeral homes and mortuaries.
8. Grocery stores.
9. Private schools providing educational services for persons outside of the home other than tutoring.
10. Renting of equipment, furniture, motorcycles, tools or trailers.
11. Repair of electrical, diesel or gasoline engines.
12. Restaurants.

**E. Home Occupation Authorization by Conditional Use.** Notwithstanding any other provisions of these regulations and, in particular, Section 6-102A through D, an application may be made to the Board of Zoning Appeals for a conditional use to allow a home occupation which would permit a broader range of home occupations and less restrictions than otherwise required, so long as in the opinion of the Board under stated conditions that the effect upon adjacent areas is minimized to the extent feasible and the public interest is served. The intent of such a provision is to provide for a wider range of home occupational activities while at the same time protecting adjacent properties from the intrusion of incompatible uses and uses of too great an intensity. In addition to the procedures and standards for establishing conditional uses as provided for in Section 10-108, the Board may, using the use limitation restrictions of Section 6-102B as guidelines, permit the following variations:

1. Limited outdoor storage of goods, materials and equipment when screened wherever feasible.
2. Limited outdoor display of goods, when deemed essential to the proper merchandising of the product.
3. Limited number of additional employees other than members of the immediate family occupying the dwelling unit may be employed regularly or periodically.
4. Limited outdoor related activity necessary to the conduct of the home occupation.
5. A sign for such home occupation may be increased in size when warranted by the type of activity.
6. Limitations as to stated periods of operational time such as hours, days and seasons.
7. Conditions may be attached to the premises and/or to the person(s) conducting the home occupation, including licenses and permits.

## ARTICLE 7. SIGNS

### Section 100 Purpose, Substitution and Severability

- A. **Purpose.** The purpose of these sign regulations is to provide reasonable time, place and manner restrictions on the installation and maintenance of signs, in order to allow communication through signs while protecting public safety, preserving the City's appearance and property values, and upholding the right of free speech and expression.
1. **Safety.** These regulations are intended to safeguard the public when using streets and sidewalks near signs; allow governmental entities, railroads, and utilities to erect official signs to help protect public safety and welfare; allow signs that identify premises, in order to aid first responders in emergency situations; and reduce visual clutter to avoid distractions that are potentially harmful to traffic and pedestrian safety.
    - a. To support substantial governmental interests in protecting public safety and welfare, and without reference to the viewpoint of the individual speaker, any sign is prohibited which includes text or graphics that advertise unlawful activity; are defamation, hate speech, incitement to imminent lawless action, or true threats; are indecent, obscene, or immoral in nature and harmful to minors. (*See K.S.A. 21-6401.*)
  2. **Economy & Community.** These regulations are intended to support clear and efficient wayfinding, as a factor contributing to both public safety and the local economy; allow reasonable advertising, as a factor contributing to the local economy; enhance community appearance, in order to preserve and promote property values; recognize local history, in order to strengthen Sedgwick's sense of community; and enhance community appearance, in order to augment quality of life, and support citizen satisfaction with the environment in which they live, work, learn and play.
  3. **Character & Design.** To support quality development in Sedgwick, these sign regulations are intended to exercise reasonable control over the character and design of signs, promoting the use of signs which are aesthetically pleasing, appropriately scaled, compatible with their surroundings, and legible under the circumstances in which they are seen.
- B. **Substitution.** Signs containing noncommercial speech are permissible anywhere that signs containing commercial speech are permissible.
- C. **Severability.** Invalidation of any part, section, subsection, paragraph, subparagraph, sentence, phrase, clause, term, or word of this Article 7 by any court of competent jurisdiction does not affect the validity or enforceability of the remaining portions of Article 7 of these Zoning Regulations.

## Section 101 Applicability

- A. **Applicability.** These sign regulations apply to the construction, installation, structural alteration, relocation, and maintenance of all outdoor signs, including signs painted on or applied to a building's exterior.
1. These sign regulations establish limits to the size, height, location, number, setback, and total sign message area of signs.

## Section 102 Definitions

- A. **SIGN:** Any object, material, device, display, structure or part of a structure, which is within view of the general public from a public way, or visible from other properties, and which uses any means – including text, images, light or movement – to communicate information on, attract attention to, or promote the interests of a person, institution, organization, business, product, service, event or location. A sign may incorporate internal or external lighting or an electronic message center.
1. **FREESTANDING SIGN:** A sign which is unattached to and independent of any building or structure.
  2. **DANGEROUS SIGN:** A sign that creates a hazard to public health, safety, or welfare because of inadequate maintenance, dilapidation, or obsolescence.
- B. **SIGN OWNER:** The person entitled to possession or control of the sign, including but not limited to the owner, lessee, occupant, or agent of the property where the sign is located, or of the sign itself.
- C. **SIGN STANDARDS.**
1. **SIGN HEIGHT:** The vertical distance from ground level below the sign, to the highest element of the sign.
    - a. Zoning district restrictions on **maximum structure height** do not apply to signs.
  2. **GROSS WALL AREA:** The total area of the architectural elevation of the building on which signs are located, including recessed planes and visible angled planes, windows and doors, and mansard roofs, but excluding other roof structures.
    - a. **ARCHITECTURAL ELEVATION:** A horizontal orthographic projection of a building on to a vertical plane which is parallel to a facade of the building.

3. **SIGN MESSAGE AREA:** The area of a sign containing text, images, a setting, or the screen of an electronic message center. Sign message area is regulated separately from other sign dimensions.

- a. Structural elements and exempt sign elements (such as address numbers) are **not** included in sign message area.
- b. **SETTING:** An area which differentiates a sign's message from its background, the boundary of which may be defined by a line, or by a change in color, texture or material.
- c. For **double-faced signs**, if the sign faces are parallel or form an interior angle of less than 45 degrees, only one display face must be included in the measurement of sign message area. If the two faces are of unequal area, then the sign message area of the larger face must be used as the sign's message area. For **signs with more than 2 faces**, all display faces must be included in the measurement of sign message area.
- d. For the following sign types, the sign message area is defined as the **entire sign face, excluding structural elements**.
  - (1) Projecting or suspended signs.
  - (2) Pole banners.
  - (3) Projected image signs.
  - (4) All temporary signs.
  - (5) All short-term signs.
  - (6) All hand portable signs.
- e. For the following sign types, the **sign message area** is determined separately from the area of the entire sign face.
  - (1) Awning or canopy signs.
  - (2) Wall signs.
  - (3) Monument signs.
  - (4) Pole or pylon signs.

D. **PERMANENT SIGNS** are constructed of materials durable enough to remain in good condition for more than 3 years outdoors. They are attached to a building, wall or similar structure, embedded in the ground, or attached to a structure which is embedded in the ground. Types of permanent signs include building signs, ground signs, pole banners, and projected image signs. (Note that a sign may carry or produce a **temporary message**, and still be categorized as a permanent sign.)

- 1. **BUILDING SIGN:** A sign attached to, supported by, applied to, or painted on a building or part of a building.
  - a. **AWNING OR CANOPY SIGN:** A type of building sign, attached to or printed on an awning or canopy, which does not extend beyond the boundaries of the awning or canopy.
  - b. **PROJECTING OR SUSPENDED SIGN:** A type of building sign, attached to a building, dependent on the building for support, projecting at least 12 inches from the building's surface or suspended from a ceiling.
  - c. **WALL SIGN:** A type of building sign, which is fastened to, applied to, or painted on a wall, and projects less than 12 inches from the wall.
    - (1) **MURAL** For the purposes of these Regulations, a **mural is not a wall sign**. A mural is a work of visual art which is tiled, applied, or painted directly on an exterior wall for the purposes of decoration or artistic expression, which does not contain any brand name, product name, letters of the alphabet spelling or abbreviating the name of any product, company, profession, or business, or any logo, trademark, trade name, or other commercial message.

2. **GROUND SIGN:** A freestanding sign constructed on the ground, which is unattached to and independent of any building or structure.
    - a. **MONUMENT SIGN:** A type of ground sign intended to serve as a decorative feature, typically with a solid supporting base, no more than 15 feet in height.
    - b. **POLE OR PYLON SIGN:** A type of ground sign, greater than 15 feet in height, with a permanent support structure on a permanent foundation.
  3. **POLE BANNER:** A sign made of lightweight, non-rigid but durable material, designed to be attached to brackets which are mounted on a permanent pole with a permanent foundation.
  4. **PROJECTED IMAGE SIGN:** A sign made of light projected on the face of a wall, structure, sidewalk, or other surface.
- E. **TEMPORARY SIGNS** are typically constructed of non-durable materials, intended for temporary use outdoors, and are easily installed or removed without special tools or equipment. Types of temporary signs include attention getters, banner signs, blade signs, inflated signs and person signs.
1. **ATTENTION GETTER:** A device primarily intended to attract attention, often without written content, such as balloons, pennants or searchlights.
    - a. **BALLOONS:** Bags made of flexible air-tight material, inflated with air, helium or other gas, usually brightly colored, and **less than 5 feet in diameter** when inflated.
    - b. **PENNANTS:** Multiple pieces of fabric or plastic, often triangular, attached to a cord in a row, and intended to attract attention by flapping in the wind.
    - c. **SEARCHLIGHTS:** Searchlights, also known as spotlights or sky beams, are a sign made of light projected into the sky, generally moved through sweeping arcs when displayed.
  2. **BANNER SIGN:** A sign made of lightweight, non-rigid material such as paper, fabric, or vinyl, which may be tied to a structure, adhered to a structure with removable adhesive, or be freestanding and supported by posts.
  3. **BLADE SIGN (Also known as a Feather Sign or Teardrop Sign):** A sign made of lightweight, non-rigid material such as paper, fabric, or vinyl, which is supported by a single vertical pole mounted either into the ground or on a portable base.
  4. **INFLATED SIGN:** A sign made of flexible fabric, and enlarged, inflated or activated with air or other gas. Inflated signs include air-activated and balloon signs.
    - a. **AIR-ACTIVATED SIGN (Also known as a Waving Man Sign):** A type of inflated sign which is designed so that all or part of it moves, activated or animated by a fan blowing air into the sign.
    - b. **BALLOON SIGN:** A type of inflated sign, **at least 5 feet in diameter** when inflated, which is lighter than air, and must be tethered when displayed.
  5. **PERSON SIGN (Also known as a Human Mascot, Sign Spinner, or People Sign):** A person wearing or decorated with insignia, images, costumes, masks, or other symbols that display messages with the purpose of drawing attention to or advertising an activity, who may or may not be holding an additional sign.

- F. **SHORT-TERM SIGNS** are constructed of materials durable enough to remain in good condition for up to 3 years outdoors. They are attached to posts embedded in the ground, or attached to a permanent structure, and are easily installed or removed without heavy equipment. Types of short-term signs include flag signs and yard signs.
1. **FLAG SIGN:** A sign made of lightweight, non-rigid material, durable enough to be used over time, designed to be attached along one edge or by two corners to a permanent flagpole, or to a pole designed to be inserted in a flagpole bracket mounted on a building or wall.
    - a. If any side is more than three times as long as any other side, the sign is categorized as a banner sign.
  2. **YARD SIGN:** A freestanding sign more than 6 square feet in area, made of materials durable enough to be used over time, typically attached to posts embedded in the ground.
- G. **HAND PORTABLE SIGNS** are constructed of materials durable enough to remain in good condition for up to 3 years outdoors. They are freestanding, typically mounted on a lightweight frame sitting on or temporarily embedded in the ground, and are readily transportable by a single person without special tools or equipment. Types of hand portable signs include reusable signs and sidewalk signs.
1. **REUSABLE SIGN:** A freestanding hand portable sign, greater than 6 square feet in area, durable enough to be used in multiple locations over time, but intended for short-term use in each location.
    - a. **METAL-FRAME SIGN:** A sign constructed of a panel mounted in a metal frame, which is temporarily embedded in the ground for display.
    - b. **POST & BEAM SIGN:** A sign constructed of a post embedded in the ground, with a crossarm from which a sign panel is suspended.
  2. **SIDEWALK SIGN:** A freestanding hand portable sign, greater than 6 square feet in area, durable enough to be used over time, but typically displayed only during business hours, and otherwise stored inside; includes A-Frame, T-Frame and Sandwich Board signs.

### Section 103 Electronic Message Centers & Lighted Signs

- A. An **ELECTRONIC MESSAGE CENTER (EMC)** is a sign or component of a sign with an electronically controlled display showing a changeable lighted image. All electronic message center displays, including LED displays, plasma screens, digital screens, and holographic displays, must comply with the following requirements:
1. **Minimum message hold time:** 5 seconds.
    - a. **Flashing signs**, which exhibit noticeable changes in light intensity in a repeating pattern at intervals of less than **3 seconds**, are not allowed.
    - b. **Full motion or animation** (graphics displayed on an EMC in a progression of frames which give the illusion of motion, including but not limited to the illusion of moving objects, moving patterns or bands of light, or expanding or contracting shapes) is not allowed.
  2. **Transition Method** Only dissolve or fade transitions are allowed, where the first frame gradually disappears and the second frame gradually appears, with a maximum transition duration of 1 second.

3. **Brightness Levels** From dusk to dawn, **brightness levels** must be no more than **0.3 foot-candles** above ambient lighting.
    - a. On written notice from the Zoning Administrator, a **sign owner is required to cooperate with brightness testing** by programming the EMC as requested.
    - b. **Method of Measurement** Brightness levels must be measured with an illuminance meter accurate to at least two decimals. Measure once with the EMC off (to measure ambient lighting), and again with the EMC displaying a white image for a full color-capable EMC, or a solid message for a single-color EMC. The measurements must be taken as close as practical to **perpendicular** to the face of the EMC, and as close as practical to a **distance** (in feet) which is determined by multiplying the area of the EMC (in square feet) by 100, then calculating the square root of the result.
  4. **Auto-dimming.** EMCs constructed or installed after the adoption of these Zoning Regulations must be equipped to automatically sense ambient illumination, and adjust their brightness levels to comply with the required 0.3 foot-candle maximum difference.
- B. **Lighted Signs.** Signs may incorporate lighting, either as a component of the sign (internally lighted), or shining on the sign to provide better nighttime visibility (externally lighted).
1. From dusk to dawn, **brightness levels** created by the sign lighting must be no more than **0.3 foot-candles above ambient** lighting, as measured in Section 7-102A-3b of these Zoning Regulations.
  2. A lighted sign on a zoning lot adjacent to or across the street from any residential zoning district, **must not be illuminated between 11:00 pm and 7:00 am.**
  3. From dusk to dawn, **brightness levels** created by sign lighting on any **residential property** must not exceed **0.5 foot-candles.**

## Section 104 Prohibited Signs

- A. The following types of signs are not permitted in Sedgwick, Kansas:
1. **BILLBOARD:** Any sign, 72 square feet in size or larger, that directs attention to a business, commodity, service, or entertainment conducted, sold or offered at a location other than the premises on which the sign is located.
  2. **ROOF SIGN:** Any sign erected on and supported by a roof, or that projects above the highest point of a building with a flat roof, the eave line of a building with a gambrel, gable, or hip roof, or the deck line of a building with a mansard roof.
  3. **DIGITAL VEHICLE SIGN:** An electronic message center (EMC) mounted on and displayed from any vehicle other than taxis, public buses, or road construction, road maintenance, or traffic control vehicles.

## Section 105 Exempt Signs

- A. The following signs must comply with this Article's requirements in Section 7-109 (*Requirements in All Zones for All Signs*), but are otherwise exempt from regulation under this Article:
1. **Private Signs.** Signs located on private property and owned by the property owner or lessee, which have an area of **6 square feet or less**, have a maximum sign height of 8 feet above adjacent grade, and are not visible from a public way or other properties.
  2. **Temporary, Short-term and Hand Portable Signs** with a surface area of **6 square feet or less**.
  3. **Address numbers** and street names of the premises, with a total area of **6 square feet or less**.
  4. **Time and temperature** displays.
  5. **Works of art** which in no way identify a product or service.
  6. **Flags and logos** as long as they comply with **maximum sign message area requirements** for their zoning district.
  7. **Equipment Signs.** Signs which are integrated as a part of vending machines, ATMs, merchandise display racks, gasoline pumps, or similar equipment.
  8. Scoreboards in athletic stadiums.
  9. **Traffic control devices** that comply with the most current edition of the Federal Highway Administration's *Manual on Uniform Traffic Control Devices*.
  10. **Official signs** erected by a taxing authority, governmental body, governmental agency, public school district, public utility or railroad.
  11. **Digital Vehicle Signs.** LED or other digital or electronic signs mounted on and displayed from the taxis, public buses, or road construction, road maintenance, or traffic control vehicles.
  12. **Non-digital Vehicle Signs.**
    - a. Non-digital signs on vehicles that are **for sale or lease** and are parked legally in a parking space.
    - b. Non-digital signs painted on or adhered to a vehicle, **when the primary purpose of the vehicle is not the display of the sign**. For a vehicle's primary purpose to be determined as something other than sign display, the vehicle must be mobile, be actively used by a business, and must not be parked on a vacant lot. When the primary purpose of the vehicle is display of a sign, the sign is **not exempt**.

## Section 106 Nonconforming Signs

A. A **NONCONFORMING SIGN** is an *existing* sign structure which complied with sign regulations in effect at the time it was constructed or installed, but does **not** comply with current requirements applicable to *new* signs in its zoning district.

1. **Enlargement, Repair or Alterations.** Any nonconforming sign may be maintained, repaired, enlarged or structurally altered, as long as the changes do not increase the degree of existing nonconformity or create any additional nonconformity in any part of the structure.
2. **Moving.** A nonconforming sign must not be moved in whole or in part, for any distance whatsoever, to any other location on the same or any other zoning lot, unless the entire sign will afterwards conform to all the zoning district regulations of the location to which it is moved.
3. **Damage.**
  - a. If a nonconforming sign is damaged to the extent of **50% or less of its fair market value**, a zoning permit must be obtained before any repairs or restoration occur. Restoration must begin **within 1 year** after the date of damage, and must be diligently pursued to completion to maintain legal nonconformity.
  - b. If a nonconforming sign is damaged to the extent of **more than 50% of its fair market value**, the sign must not be restored unless it will afterwards conform to zoning district regulations.
  - c. The percent of damage in terms of fair market value is determined by the Zoning Administrator, based on data submitted by the Applicant. An Applicant aggrieved by the Zoning Administrator's determination may submit an appeal to the Board of Zoning Appeals. (*See Zoning Regulations, Article 10-106.*)
4. **Dangerous Nonconforming Sign.** If a nonconforming sign is damaged or deteriorated enough to become a **hazard to the public**, it **must be immediately restored or removed**.

### B. Amortization of Nonconforming Signs.

1. Legally nonconforming **permanent signs**, existing lawfully at the time these Zoning Regulations are enacted, may remain in use **at the same location for 10 years**, after which they must comply with the requirements of Zoning Regulations in effect at that time.
2. Legally nonconforming **short-term or hand portable signs**, existing lawfully at the time these Zoning Regulations are enacted, may remain in use **for 1 year**, after which they must comply with the requirements of Zoning Regulations in effect at that time.

## Section 107 Zoning Permit Required for Permanent Sign

A. A zoning permit must be obtained before constructing, installing, structurally altering, or relocating any permanent sign.

1. **Exceptions.** A zoning permit is **not** required for:
  - a. Exempt signs listed in Article 7-105 of these Zoning Regulations
  - b. Routine maintenance, or changes to the text or graphics, of a permanent sign.
  - c. Permanent signs accessory to single-family dwellings.
2. Permanent signs must comply with the requirements of this Article, or no **zoning permit** will be issued.

**Section 108 Enforcement**

- A. **Determination of Sign Type.** The Zoning Administrator makes the final determination when designating a sign's type and exemption status. Sign types not described in these Zoning Regulations may be conditionally approved by the Zoning Administrator.
1. **Appeal.** An aggrieved party may appeal the Zoning Administrator's determination of sign type to the Board of Zoning Appeals. *(See Zoning Regulations, Article 10-106, Appeals.)*
- B. **Permit Revocation.**
1. **Permanent Signs.** The Zoning Administrator may **revoke the zoning permit** for any permanent sign which:
    - a. Is in violation of any provision of these Zoning Regulations, or of any condition on which the permit was based.
    - b. Does not comply with applicable codes.
    - c. Would become dangerous to life or property if work continued.
    - d. Has become **nonconforming** by an action of the sign owner.
- C. **Notice.** Except in the case of a dangerous sign, the Zoning Administrator must give notice when a sign's **zoning permit** has been revoked. Notice must be provided by hand delivery or certified mail, return receipt requested, to the sign owner or to the property's owner or occupant. The notice must describe the sign, specify the violation, note the time limit for compliance, and describe the consequences of non-compliance.
1. **Notice for Dangerous Signs.** The Zoning Administrator may have a dangerous sign removed without prior notice, but **must send notice of the removal** by hand delivery or certified mail, return receipt requested, to the sign owner or to the property's owner or occupant **within 72 hours after removal**.
- D. **Violation.** Permanent, short-term and hand portable signs in violation of any provision of these regulations must be **corrected or the sign removed**, within the following periods of time **after notification is mailed or hand delivered**, or the sign is in violation of these Zoning Regulations.
1. Permanent Sign or Short-term Sign: **30 days**.
  2. Hand Portable Sign: **72 hours**.
- E. **Stop Work or Removal.**
1. **Permanent or Short-term Sign:** The Zoning Administrator may order **work to be stopped or removal** of a permanent or short-term sign in violation of these Zoning Regulations.
  2. **Hand Portable Sign:** The Zoning Administrator may order **removal** of a hand portable sign in violation of these Zoning Regulations.
- F. **Enforcement for Temporary Signs.** Temporary signs in violation of any provision of these Zoning Regulations must be corrected or the sign removed.
1. The Zoning Administrator may order the **sign owner** to remove a temporary sign in violation, or the sign may be removed by the **Zoning Administrator** or by any **City staff member authorized** by the Zoning Administrator.
  2. **Right of Adjacent Property Owner to Remove Signs.** Any property owner or tenant may remove and discard any unauthorized temporary sign which has been placed in a right-of-way adjacent to the owner or tenant's property.
  3. **Interval Between Temporary Signs.** On any individual zoning lot, **at least 30 days** must elapse after one temporary sign is removed, before another temporary sign is displayed.

**G. Abandoned Signs.** For purposes of these Regulations, an abandoned sign is any sign remaining after demolition of the principal structure on the property; any sign which was erected for an occupant or business unrelated to the present occupant or business; or any sign or sign structure on a property which has been vacant and unoccupied for a period of 6 months.

1. **Notice.** Except in the case of a dangerous sign, the Zoning Administrator must give notice when a sign is deemed abandoned. Notice must be provided by hand delivery or certified mail, return receipt requested, to the sign owner or to the property's owner or occupant. The notice must describe the sign, specify why it is deemed abandoned, note the time limit for compliance, and describe the consequences of non-compliance.
2. **Violation.** An abandoned sign or sign structure must be corrected or removed, **within 30 days** after notification is mailed or hand delivered, or the sign or sign structure is in violation of these Zoning Regulations.
3. **Removal.** The Zoning Administrator may order **removal** of an abandoned sign in violation of these Zoning Regulations.

**H. Dangerous Signs.** Any sign or sign structure which because of damage or deterioration has become a **hazard to the public, must be immediately restored or removed.**

1. **Restoration.** A damaged or unsafe sign or sign structure may be restored to its original condition without obtaining a zoning permit.
  - a. **Exception:** Nonconforming signs. (*See Zoning Regulations, Section 7-106A3.*)
2. **Replacement.** If a damaged or dangerous sign or sign structure is replaced, it must conform to Zoning Regulations current at the time of replacement.

**I. Impoundment and Disposal of Removed Signs.**

1. Signs in violation of these sign regulations are considered to be a **public nuisance**, and therefore may be **removed and impounded**. Signs considered to be a public nuisance include the following:
  - a. Any **unauthorized private sign placed on public property**, including street rights-of-way and easements.
  - b. Any **unauthorized private sign placed on railroad property, or on a utility pole, box, fence, or other utility structure.**
  - c. Any **unauthorized private sign attached to a tree**, whether on public or private property.
  - d. Any sign, including **graffiti or tagging**, placed on a private structure without the authorization of the property owner.
  - e. Any vehicle, trailer or similar movable structure used as a sign or sign support, **when the primary purpose of the vehicle is the display of the sign**, as opposed to transporting passengers or carrying cargo, parked for a period of more than 72 hours where the sign is visible from a public way.
2. **Impoundment.** Any permanent, temporary, short-term or hand portable sign declared to be a public nuisance, and removed by order of the Zoning Administrator, may be impounded by the City.
  - a. **Redemption from Impoundment.** If not redeemed **within 30 days** by the owner paying a service charge of \$20 per sign, the City may dispose of the sign in any manner deemed appropriate.

J. **Costs of Removal.** The owner of any sign which must be removed by the City is responsible for reimbursing the City for the costs of removal.

1. **Notice of Costs.** The City must provide a Notice of Costs to the sign owner by hand delivery or certified mail, return receipt requested, which includes any and all incidental expenses incurred by the City in connection with removal of the sign.

a. If the sign owner does not pay the costs due **within 30 days**, the City Clerk will assess the costs as a **special assessment** against the lot or parcel of land on which the sign was located.

K. **Penalties.**

1. See Zoning Regulations, Article 9-103A on Penalties for violations of Zoning Regulations.

2. See Zoning Regulations, Section 9-103B on Remedies the City may pursue for violations of Zoning Regulations.

## Section 109 Requirements in All Zones for All Signs

A. **Traffic Safety.**

1. Signs must be designed so they cannot be confused with any traffic control sign, signal or device. Signs must not interfere with, mislead or confuse traffic.

2. Do not locate signs where they **obscure the view** of any traffic control sign, signal or device.

3. Do not locate signs in any VISION TRIANGLE, with the following exceptions:

a. Official traffic signs.

b. Signs at least 8 feet clear above the ground, and with no more than 2 supports, each a maximum of 12 inches wide.

B. **Other Codes and Regulations Apply.**

1. Signs must not block any accessway or window required by any building, housing, or fire code, or by other applicable codes or regulations.

2. All signs must conform to the structural design standards of any applicable building code.

3. Wiring of all electrical signs must conform to any applicable electrical code.

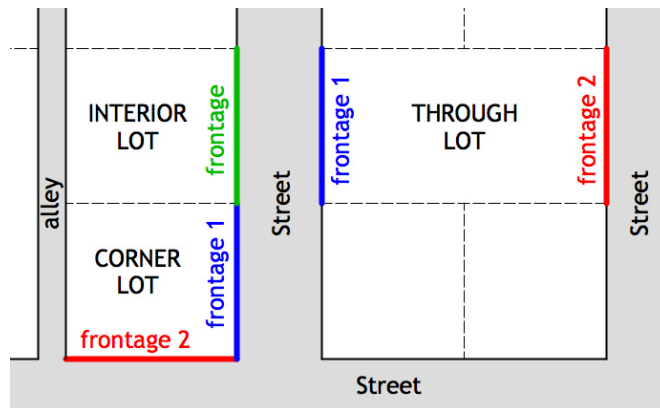

4. All signs must conform to traffic safety regulations, including requirements for VISION TRIANGLES.

5. For information on State of Kansas sign regulation standards, see K.S.A. 68-2231.

C. **Overhead Clearance.** All signs which project over a street or sidewalk, including but not limited to awning or canopy signs, projecting or suspended signs, pole or pylon signs, and pole banners, must provide **at least 7 feet of clearance between the ground surface and the bottom edge of any sign projection**.

#### D. Limitations on Total Sign Message Area.

1. On a single zoning lot, which is not a corner or through lot, the **total sign message area of all signs** must not exceed the maximum sign message area per street frontage set for that zoning district. (*See definition of FRONTAGE.*)
2. **Corner and Through Lots.** On corner and through lots, each lot line that abuts a street or highway is considered a **separate** street frontage. (*See definitions of LOT, CORNER and LOT, THROUGH.*)
  - a. **Each frontage** is allowed the sign message area of permissible signs for a zoning lot in the applicable zoning district.
  - b. Each frontage must be treated independently, and the sign message area **allowance for one frontage must not be used on the other frontage.**

### Section 110 Requirements in All Zones by Sign Type

- A. The requirements described in this section for each sign type apply for that sign type in all zones in the City of Sedgwick.
- B. **Requirements for Awning or Canopy Signs.**
  1. **Maximum sign message area:** 20% of the total area of the awning or canopy.
- C. **Requirements for Projecting or Suspended Signs.**
  1. **Maximum sign face area.**
    - a. Projecting Signs: 6 square feet per face.
    - b. Suspended Signs: 10 square feet per face.
  2. **Maximum Number of Signs.** One for each entrance to the building.
  3. **Minimum Separation Between Signs.** 10 feet.
- D. **Requirements for Wall Signs.**
  1. **Maximum area.** In all nonresidential zoning districts, the area of a wall sign must be **no more than 20%** of the gross wall area.
  2. **Murals.** To be exempted from these Regulations as art rather than be regulated as a wall sign, a mural must not contain commercial speech, must be less than 200 square feet in area, must contain less than 3% text by area, and must be located on a building in a business or industrial district.
    - a. On a lot with **less than 300 feet of frontage**, only one mural per zoning lot is allowed. On a lot with **300 feet or more of frontage**, a maximum of 2 murals per zoning lot are allowed.

**E. Requirements for Monument Signs.**

1. Maximum height: 15 feet.
  - a. For a monument sign **located at an entrance to a platted subdivision**: 10 feet.
2. The sign's **supporting base** must be at least half the maximum width of the sign.
3. Any monument sign located at an entrance to a platted subdivision must be constructed primarily of **masonry materials**.
  - a. For a monument sign located at an entrance to a platted subdivision, **design drawings** for the proposed sign must be submitted to the City Zoning Administrator for staff review and approval before a Zoning Permit will be issued.
    - (1) Design drawings must include plan and elevation views, a description of materials, and a description of lighting methods if applicable.

**F. Requirements for Pole or Pylon Signs.**

1. Minimum height: More than 15 feet.

**G. Requirements for Pole Banners.**

1. A zoning permit is required for initial installation of the permanent pole and brackets, but **the banner itself is considered a temporary message on a permanent sign**, and may be changed without additional permits.
2. No more than 2 pole banners per pole are allowed.
3. Maximum total area of pole banners: 32 square feet per pole.
4. Minimum distance between poles used for pole banners: 50 feet.
5. All pole **banners** must comply with any:
  - a. Structural and windload requirements of the pole and brackets on which it is mounted.
  - b. Size, weight, permeability, and attachment requirements described in the original zoning permit.

**H. Requirements for Projected Image Signs.**

1. A zoning permit is required for initial installation of the permanent projection system, but **the image itself is considered a temporary message on a permanent sign**, and may be changed without additional permits.
2. The **projection system** for a projected image sign must:
  - a. Be located on the same zoning lot as the surface on which the image will be projected.
  - b. **Not be located in the public RIGHT-OF-WAY**, or in any VISION TRIANGLE near an intersection.
  - c. Not obstruct pedestrian or handicap accessibility to buildings, emergency exits, transit stops, or parking spaces.
  - d. Not be located where its operation is liable to shine light directly into the eyes of drivers or pedestrians.
  - e. Be securely mounted, and comply with any applicable electrical, building or safety codes.
3. The **projected image** must:
  - a. Comply with the requirements for electronic message centers described in Article 7-103 of these Zoning Regulations.
  - b. Not be projected onto any residential building.
  - c. Not be projected across any sidewalk or driveway.

4. **Maximum area.** In all nonresidential zoning districts, the area of a projected image sign must be **no more than 20%** of the gross wall area.

**I. Requirements for Attention Getters.**

1. **Balloons.** For the purposes of these Zoning Regulations, all balloons on a single zoning lot are counted as one temporary sign.
2. **Pennants.** For the purposes of these Zoning Regulations, all pennants on a single zoning lot are counted as one temporary sign.
3. **Searchlight Signs.** Each searchlight sign on a single zoning lot is counted as one temporary sign.
  - a. **Maximum number:** 4 per zoning lot.
  - b. **Aggregate light intensity** of all searchlights on a zoning lot must not exceed 1,600 million foot candles.
  - c. When located within 25 feet of a street right-of-way, a searchlight must project beams at an **angle of at least 30 degrees above grade.**
  - d. A searchlight **may not project a beam at a street RIGHT-OF-WAY or impair the vision of anyone driving** a vehicle on the street or on private property.
  - e. A searchlight **may not project a beam at an adjoining property.**
  - f. A searchlight **may not be operated between the hours of 12:00 pm and 7:00 am.**
  - g. A searchlight may not be operated on a zoning lot for more than **10 consecutive days**, and there must be **at least 2 months between intervals of use.**

**J. Requirements for Banner Signs.**

1. Except for banner signs used as interim signs for a business at a new location, or located on active construction sites, banner signs must meet the following requirements.
  - a. On a zoning lot, one banner sign is allowed for each 100 linear feet of street frontage.
  - b. Allowed sign message area of all banner signs is the total of 32 square feet times the number of permitted banner signs.
  - c. Any banner sign must be at least 10 feet away from any other banner sign.
  - d. When mounted on temporary posts, a banner sign must be no more than 6 feet in height.
  - e. Banner signs must be securely attached to their supporting structure, and mounted so they remain stretched taught while displayed.
  - f. Banner signs are allowed on an individual property for a **maximum of 60 days** during any calendar year.
2. Banner signs are **not allowed in the public RIGHT-OF-WAY, and must not obstruct sidewalks.**
3. **Banner Signs as Interim Signs.** For a business in a new location, or for a business where an existing sign has been accidentally destroyed, banner signs are allowed as interim signs.
  - a. The maximum total area of banner signs used as interim signs may equal the area of existing signs, or the wall sign allowance for that building or tenant space, whichever is larger.
  - b. Banner signs used as interim signs are allowed for a **maximum of 90 days** after the business buys or leases the new location, or until a permanent sign is installed, whichever is less.

4. **Banner Signs on Construction Sites.** Banner signs located on a parcel of land which is a construction site must meet the following requirements.
  - a. One banner sign is allowed per zoning lot street frontage.
  - b. Maximum size per banner sign face is 60 square feet.
  - c. Banner signs on construction sites are allowed from **30 days before** the date plans are submitted for a building permit until **30 days after** the date the occupancy certificate is issued.

**K. Requirements for Blade Signs.** Blade signs must comply with the following requirements:

1. One blade sign is allowed per 50 feet of street frontage, up to a maximum of 4 signs per zoning lot.
  - a. **Exception:** For a zoning lot with at least 500 feet of frontage, a maximum of 8 blade signs are allowed.
2. Maximum width: 3.5 feet wide at the widest point.
3. Maximum height from grade, including the full length of the supporting pole: 14 feet.
4. Blade signs are allowed on an individual property for a **maximum of 60 days** during any calendar year.
5. When displayed, blade signs must:
  - a. Be located at least a distance equal to the height of the sign from RIGHT-OF-WAY, lot lines, and overhead utilities.
  - b. Not interfere with clear visibility at intersections.
  - c. Be securely anchored into the ground or secured in a portable base designed for the purpose.

**L. Requirements for Inflated Signs.** Inflated signs include balloon signs and air-activated signs.

1. Inflated signs are allowed in business or industrial districts, provided they meet the following requirements:
  - a. Only one inflated sign is permitted per zoning lot.
    - (1) **Exception:** A corner lot or through lot is permitted one inflated sign per street frontage.
  - b. Maximum height: 20 feet.
  - c. Inflated signs are allowed on an individual property for a **maximum of 60 days** during any calendar year.
  - d. When displayed, an inflated sign must:
    - (1) Be located at least a distance equal to the height of the sign from rights-of-way, lot lines, and overhead utilities.
    - (2) Comply with applicable building codes.
2. Inflated signs are **not allowed in the public RIGHT-OF-WAY, and must not obstruct sidewalks.**
3. **Air-activated Signs.** An air-activated sign may be operated only during business hours.
4. **Balloon Signs.** When displayed, a balloon sign must be securely anchored to the ground or a structure so that it cannot shift more than 3 feet horizontally under any condition.

**M. Requirements for Person Signs.** Person signs are allowed in business districts, provided they meet the following requirements:

1. No more than one person sign is permitted per zoning lot.
  - a. **Exception:** A corner lot or through lot is permitted one person sign per street frontage.
2. The use of lighting or amplified sound in conjunction with a people sign is prohibited.
3. The use of a mannequin to display a sign is prohibited.
4. If the person is holding a sign, the maximum size allowed for the held sign is 6 square feet.
5. Person signs are allowed on an individual property for a **maximum of 60 days** during any calendar year.
6. Person signs are **not allowed in the public RIGHT-OF-WAY**, and **must not obstruct sidewalks**.

**N. Requirements for Flag Signs.**

1. Two flag signs are allowed per zoning lot street frontage.
2. Maximum size per flag sign face is 35 square feet.

**O. Requirements for Yard Signs.**

1. A yard sign's face area must be **greater than 6 square feet**.
2. Number of Signs by zoning lot street frontage.
  - a. For lots with **less than 100 feet of frontage**:
    - (1) Maximum number of yard signs per zoning lot: 1.
    - (2) Maximum total area of yard signs per zoning lot: 32 square feet.
    - (3) Maximum height: 6 feet.
  - b. For lots with **more than 100 feet and less than 500 feet of frontage**:
    - (1) Maximum number of yard signs per zoning lot: 2.
    - (2) Maximum total area of yard signs per zoning lot: 64 square feet.
    - (3) Maximum height: 8 feet.
  - c. For lots with **more than 500 feet of frontage**, or with frontage **along a limited-access highway**:
    - (1) Maximum number of yard signs per zoning lot: 3.
    - (2) Maximum total area of yard signs per zoning lot: 100 square feet.
    - (3) Maximum height: 10 feet.
3. Yard signs must be located outside of any VISION TRIANGLE near an intersection, and **outside of the public RIGHT-OF-WAY**.

4. Yard signs are allowed on an individual property for a **maximum of 180 days** during any calendar year.
  - a. **Exception:** When **located on a parcel of land that is for sale or lease**, yard signs are allowed from the time the property goes on the market until **14 days after** the property is sold or leased.
  - b. **Exception:** When **located on a parcel of land which is a construction site**, yard signs are allowed from **30 days before** the date plans are submitted for a building permit until **30 days after** the date the occupancy certificate is issued.
  - c. **Exception:** When **located on a parcel of land which has an active temporary use permit**, yard signs are allowed for the duration of the temporary use.
    - (1) When the temporary use permit expires, all elements of accessory signs, including support structures, must be removed **within 3 days**.
- P. **Requirements for Hand Portable Signs.** To be permitted, hand portable signs — including reusable metal-frame or post & beam signs, and A-frame or T-frame sidewalk signs — must meet the following requirements:
  1. In residential zoning districts, one hand portable sign is allowed per street frontage on each zoning lot.
  2. In business zoning districts, hand portable signs must be spaced at least 50 feet apart.
  3. **Maximum area** per sign face is 12 square feet.
  4. **Maximum width** is 3 feet.
  5. When displayed, a hand portable sign must be placed on **private** sidewalk pavement. **Hand portable signs are not allowed on the public RIGHT-OF-WAY, including public sidewalks.**
  6. When displayed, a hand portable sign must be located to maintain a minimum clear sidewalk width of 5 feet, and must not obstruct pedestrian or handicap accessibility to buildings, emergency exits, transit stops, or parking spaces.
  7. Hand portable signs may be displayed only during business hours.

**Section 111 Sign Regulations by Zoning District**

A. **AGRICULTURAL ZONE A-1:** The following regulations apply to signs in the A-1 Agricultural District.

1. **Permissible Sign Types:**

a. Permanent signs.

(1) Wall signs.

(2) Monument signs.

(3) Pole or pylon signs.

B. Temporary signs.

(1) Balloons.

(2) Pennants.

(3) Banner signs.

(4) Blade signs.

(5) Air-activated signs.

(6) Balloon signs.

C. Short-term signs.

(1) Yard signs.

2. **Maximum number of signs** allowed on each zoning lot:

a. **Permanent Signs:** On each zoning lot,  
1 permanent sign per street frontage.

b. **Short-term and Temporary Signs:** On each zoning lot,  
1 short-term and 1 temporary sign per street frontage.

3. **Maximum total sign message areas** allowed on each zoning lot:

a. **Permanent Signs:** 100 square feet per sign.

b. **Short-term and Temporary Signs:** 32 square feet per sign.

4. **Maximum height permitted for pole or pylon signs:**  
15 feet.

5. **Minimum Separation:** A sign must be separated from any **residential district** at least by a distance in feet **equal to** the surface area of the sign in square feet.

**B. RESIDENTIAL ZONES R-1, R-2 and MH-1:** The following regulations apply to signs in these zoning districts:

- R-1 Single and Two-family Dwelling District
- R-2 Multiple-family Dwelling District
- MH-1 Manufactured Home Park District

**1. Permissible Sign Types:**

- a. Permanent signs.
  - (1) Wall signs.
  - (2) Monument signs.
- b. Hand portable signs.
  - (1) Reusable signs (metal-frame or post & beam).
  - (2) Sidewalk signs (A-frame or T-frame).
- c. Short-term signs.
  - (1) Yard signs.
- d. Temporary signs.
  - (1) Banner signs.

**2. Maximum number of signs allowed on each zoning lot:**

- a. **Permanent Signs:** On each zoning lot, 1 permanent sign per street frontage.
  - (1) **Exception:** For a **platted subdivision**, 1 monument sign is permitted per phase, or 1 per arterial or collector street entrance.
- b. **Hand Portable, Short-term and Temporary Signs:** On each zoning lot, 1 hand portable, 1 short-term or 1 temporary sign per street frontage.

**3. Maximum total sign message areas allowed on each zoning lot:**

- a. **Permanent Signs for Residential Uses:** 6 square feet per sign.
  - (1) **Exception:** For a **platted subdivision**, 100 square feet per sign.
- b. **Permanent Signs for Non-residential Uses:** 100 square feet per sign.
- c. **Hand Portable, Short-term and Temporary Signs for Residential Uses:** 6 square feet per sign.
- d. **Hand Portable, Short-term and Temporary Signs for Non-residential Uses:** 32 square feet per sign.

**4. Maximum height:** Signs associated with single-family dwellings must be located at a maximum height of 8 feet above the ground at the point of attachment.

**5. Setbacks:**

- a. A **front yard setback of 15 feet** is required for all **permanent signs**.
  - (1) No front yard setback is required for hand portable, short-term or temporary signs.
- b. **No side yard setback** is required in these zones.

**C. BUSINESS ZONES C-1 and C-2:** The following regulations apply to signs in these zoning districts:

- C-1 Central Business District
- C-2 General Business District

**1. Permissible Sign Types:**

a. Permanent signs.

- (1) Awning or canopy signs.
- (2) Projecting or suspended signs.
- (3) Wall signs.
- (4) Monument signs.
- (5) Pole or pylon signs.
- (6) Pole banners.

b. Hand portable signs.

- (1) Reusable signs (metal-frame or post & beam).

c. Short-term signs.

- (1) Flag signs.
- (2) Yard signs.

d. Temporary signs.

- (1) Banner signs.
- (2) Blade signs.
- (3) Person signs.

**2. Maximum number of signs allowed on each zoning lot:**

- a. **Permanent Signs:** On each zoning lot, 1 permanent sign per street frontage.
- b. **Hand Portable, Short-term and Temporary Signs:** On each zoning lot, 1 hand portable, 1 short-term or 1 temporary sign per street frontage.

**3. Maximum total sign message areas allowed on each zoning lot:**

- a. **Permanent Signs:** 100 square feet per sign.
- b. **Hand Portable, Short-term and Temporary Signs:** 32 square feet per sign.

**4. Maximum height permitted for pole or pylon signs:**  
20 feet.

**5. Minimum Separation:** A sign must be separated from any residence at least by a setback distance in feet **equal to half** the surface area of the sign in square feet.

D. **INDUSTRIAL ZONES I-1 and I-2:** The following regulations apply to signs in these zoning districts:

- I-1 Light Industrial District
- I-2 Heavy Industrial District

1. **Permissible Sign Types:**

a. Permanent signs.

- (1) Awning or canopy signs.
- (2) Projecting or suspended signs.
- (3) Wall signs.
- (4) Monument signs.
- (5) Pole or pylon signs.
- (6) Pole banners.
- (7) Projected image signs.

b. Hand portable signs.

- (1) Reusable signs (metal-frame or post & beam).
- (2) Sidewalk signs (A-frame or T-frame).

c. Short-term signs.

- (1) Flag signs.
- (2) Yard signs.

d. Temporary signs.

- (1) Balloons.
- (2) Pennants.
- (3) Searchlights.
- (4) Banner signs.
- (5) Blade signs.
- (6) Air-activated signs.
- (7) Balloon signs.

2. **Maximum number of signs** allowed on each zoning lot:

- a. **Permanent Signs:** On each zoning lot, 1 permanent sign per 300 feet or portion of 300 feet of street frontage.
- b. **Hand Portable, Short-term and Temporary Signs:**  
On each zoning lot, 1 hand portable, 1 short-term or 1 temporary sign per 300 feet or portion of 300 feet of street frontage.

3. **Maximum total sign message areas** allowed on each zoning lot:

- a. **Permanent Signs:** 1 square foot per linear foot of street frontage, up to a maximum of 150 square feet.
- b. **Hand Portable, Short-term and Temporary Signs:**  
32 square feet per sign per linear foot of street frontage.

4. **Maximum height permitted for pole or pylon signs:**  
20 feet.

5. **Minimum Separation:** A sign must be separated from any residence at least by a setback distance in feet **equal** to the surface area of the sign in square feet.

**ARTICLE 8. NONCONFORMING LOTS, STRUCTURES AND USES.****Section 100 Purpose.**

The purpose of this Article is to (1) provide for the regulation of nonconforming lots, buildings, structures and uses; and (2) specify those circumstances and conditions under which such nonconformities shall be permitted to continue. The right to continue a nonconforming lot, building, structure or use shall not be affected by a change in ownership or operator of the structure or use unless such ownership or operator is a condition attached to an approval for a special or conditional use. Definitions of such nonconformities are as follow:

- A. **Nonconforming Lot of Record:** A zoning lot which is shown by a recorded plat or deed to have been owned separately and individually from adjoining tracts of land at a time when the creation of a lot of such size and width at such location would not have been prohibited by any zoning regulations and such lot now neither complies with the lot area requirements or the width for any permitted uses in the zoning district in which it is located.
- B. **Nonconforming Structure:** An existing building or structure which does not comply with the maximum lot coverage and height or the minimum yard requirements which are applicable to new structures in the zoning district in which it is located.
- C. **Nonconforming Use:** An existing use of a structure or land which does not comply with the use regulations applicable to new uses in the zoning district in which it is located.
- D. **Nonconformity.** A nonconforming lot, use or structure that does not comply with currently applicable regulations, but that complied with zoning regulations in effect at the time it was legally established. *(See Sections 8-100A, B and C and 8-107 on Registration of Nonconformities and Exemptions.)*

**Section 101 Nonconforming Lots of Record.****A. In Any Residential District.**

- 1. Notwithstanding the regulations imposed by any other provision of these regulations, a single-family detached dwelling or any type of manufactured or mobile home which is a permitted use and complies with the restrictions in Section 8-101A2 may be located on a lot(s) in the same ownership that is not less than 48 feet in width with public water and sewerage and that consists entirely of a tract of land that:
  - a. Has less than the prescribed minimum lot area, width or depth, or all three; and
  - b. Meets the definition in Section 8-100A for a nonconforming lot of record.

2. Construction permitted by Section 8-101A1 shall comply with all of the regulations except lot area, width and depth applicable to a single-family detached dwelling or any type of manufactured or mobile home permitted in the zoning district in which the lot in question is located; provided, however, that the following side yard requirements shall apply in place of the side yard requirements otherwise applicable:
  - a. The structure shall be placed on the lot so as to provide a yard on each side of the dwelling.
  - b. The sum of the widths of the two side yards on each lot shall be not less than the smaller of:
    - (1) 20% of the width of the lot, or
    - (2) the minimum total for both side yards prescribed by the bulk regulations for the zoning district.
  - c. In any case, neither side yard resulting from the methods permitted in Section 8-101A2b shall be less than five feet wide.
  - d. When a yard is also considered to be a front yard on a corner lot, one of the front yards comprising part of the lot width may be reduced to 15 feet; provided, that a driveway to a parking space must maintain a length of at least 20 feet from the front lot line.

**B. In Districts Other than Residential Districts.**

1. Notwithstanding the regulations imposed by any other provision of these regulations, a structure designed for any permitted use may be erected on a lot of the type described in Section 8-101A1.
2. Construction permitted by Section 8-101B1 shall comply with all of the regulations except lot area, width and depth applicable in the zoning district in which the lot in question is located; provided, however, that the width of any side yard must not be less than that derived by applying the following formula (wherein the width of any side yard required = W):

$$W = \frac{\text{actual lot width} \times \text{minimum side yard by Zoning District regulations}}{\text{minimum lot width required by district regulations}}$$

**Section 102 Nonconforming Structures.**

- A. **Authority to Continue.** Any structure which is devoted to a use which is permitted in the zoning district in which it is located, but which is located on a lot which does not comply with the applicable lot size requirements and/or the applicable bulk regulations, may be continued, so long as it remains otherwise lawful, subject to the restrictions in Section 8-102B through 8-102D.
- B. **Enlargement, Repair or Alterations.** Any such structure described in Section 8-102A may be enlarged, maintained, repaired or structurally altered; provided, however, that no such enlargement, maintenance, repair or alteration shall either create any additional nonconformity or increase the degree of existing nonconformity of all or any part of such structure, except that as to structures located on a lot that does not comply with the applicable lot size requirements, the side yard requirements shall be determined by Section 8-101A2 or 8-101B2, whichever is applicable.
- C. **Damage.** In the event that any structure described in Section 8-102A is damaged, by any means except flooding, to the extent of more than 50% of its fair market value, such structure shall not be restored unless it shall thereafter conform to the regulations for the zoning district in which it is located; provided, that structures located on a lot that does not comply with the applicable lot size requirements shall not in any event be required to provide a side yard that exceeds the yard requirements in Sections 8-101A2 or B2, whichever is applicable. When a structure is damaged to the extent of 50% or less of its fair market value, no repairs or restoration shall be made unless a zoning permit is obtained and restoration is actually begun within one year after the date of such partial destruction and is diligently pursued to completion. If the applicant is aggrieved by the decision of the Zoning Administrator in approving the percent of damage to the value of the structure based on data submitted by the applicant, an appeal may be made to the Board of Zoning Appeals for a determination. *(See Section 8-105 for Nonconforming Nonresidential Structures and Uses and the City Floodplain Management Regulations for any substantial improvements.)*
- D. **Moving.** No structure described in Section 8-102A shall be moved in whole or in part for any distance whatever, to any other location on the same or any other lot, unless the entire structure shall thereafter conform to the regulations of the zoning district in which it is located after being moved. *(See Section 3-103M for Moving Structures.)*

**Section 103 Nonconforming Uses.**

**A. Authority to Continue.** Any lawfully existing nonconforming use of part or all of a structure or any lawfully existing nonconforming use of land, not involving a structure or only involving a structure which is accessory to such use of land, may be continued, so long as otherwise lawful, subject to the regulations contained in Sections 8-103B through 103J.

**B. Ordinary Repair and Maintenance.**

1. Normal maintenance and incidental repair or replacement, installation or relocation of nonbearing walls, nonbearing partitions, fixtures, wiring or plumbing, may be performed on any structure that is devoted in whole or in part to a nonconforming use; provided, however, that this subsection shall not be deemed to authorize any violation of Sections 8-103C through I of these regulations.
2. Nothing in these regulations shall be deemed to prevent the strengthening or restoring to a safe condition of a structure in accordance with an order of a public official who is charged with protecting the public safety and who declares such structure to be unsafe and orders its restoration to a safe condition provided that such restoration will not be in violation of Section 8-103F of these regulations.

**C. Structural Alteration.** No structure that is devoted in whole or in part to a nonconforming use shall be structural altered unless the entire structure and use thereof shall thereafter conform to all regulations of the zoning district in which it is located.

**D. Extension.**

1. Extension of a nonconforming use is permitted within a nonconforming structure to any portion of the floor area that was not occupied by such nonconforming use on the effective date of these regulations or on the effective date of the original City Zoning Regulations or a subsequent amendment heretofore that caused such use to become nonconforming; provided, however, that no structural alterations shall be made unless such changes, and the use thereof, conform to the regulations of the district in which the structure is located.
2. Extension of a nonconforming use of a part of a structure is not permitted if all or substantially all of the structure is designed or intended for a use which is permitted in the district in which the structure is located, nor shall the use be changed to any other nonconforming use.
3. Extension of a nonconforming use is not permitted to any structure or land area other than the one actually occupied or used by such nonconforming use on the effective date of these regulations or on the effective date of the original City Zoning Regulations or a subsequent amendment heretofore that caused such use to become nonconforming.

- E. **Enlargement.** No structure that is devoted in whole or in part to a nonconforming use shall be enlarged or added to in any manner unless such structure and the use thereof shall thereafter conform to the regulations of the district in which it is located.
- F. **Damage.** In the event that any structure that is devoted in whole or in part to a nonconforming use is damaged, by any means except flooding, to the extent of more than 50% of its fair market value, such structure shall not be restored unless such structure and the use thereof shall thereafter conform to all regulations of the zoning district in which it is located. When such damage is 50% or less of the fair market value, no repairs or restoration shall be made unless a zoning permit is obtained, and restoration is actually begun within one year after the date of such partial damage and is diligently pursued to completion. If the applicant is aggrieved by the decision of the Zoning Administrator in approving the percent of damage to the value of the structure based on data submitted by the applicant, an appeal may be made to the Board of Zoning Appeals for a determination. *(See Section 8-105 for Nonconforming Nonresidential Structures and Uses and the City Floodplain Management Regulations for any substantial improvements.)*
- G. **Moving.** No structure that is devoted in whole or in part to a nonconforming use shall be moved in whole or in part for any distance whatever, to any other location on the same or any other lot, unless the entire structure and the use thereof shall thereafter conform to all regulations of the zoning district in which it is located after being so moved. No nonconforming use of land shall be moved in whole or in part for any distance whatever, to any other location on the same or any other lot, unless such use shall thereafter conform to all regulations of the zoning district in which it is located after being so moved. *(See Section 3-103M for Moving Structures.)*
- H. **Change in Use.** If no structural alterations are made other than those necessary to repair or maintain the structure as described in Section 8-103B1, a nonconforming use of a structure may be changed to another nonconforming use of the same or of a similar type of use or more restrictive use. Similarly, a nonconforming use of land not involving a structure or involving only an accessory structure may also be changed. When a nonconforming use has been changed to a more restrictive use or to any permitted use, it shall not thereafter be changed back to a less restrictive use or to a nonconforming use. In determining whether a change in use is the same, similar or more restrictive, the Zoning Administrator shall consider the changes in environmental factors such as outdoor storage, loading, traffic, parking, noise, lighting, air pollution, hours of operation, screening and other factors, as well as the provisions available in Section 8-105. *(See Section 9-101A for Zoning Permits and Section 9-101B for Occupancy Certificates.)*

**I. Abandonment.**

1. When a nonconforming use of land, not involving a structure, or involving only a structure which is accessory to the nonconforming use of land, is abandoned for a period of six consecutive months, such use shall not thereafter be reestablished or resumed, and any subsequent use or occupancy of such land shall comply with the regulations of the zoning district in which such land is located.
2. When a nonconforming use of a part or all of a structure which was designed and intended for any use which is permitted in the zoning district in which such structure is located is abandoned for a period of 12 consecutive months, such use shall not thereafter be reestablished or resumed, and any subsequent use or occupancy of such structure shall comply with the regulations of the zoning district in which such structure is located.
3. When a nonconforming use of a part or all of a structure which was **not** designed and intended for any use which is permitted in the zoning district in which such structure is located, is abandoned for a period of 12 consecutive months, such use shall not thereafter be reestablished or resumed, and any subsequent use or occupancy of such structure shall comply with the regulations of the zoning district in which such structure is located.

- J. Nonconforming Accessory Structures or Uses.** No structure or use which is accessory to a principal nonconforming use shall continue after such principal use shall cease or terminate.

**Section 104 Nonconforming Residential Structures.**

Notwithstanding the provisions of Sections 8-103C, D and E, any structure which is devoted to a residential use and which is located in a business or industrial district, may be structurally altered, extended, expanded and enlarged; provided, that after any such alteration, extension, expansion or enlargement, such structure shall not be used to accommodate a greater number of dwelling or lodging units than such structure accommodated prior to any such work, unless specifically permitted by the district.

**Section 105 Nonconforming Nonresidential Structures and Uses.**

Notwithstanding any other provisions of these regulations and, in particular, Sections 8-102B and C and 8-103C, D, E, and F, nonconforming nonresidential structures and uses that existed on the day prior to the effective date of these regulations, may apply on a one time basis only to the Board of Zoning Appeals for a conditional use to structurally alter, enlarge or reconstruct after damage, or make extensions to structures or uses including the use of additional land when properly zoned for the use, so long as in the opinion of the Board under stated conditions that the effect upon adjacent areas is protected to the extent feasible and the public interest served. *(See Section 10-107C6 for Authorized Variances.)*

**Section 106 Status of Existing Permitted and Conditional Uses.**

- A. The following procedures are to be followed to determine the status of existing permitted and conditional uses after their reclassification as lawful permitted, special or conditional uses in these regulations to avoid nonconformities and to provide equitable conversions of such uses:

1. Where a use existed prior to the effective date of these regulations and was previously permitted as a conditional use, i.e., considered for a recommendation by the Planning Commission and approved by the Governing Body, such uses shall not be deemed to be nonconforming, but shall, without further action, be deemed to be a lawful special or conditional use as now classified with the same conditions applicable as originally established, unless reclassified now as a permitted use.

Enlargement, extension or alterations to existing structures or land improvements for expansion of such lawful uses may be made within the area of the zoning lot which was actually used or occupied for such use on the effective date of these regulations and shall be subject to all requirements set forth in these regulations as a permitted use, unless application is made for a special or conditional use to enlarge, extend or alter structures or land improvements beyond the area heretofore described.

**Section 107 Registration of Nonconformities and Exemptions.**

*(See Sections 8-100D for Nonconformities and 3-100E for Exemptions.)*

- A. **Purpose.** Registration of nonconformities and exemptions, among other purposes, is to provide a property owner with a record of their nonconformity or exemption which may be in effect for many years. Such a record is very desirable since most nonconformities or exemptions are established in the past and the availability of personal witnesses and written documentation to confirm their status becomes more difficult due to the passage of time. This is particularly important since the person claiming the nonconformity or exemption has the burden to prove their claim by the preponderance of the evidence. Registration can be especially useful to property owners who may have a nonconformity or exemption created by changing their zoning status from the unincorporated area of a county to the City regulations.
- B. **Rights Conditioned.** A lawfully established nonconformity including exemptions is a vested right protected by due process which is sometimes referred to as being "grandfathered-in". In order to establish such a right, it is essential that it be created or commenced prior to the enactment of the regulations which restricted its establishment. A nonconformity or exemption which violated the zoning regulations at its inception has no lawful right to continue. Once the validity of the nonconformity or exemption has been determined, it has the right to be sold, inherited, transferred or assigned unless restricted by a condition attached to a special or conditional use. Certain limitations, however, may be placed on the expansion, repair, maintenance and continuance of such nonconformities or exemption as may be determined by the provisions of Article 8 in these regulations. For example, continuance may be subject to abandonment or limited amortization of certain uses.

- C. **Registration Process.** The Zoning Administrator shall establish a process for registration of nonconformities and exemptions and a system for making determinations thereof and keeping records of the same. While there shall be no deadline for registration, property owners anticipating the need for registration should do so at their earliest convenience.
- D. **Registration Determination.** The Zoning Administrator shall determine the qualifications of the lot, use or structure for registration as to its legal, nonconforming status. Such determination in writing shall be based on the evidence submitted by the property owner requesting the registration.
- E. **Appeal.** An aggrieved party may appeal the Zoning Administrator's determination whether to register or not register the nonconformity or exemption to the Board of Zoning Appeals. *(See Section 10-106 pertaining to Appeals.)*

**ARTICLE 9. ADMINISTRATION AND ENFORCEMENT****Section 100 Office of the Zoning Administrator.**

A Zoning Administrator shall be appointed by the Mayor with the consent of the City Council. The Zoning Administrator and clerical assistance as shall be approved from time to time shall administer and enforce these regulations, except for those duties specifically assigned to the Clerk.

**A. Duties of the Zoning Administrator. (See Section 9-102 for Enforcement and Liability.)**

1. Approve and issue all zoning permits and occupancy certificates and make and maintain records thereof.
2. Conduct inspections of buildings, structures and uses of land to determine compliance with the provisions of these regulations.
3. Maintain a set of administrative forms to assist applicants and to process the cases considered by the Planning Commission, Board of Zoning Appeals and Governing Body.
4. Receive, file and forward to the Planning Commission the applications and records for all amendments and special uses which are initially filed with the Zoning Administrator.
5. Receive, file and forward to the Board of Zoning Appeals the applications and records for all variances and conditional uses which are initially filed with the Zoning Administrator and forward all records of appeals to the Chairperson of the Board.
6. Maintain permanent and current public records of the zoning regulations, including but not limited to all Official Zoning Maps, amendments, special uses, appeals, variances, conditional uses and applications thereof and records of hearing thereon.
7. Provide such technical and clerical assistance as may be required by the Planning Commission, the Board of Zoning Appeals, the Governing Body and other agencies and officials in the exercise of their duties relating to these regulations.
8. Maintain for distribution to the public a supply of the current Zoning Regulations, Official Zoning Map(s) and any rules of the Planning Commission and the Board of Zoning Appeals. A fee may be charged to defray the cost of printing and distribution.
9. Maintain the official copy of the zoning map(s) showing the district boundaries. Such map(s) shall be marked "Official copy of zoning district map(s) incorporated into zoning regulations by adoption of Ordinance No.\_\_\_\_ by the Governing Body of the City of Sedgwick on the\_\_\_\_ day of \_\_\_\_\_, 20\_\_" and shall be open to inspection and available to the public at all reasonable business hours. Each map shall be signed by the Mayor and attested to by the Clerk. Periodic changes to the map(s) shall be noted by a revision date.

B. **Duties of the Clerk.** The Clerk shall maintain certain official records and carry out certain responsibilities in the administration of these regulations as follows:

1. That not less than three copies of these model code regulations shall be marked by the Clerk as "Official Copy as Incorporated by Ordinance No.\_\_\_\_\_", (i.e., the ordinance approved by the Governing Body) and all sections or portions thereof intended to be omitted clearly marked to show any such omissions or showing the sections, articles, chapters, parts or portions that are incorporated and to which shall be appended a copy of the incorporating ordinance. Such copies maintained by the Clerk shall be open to inspection and available to the public at all reasonable business hours.
2. That the Clerk supply at cost to the City official copies of these regulations similarly marked as described in Section 9-100B1 to the applicable police department, court, Zoning Administrator and all administrative departments of the City charged with the enforcement of these regulations. Subsequent amendments to these regulations shall be appended to such copies unless the Model Code is readopted to include all of the text.
3. That such clerical assistance be provided by the Clerk to the Governing Body as to facilitate and record the actions of the Governing Body in the exercise of their duties relating to these regulations.

## Section 101 Zoning Permits and Occupancy Certificates.\*

### A. Zoning Permits.

1. Unless a zoning permit shall first have been obtained from the Zoning Administrator, the construction, reconstruction, moving or structural alteration of any building or structure or the improvement of land prior to its use or the use of any land or structure being changed to any other use, shall not be commenced. For permits required on accessory uses, temporary uses, home occupations, plans for parking and loading space and signs, see Articles 5, 6 and 7. Such permits shall not be issued by any other official, employee, department, board or agency of the City, except as provided for as a temporary permit in Section 6-101. **Any zoning permit issued in conflict with the provisions of these regulations shall be null and void.** (See Section 8-103H for Change in Use.)
2. Except for a continuation of an existing use or occupancy, accessory structures or uses, or additions to existing structures or uses, permits must also meet the requirements of the City Subdivision Regulations and, thus, shall not be issued on land which is not shown on a recorded plat or replat, or a lot split or exempted from the platting requirements. If platting or replatting is not required, all of the public improvements necessary to carry out the requested permit nevertheless may be required, including dedications in lieu of platting such as for easements and additional rights of way.

---

**\*NOTE:** The City may issue zoning permits and occupancy certificates concurrently with the process of issuing building and occupancy permits under any City building codes.

3. No principal or accessory building or structure or use, or portion thereof, shall be permitted to locate on or project over any platted or recorded public easement or over any known utility installation, unless (1) as a sign permitted by Section 7-102K or (2) as an accessory structure or use which is moveable, relocatable or poses no significant problem to the maintenance of existing public improvement installations or to such future installations. Ground level extensions such as concrete slabs or other permanent-type materials are not permitted in or on a public easement except as extensions of parking spaces, driveways or sidewalks for which a zoning permit has been or is being issued. In any event, when such structures or uses are permitted to be located on or project over such easements, the property owner assumes the risk and liability for any reconstruction or replacement necessary including fences if any maintenance or other improvements are required by a governmental agency or a utility provider.
4. A zoning permit is not initially required for grading and/or excavating a proposed construction site, unless the site is located in a designated floodplain and would result in an increase in base flood elevations. *(See the City Floodplain Management Regulations.)*
5. **Application.** Every application for a zoning permit shall be accompanied by the following:
  - a. A drawing or copy of the recorded plat, in duplicate, of the piece or parcel of land, lot(s), block(s), parts or portions thereof, drawn to scale showing the actual dimensions of the zoning lot(s), including any easements thereon.
  - b. A drawing, in duplicate, drawn to scale and in such form as may, from time to time, be prescribed by the Zoning Administrator, showing the location, ground area, height and bulk of (1) all present and proposed structures, (2) drives, parking spaces and loading areas, (3) building setback lines in relation to lot lines, (4) waste disposal areas, (5) use to be made of such present and proposed structures on the land, and (6) such other information as may be required for the proper enforcement of these regulations.

One copy of such drawings shall be retained by the Zoning Administrator as a public record.
6. **Issuance.** A zoning permit shall be either issued or disapproved by the Zoning Administrator within 10 days after the receipt of an application thereof or within such further period as may be agreed to by the applicant. When the Administrator refuses to issue a zoning permit, he shall advise the applicant in writing of the reasons for the disapproval.
7. **Period of Validity.** A zoning permit shall become null and void 180 days after the date on which it is issued, unless within said period construction, reconstruction, moving or structural alteration of a structure is commenced or a use is commenced. If the construction or work is abandoned or suspended for any 180-day period after such a permit is issued, then application may be made to the Zoning Administrator for an extension of time to continue the project. The Zoning Administrator may grant reasonable extensions of time provided no changes have been made in any applicable regulations. If such changes have occurred, application must be made for a new permit based on the provisions of the new or amended regulations in order to continue the project, unless Section 2-101G applies pertaining to vesting of single-family residential developments. *(See Section 2-101F for Effect of Existing Permits.)*

**B. Occupancy Certificates.** No structure or addition thereto constructed, reconstructed, moved or altered after the effective date of these regulations shall be occupied or used for any purpose; and no land vacant on the effective date of these regulations shall be used for any purpose; and no use of any land or structure shall be changed to any other use, unless an occupancy certificate shall first have been obtained from the Zoning Administrator certifying that the proposed use or occupancy complies with all the provisions of these regulations.

1. **Application.** Every application for a zoning permit shall be deemed to be an application for an occupancy certificate. Every occupancy certificate shall be in such form and contain such information as the Administrator shall provide by general rule.

2. **Issuance.**

a. No occupancy certificate for a structure or addition thereto constructed, reconstructed, moved or structurally altered or for the new or changed use of any structure or land shall be issued after the effective date of these regulations until such work has been completed and the premises inspected and certified by the Zoning Administrator to be in full and complete compliance with the plans and specifications upon which the zoning permit was issued including the requirements for utilities, streets and other public improvements in the City Subdivision Regulations which must either be installed or guaranteed. Direct access must be available from the frontage of each zoning lot to an opened public street or otherwise the street improvement must be guaranteed by such methods as stated in the Subdivision Regulations.

b. An occupancy certificate shall be issued or written notice shall be given to the applicant stating the reasons why a certificate cannot be issued within 10 days after the receipt of an application therefore or after the Zoning Administrator is notified in writing that the structures or premises are ready for occupancy or use. Pending the issuance of a permanent occupancy certificate, a temporary occupancy certificate may be issued to be valid for a period not to exceed six months from its date pending the completion of any addition or improvement(s) or during partial occupancy of the premises; provided, satisfactory guarantees are submitted including the possible use of performance bonds or escrow accounts.

## **Section 102 Enforcement and Liability.**

A. It shall be the duty of the Zoning Administrator or any deputies working under his direction to enforce the provisions of these regulations in consultation with the City Attorney in the following manner:

1. To refuse to issue any zoning permit or occupancy certificate for any building or structure or use of any premises which would violate any of the provisions herein.

2. To revoke a zoning permit and issue a stop order at any time for a building or structure or use for which the same was issued when it shall appear (1) that there is a departure from the plans, specifications or conditions as required under terms of the permit; (2) that the same was procured by false representation; (3) that it was issued by mistake, or (4) that it violates any provisions of the zoning regulations.

3. To cause any building, structure, place or premises to be inspected and examined as required by these regulations and to order in writing the remedying of any condition found to exist therein or threat in violation of any provisions herein.
  4. To institute any appropriate action or proceedings to prevent such unlawful action or use or to restrain, correct or abate such violation on or about the premises of any building or structure which is constructed, built, moved, structurally altered or reconstructed or land is used in violation of any provisions herein.
- B. The Zoning Administrator or designee charged with the enforcement of these regulations, acting in good faith and without malice in the discharge of the duties described herein, shall not be personally liable for any damage that may accrue to persons or property as a result of any act or by reason of an act or omission in the discharge of such duties. A suit brought against the Administrator because of an act or omission performed by the Administrator in the enforcement of any provision of these regulations or other pertinent laws or ordinances implemented through the enforcement of these regulations shall be defended by the City until final termination of such proceedings, and any judgment resulting therefrom shall be assumed by the City. *(See K.S.A. 75-6101, et seq. in general and K.S.A. 75-6109 specifically.)*

### Section 103 Violations.

- A. **Penalties.** Pursuant to K.S.A. 12-761, as amended, any violations of these regulations shall be deemed to be a misdemeanor. The owner or agent of a building, structure or premises in or upon which a violation of any provision of these regulations has been committed or shall exist or the lessee or tenant of an entire building or entire premises in or upon which a violation has been committed or shall exist; or the agent, architect, building contractor or any other person who commits, takes part or assists in any violation or who maintains any building, structure or premises in or upon which a violation has been committed or shall exist, shall be punished by a fine not to exceed \$500 or by imprisonment for not more than six months for each offense or by both such fine and imprisonment. Each day's violation shall constitute a separate offense.
- B. **Remedies.** In case any building or structure is erected, constructed, reconstructed, structurally altered, converted or maintained; or any building, structure or land is used or is proposed to be used in violation of these regulations, the appropriate authorities of the City of Sedgwick, in addition to using other remedies, may institute injunction, mandamus or other appropriate action or proceeding to prevent such unlawful erection, construction, reconstruction, alteration, conversion, maintenance or to correct or abate such violation, or to prevent the occupancy of such building, structure or land. In addition to the City, any person, the value or use of whose property is or may be affected by such violation, shall have the authority to maintain suits or actions in any court of competent jurisdiction to enforce these regulations and to abate nuisances in violation thereof.

## **Section 104 Fees.**

For purposes of wholly or partially defraying the costs of the administrative and enforcement provisions described in these regulations, including publication costs, the applicant upon filing an application for an amendment, special use, appeal, conditional use, variance or a zoning permit including occupancy certificate, shall pay the Clerk a fee according to the Fee Schedule approved by the Governing Body. No part of such fee shall thereafter be refunded except for a zoning permit which is not approved.

## **Section 105 Reports.**

The Zoning Administrator shall periodically report verbally or in writing to the Governing Body and the Planning Commission a summary of all zoning permits issued during the preceding period, giving details of any permitted variations, as well as the current status of all applications in process for amendments, special uses, appeals, conditional uses and variances. Such a report shall include comments on any problems encountered in the administration or enforcement of these regulations which may especially be of use at the annual review established by Section 11-105.

## ARTICLE 10. BOARD OF ZONING APPEALS

### Section 100 Authorization.

The Planning Commission as previously established by the Governing Body has been designated to also serve as the Board of Zoning Appeals as prescribed by K.S.A. 12-759, as amended, and hereinafter in this Article will be referred to as the "Board."

### Section 101 General Procedures.

All members of the Planning Commission are voting members of the Board whether they reside inside or outside the city limits and shall serve without compensation, but may be reimbursed for expenses when authorized by the Governing Body. All officers of the Planning Commission are officers of the Board including the Secretary. Public records shall be kept of all official actions of the Board which shall be maintained separately from the Planning Commission by the Secretary. The Board shall keep minutes of its proceedings showing evidence presented, findings of fact, decisions and the vote of each member upon each question. If absent, abstaining or disqualified from voting, such fact shall be indicated. Special meetings shall be held at the call of the Chairperson and at such other times as the Board may determine in its bylaws. Board meetings may be held separately from a Planning Commission meeting or in conjunction with such a meeting wherein the Planning Commission may recess a portion of its meeting to conduct business of the Board and to reconvene to continue the Planning Commission agenda. When a quorum is declared present, all actions of the Board including appeals, variances and conditional uses as exceptions shall be made by motion and decided by a majority vote of the members present and voting.

The Board shall adopt rules for its operation in the form of bylaws which shall include hearing procedures and will not be in conflict with the ordinance designating the Planning Commission as the Board, the applicable state statutes and the provisions of these regulations. Such bylaws shall be subject to the approval of the Governing Body. The Governing Body shall establish a scale of reasonable fees to be paid in advance by the appealing party.

### Section 102 Jurisdiction.

The Board shall have the following jurisdiction and authority as a quasi-judicial body:

- A. To hear and decide appeals where it is alleged there is error in any order, requirement, decision or determination (all hereinafter referred to collectively as "decision") made by the Zoning Administrator in the enforcement of these regulations subject to the procedure and standards set out in Section 10-106.
- B. To hear and decide on variances from specific terms of these regulations subject to the procedure and standards set out in Section 10-107.
- C. To hear and decide on conditional uses as exceptions subject to the procedure and standards set out in Section 10-108.

**Section 103. Notice of Hearing.**

For the hearing on each appeal for a decision, variance or conditional use, public notice of the date, time and place of the hearing, the legal description or a general description sufficient to identify the property under consideration, and a brief description of the subject of such hearing shall be published once in the official newspaper so that at least 20 days shall elapse between the date of such publication and the date for the hearing. All notices shall include a statement that a complete legal description is available for public inspection and shall indicate where such information is available when only a general description of the property is provided in the notice. A copy of such notice shall be mailed to each party making the appeal and to the Secretary of the Planning Commission.

For land inside the city limits, the Board shall also provide notice to all owners of record of real property located within 200 feet of the exterior boundary of the property under consideration both within the city limits and extending outside the city limits when necessary. If the applicant's property is located adjacent to but within the city limits, the area of notification in addition to the 200 feet inside the City, shall be extended to 1,000 feet in the unincorporated area. If such area is located outside the main portion of the city limits, the area of notification shall extend for 1,000 feet and, if such notification extends into the city limits, then 200 feet inside the city limits must also be included. Such notice shall be mailed so that at least **20 days shall elapse** between the mailing date and the hearing date. A list of such owners of record of real property with their addresses and zip codes shall be provided by the applicant. Failure to receive such notice after it has been properly addressed and deposited in the mail shall not invalidate any subsequent action taken by the Board. If there is no quorum present for the meeting or at the time of the hearing, the members in attendance may agree to hold another meeting in the future at a stated date, time, and place for which, when announced at the present meeting, no further public notice need be given.

The Board may give additional notice to other persons as it may from time to time provide by its rules. Such rules may include requirements for additional notice to be provided for by the posting of signs on the property to be considered in the appeal application.

**Section 104 Conduct of Hearing.**

The Board shall select a reasonable time and place for the hearing on each appeal of a decision, variance or conditional use as an exception. All hearings shall be open to the public; however, when hearing such appeals the Board exercises quasi-judicial functions and, thus, may upon proper motion proceed to deliberate in closed session according to K.S.A. 75-4318(a). No binding action may be taken and all voting must be conducted in an open meeting. Any person may appear and testify at a hearing, either in person or by a duly authorized agent or attorney. Every decision of the Board shall be filed without unreasonable delay with the Zoning Administrator and shall be open to public inspection during reasonable business hours.

**Section 105 Finality and Judicial Review of Decisions.**

Any order or determination of the Board on an appeal for a decision, a variance or a conditional use as an exception, shall be final decisions and shall be subject to judicial review, but not appealable to the Planning Commission or the Governing Body. Any person, official or governmental agency, jointly or separately dissatisfied by any decision of the Board, may present to the County District Court, a petition, duly verified, stating that such decision is illegal in whole or in part, specifying the grounds of the illegality and asking for relief therefrom based on a determination of the reasonableness of any such order or determination. Such petition shall be filed with the Court within 30 days after the date of filing the final decision with the Zoning Administrator.

**Section 106 Appeals.**

An appeal from a decision of the Zoning Administrator with respect to the interpretation, application or enforcement of these regulations may be taken to the Board by any person aggrieved, or by any officer of the City, county or any governmental agency or body affected by any decision of the Zoning Administrator.

- A. **Time for Appeals.** Appeals shall be made within 30 days after a decision has been made by the Zoning Administrator by filing an application for appeal. Upon the Chairperson's receipt of an application for appeal and notification to the Zoning Administrator, the Administrator shall forthwith transmit to the Chairperson all of the papers constituting the record upon which the decision being appealed was based.
- B. **Application.** An application for an appeal shall (1) be filed with the Chairperson, (2) specify the grounds for such an appeal, (3) include the legal description of any property involved with the appeal, (4) be accompanied by an ownership list as required by Section 10-103 and the filing fee, and (5) provide such additional information as may be prescribed by rule of the Board.
- C. **Stay of Proceedings.** An appeal shall stay all legal proceedings in furtherance of the action appealed from unless the Zoning Administrator certifies to the Board, after the application for appeal has been filed, that by reason of facts stated in the certificate a stay would, in his opinion, cause imminent peril to life or property. In such case, the proceedings shall not be stayed other than by a restraining order which may be granted by the Board or by a court of record on petition with notice to the Zoning Administrator and on the basis of due cause shown.
- D. **Hearing and Notice.** A hearing on the application for such an appeal shall be held and notice thereof given as specified under Sections 10-103 and 104 and which are consistent with the general procedures and records required by Section 10-101.
- E. **Decision.** The Board may affirm or reverse, wholly or partly, or may modify the order, requirement, decision or determination appealed from, and may make such order, requirement, decision or determination as ought to be made, and to that end shall have all the powers of the Zoning Administrator, and may issue or direct the issuance of a zoning permit and/or occupancy certificate. No conditions may be attached to such a decision that could not otherwise have been available to the Zoning Administrator in making his initial decision. The Board shall render a written decision in the form of a resolution on the appeal without unreasonable delay after the close of a hearing and, in all cases, within 45 days after the close of the hearing.

**Section 107 Variances.**

The Board may authorize such variances from the terms of these regulations as will not be contrary to the public interest and provided that the spirit of the regulations shall be observed, public safety and welfare secured and substantial justice done. Variances may be authorized only in those specific instances enumerated in Section 10-107C and then only when the Board has made findings of fact based upon the standards set out in Section 10-107D that owing to special conditions a literal enforcement of the provisions of these regulations will, in an individual case, result in unnecessary hardship for the owner, lessee or occupant of land or structures. **According to K.S.A. 12-759(e), any such variance shall not permit any use not permitted by these regulations in the zoning district in which the variance is requested.**

- A. **Application.** An application for a variance shall (1) be filed with the Zoning Administrator, (2) provide the legal description of the property involved with the variance, (3) be accompanied by an ownership list as required by Section 10-103 and the filing fee, and (4) contain the following information as well as such additional information as may be prescribed by rule of the Board:
1. The particular requirements of these regulations which prevent the proposed use or construction;
  2. The characteristics of the subject property which prevent compliance with the requirements of these regulations;
  3. The reduction of the minimum requirements of these regulations which would be necessary to permit the proposed use or construction; and
  4. The particular hardship which would result if the particular requirements of these regulations were applied to the subject property.
  5. Submit a sketch drawn to scale showing the lot(s) included in the application, the structures existing thereon and the structures proposed that necessitate the request.
- B. **Hearing and Notice.** A hearing on the application for such a variance shall be held and notice thereof given as specified under Sections 10-103 and 104 and which are consistent with the general procedures and records required by Section 10-101.
- C. **Authorized.** Variances from the provisions of these regulations shall be granted by the Board only in accordance with the standards set out in Section 10-107D, and may be granted only in the following instances and in no others:
1. To vary the applicable minimum lot area, lot width and lot depth requirements.
  2. To vary the applicable bulk regulations, including maximum height and lot coverage and minimum yard requirements.
  3. To vary the dimensional provisions for permitted obstructions in required yards including fences in Sections 3-103F.
  4. To vary the applicable number of required off-street parking spaces and the amount of off-street loading requirements of Article 5.
  5. To vary the applicable dimensional sign provisions of Article 7 regarding general standards and district regulations.

6. To vary the applicable requirements in Sections 10-107C1 through 5 above in conjunction with conditional use applications for nonconforming, nonresidential structures and uses under provisions of Section 8-105.
7. To vary the applicable provisions permitted by the floodplain regulations. (*See the City Floodplain Management Regulations.*)

**D. Standards:**

1. The Board may grant a variance upon specific written findings of fact based upon the particular evidence presented to it at the hearing that all the conditions required by K.S.A. 12-759(e) have been met which are listed below:
  - a. That the variance requested arises from such condition which is unique to the property in question and which is not ordinarily found in the same zoning district, and is not created by an action or actions of the property owner or the applicant;
  - b. That granting of the variance will not adversely affect the rights of adjacent property owners or residents;
  - c. That strict application of the provisions of these regulations from which a variance is requested will constitute unnecessary hardship upon the property owner represented in the application;
  - d. That the variance desired will not adversely affect the public health, safety, morals, order, convenience, prosperity or general welfare; and
  - e. That granting the variance desired will not be opposed to the general spirit and intent of these regulations.
2. In determining whether the evidence supports the conclusions required by Section 10-107D1, the Board shall consider the extent to which the evidence demonstrates that:
  - a. The particular physical surroundings, shape or topographical condition of the specific property involved would result in a practical difficulty or unnecessary hardship upon or for the owner, lessee or occupant, as distinguished from a mere inconvenience, if the provisions of these regulations were literally enforced;
  - b. The request for a variance is not based exclusively upon a desire of the owner, lessee, occupant or applicant to make more money out of the property;
  - c. The granting of the variance will not be materially detrimental or injurious to other property or improvements in the neighborhood in which the subject property is located; and
  - d. The proposed variance will not impair an adequate supply of light or air to adjacent property, substantially increase congestion on public streets or roads, increase the danger of fire, endanger the public safety or substantially diminish or impair property values within the neighborhood.

- E. **Conditions.** In granting a variance, the Board may impose such conditions upon the premises benefitted by the variance as may be necessary to comply with the standards set out in Section 10-107D which would reduce or minimize any potentially injurious effect of such variance upon other property in the neighborhood and to carry out the general purpose and intent of these regulations, including methods for guaranteeing performance such as are provided for in Section 10-108D. Failure to comply with any of the conditions for a variance which are later attached to a zoning permit shall constitute a violation of these regulations. If an applicant desires to make a change in a condition at a later date, it is necessary to apply for a rehearing and a decision be made in the same manner as the original variance; however, only the requested condition is to be reconsidered at the hearing.
- F. **Decisions and Records.** The Board shall render a written decision containing specific findings of fact in the form of a resolution on an application for a variance without unreasonable delay after the close of a hearing, but in all cases within 45 days after the close of the hearing. The Zoning Administrator shall maintain complete records of all actions of the Board with respect to applications for variances in order to properly issue permits.
- G. **Period of Validity.** No variance granted by the Board shall be valid for a period longer than 180 days from the date on which the Board grants the variance, unless within such 180-day period a zoning permit is obtained and the variance requested is started. The Board may grant additional extensions not exceeding 180 days each, upon written application during the existing 180-day period, without further notice or hearing.

### Section 108 Conditional Uses.

The Board may grant as an exception to the provisions of these regulations, the establishment of only those conditional uses that are expressly authorized to be permitted in a particular zoning district or in one or more zoning districts. No such conditional use shall be granted unless it complies with all of the applicable provisions of these regulations.

- A. **Application.** An application for a conditional use shall (1) be filed with the Zoning Administrator, (2) provide the legal description of the property involved with the conditional use, (3) be accompanied by an ownership list as required by Section 10-103 and the filing fee, and (4) contain the following information as well as such additional information as may be prescribed by rule of the Board:
1. A statement or diagram showing compliance with any special conditions or requirements imposed upon the particular conditional use by the applicable district regulations or Section 10-108D if applicable;
  2. A statement as to why the proposed conditional use will not cause substantial injury to the value of other property in the neighborhood;
  3. A statement as to how the proposed conditional use is to be designed, arranged and operated in order to permit the development and use of neighboring property in accordance with the applicable district regulations; and
  4. Present data in support of the standards specified in Section 10-108C.
  5. Submit a sketch drawn to scale showing the lot(s) included in the application, the structures existing thereon and the structures proposed which necessitate the request.

- B. Hearing and Notice.** A hearing on the application for such a conditional use as an exception shall be held and notice thereof given as specified under Sections 10-103 and 104 and which are consistent with the general procedures and records required by Section 10-101.
- C. Standards.** The Board may grant a conditional use when it makes specific written findings of fact based upon the particular evidence presented to it at the hearing which support conclusions that:
1. The proposed conditional use complies with all applicable regulations, including lot size requirements, bulk regulations, use limitations and performance standards; unless a concurrent application is in process for a variance.
  2. The proposed conditional use will not cause substantial injury to the value of other property in the neighborhood.
  3. The location and size of the conditional use, the nature and intensity of the operation involved in or conducted in connection with it, and the location of the site with respect to streets giving access to it are such that the conditional use will not dominate the immediate neighborhood so as to prevent development and use of neighboring property in accordance with the applicable zoning district regulations. In determining whether the conditional use will so dominate the immediate neighborhood, consideration shall be given to:
    - a. The location, nature and height of buildings, structures, walls and fences on the site; and
    - b. The nature and extent of landscaping and screening on the site.
  4. Off-street parking and loading areas will be provided in accordance with the standards set forth in Article 5 of these regulations. Such areas will be screened from adjoining residential uses and located so as to protect such residential uses from injurious effects.
  5. Adequate utility, drainage and other such necessary facilities have been installed or will be provided by platting, dedications and/or guarantees.
  6. Adequate access roads, entrance and exit drives and/or access control is available or will be provided by platting, dedications and/or guarantees and shall be so designed to prevent traffic hazards and to minimize traffic congestion in public streets and roads.

- D. **Conditions.** In granting a conditional use, the Board may attach such conditions upon the premises and/or the applicant benefitted by the conditional use as may be necessary to comply with the standards set out in Section 10-108C in order to reduce or minimize any potentially injurious affect upon other property in the neighborhood and to carry out the general purpose and intent of these regulations. Such conditions may include, but not be limited to, further restrictions on bulk regulations; time of operation and ownership limitations; screening, landscaping and fencing; provision of utilities, drainage and other public improvements; additional access or access control; off-street parking and loading requirements; and platting, dedications and/or guarantees. In addition to the guarantees referred to below for parking and/or screening, covenants which run with the land or the property to guarantee that conditions will be carried out at a future date may be filed with the County Register of Deeds. Failure to comply with any of the conditions for a conditional use which is later attached to a zoning permit shall constitute a violation of these regulations. If an applicant desires to make a change in a condition at a later date, it is necessary to apply for a rehearing and a decision be made in the same manner as the original conditional use, only the requested condition is to be reconsidered at the hearing.

In lieu of actual construction of required off-street parking or the initial provisions for screening, the Board may accept, in the name of the City, a corporate surety bond, cashier's check, escrow account or other like security in an amount to be fixed by the Board and conditioned upon actual completion of such improvement within a specified time. Such securities shall be filed with the Clerk. The Governing Body may enforce such securities by all equitable means.

- E. **Decisions and Records.** The Board shall render a written decision containing specific findings of fact in the form of a resolution on an application for a conditional use without unreasonable delay after the close of a hearing, but in all cases within 45 days after the close of the hearing. The Zoning Administrator shall maintain complete records of all actions of the Board with respect to applications for conditional uses in order to properly issue permits.
- F. **Period of Validity.** No conditional use granted by the Board shall be valid for a period longer than 180 days from the date on which the Board grants the conditional use, unless within such period a zoning permit is obtained and the conditional use requested is started. The Board may grant extensions not exceeding 180 days each, upon written application during the existing 180-day period, without further notice of a hearing.

G.

## ARTICLE 11. AMENDMENTS

### Section 100 General Provisions for Amendments and Special Uses.

These regulations and the districts created under the authority of these regulations may be amended from time to time by the Planning Commission following a public hearing and the approval by the Governing Body. No such amendment shall be adopted except in accordance with the procedures of this Article 11. Special use applications are not amendments, but are processed for the hearing in the same manner. *(See Section 11-101 for special uses.)*

- A. **Proposal.** Amendments or special uses may be proposed: (1) by the Governing Body, (2) by the Planning Commission or (3) upon application by, or on behalf of the owner of the property affected, but only in accordance with the procedure set forth in Section 11-100B. When the Governing Body proposes an amendment or special use, it shall transmit its proposal to the Planning Commission for a public hearing and recommendation thereon. *(See Section 11-100D3 for special notice of hearing procedure for Governing Body and Planning Commission applications.)*
- B. **Application.** When the owner of the property affected proposes an amendment to any of these regulations or to any zoning district created thereby or applies for a special use, an application shall (1) be filed with the Zoning Administrator who refers it to the Planning Commission for a hearing, (2) be in such form and contain such information as shall be prescribed from time to time by the Commission, and (3) in all instances contain the following information:
1. The applicant's name, address and telephone number;
  2. The precise wording of any proposed amendment to the text of these regulations or the exact description of the special use requested.
  3. In the event that the proposed amendment would change the zoning district classification or add a special use to any specific property:
    - a. The name, address and telephone number of the owner of the property and, if any, the agent representing the owner;
    - b. The legal description of the property and a general description such as a street address sufficient to identify the property;
    - c. The present and proposed zoning district classifications and existing uses of the property and structures thereon;
    - d. The dimensions of the property and the zoning lot area stated in square feet or acres or fractions thereof; and
    - e. For land inside the city limits, an ownership list of the names, addresses and zip codes of the owners of record of real property located within 200 feet of the exterior boundary of the area described in the application both within the city limits and extending outside the city limits when necessary.
    - f. If such area is located adjacent to but within the city limits, the ownership list, in addition to the 200 feet inside the city limits, shall provide similar information extending to 1,000 feet into the unincorporated area. If such area is located outside the main portion of the city limits, the ownership list shall extend for 1,000 feet in the unincorporated area and, if the latter extends into the city limits, then such owners for 200 feet inside the city must also be included on the list.

C. **Public Hearing.** The Planning Commission shall hold a public hearing on each proposed amendment that is filed with, referred to, or initiated by the Commission. The Commission shall select a reasonable time and place for such public hearing, and it shall hold such hearing within 45 days from the date on which the proposed amendment is received or initiated. An applicant for an amendment may waive the requirement that such hearing be held within 45 days.

D. **Notice of Hearing.** One of the following three procedures shall be selected to provide proper notice for a public hearing for any zoning amendment application:

1. Public notice of a hearing by the Planning Commission on a proposed amendment shall be published once in the official newspaper by the Zoning Administrator. At least **20 days shall elapse** between the date of such publication and the date set for such hearing. Such notice shall state the date, time and place of the hearing and shall contain a statement regarding the proposed changes in regulations or the zoning classification or zoning district boundaries of any property. If the proposed amendment would change the zoning classification of any specific property or the boundaries of any zoning district, such notice shall contain the legal description or a general description sufficient to identify the property under consideration. If a general description is used, the notice shall include a statement that a complete legal description is available for public inspection and where such description is available.

In addition to such publication notice, the Zoning Administrator shall mail a written notice of the hearing containing information similar to the published notice thereof to the applicant and to the owners of record of all real property within the area to be altered or changed and to all owners of record of real property located within 200 feet of the exterior boundary of the area described in the amendment application both within the city limits and extending outside the city limits when necessary. If such area is located adjacent to but within the city limits, the area of notification shall, in addition to the 200 feet inside the city limits, be extended to 1,000 feet in the unincorporated area. If such area is located outside the main portion of the city limits, the area of notification shall extend for 1,000 feet and, if such notification extends into the city limits, then 200 feet inside the city limits must also be included. The notice to adjacent property owners including the applicant shall be mailed so that **20 days shall elapse** between the mailing date and the hearing date. When the notice has been properly addressed and deposited in the mail, failure of a party to receive such notice shall not invalidate any subsequent action taken by the Commission or the Governing Body.

2. Whenever five or more owners of record of real property owning 10 or more contiguous or noncontiguous lots, tracts or parcels of the same zoning classification initiate a rezoning of their property from a less restrictive to a more restrictive zoning classification, such amendment shall require notice by publication only and hearing in like manner as required by Section 11-100C. Such zoning amendment **shall not** require written notice and shall not be subject to the protest petition provision of Section 11-103.

3. Whenever the Governing Body or the Planning Commission initiates a rezoning from a less restrictive to a more restrictive zoning classification of 10 or more contiguous or noncontiguous lots, tracts or parcels of the same zoning classification having five or more owners of record of real property, such amendment shall require notice by publication and hearing in like manner as that required by Section 11-100C. In addition, written notice **shall be** required to be mailed to **only** owners of record of real properties to be rezoned and **only** such owners shall be eligible to initiate a protest petition under Section 11-103.

The Commission may give additional notice to other persons as it may from time to time provide by its rules. Such rules may include requirements for additional notice to be provided for by the posting of signs on the property to be considered in the amendment application.

#### E. Conduct of Hearing.

1. All hearings that these regulations require the Planning Commission to conduct for amendments to changes or revisions in the regulations or the zoning classifications or in district boundaries shall be open public meetings according to K.S.A. 75-4317 et seq., the Open Meetings Act. Legislative hearings are required by the Commission's Bylaws for changes or revisions in the regulations of the Zoning Regulations. When a proposed amendment will affect the zoning classification or district boundary of specific property; however, the Commission acts in a quasi-judicial capacity for the hearing and may upon proper motion proceed to deliberate in closed session according to K.S.A. 75-4318(g)(1). No binding action can be taken in such a session and all voting must be conducted in an open meeting.
2. Any interested person or party may appear and be heard at the hearing in person, by agent or by attorney.
3. The hearing shall be conducted and a record of the proceedings shall be preserved in such a manner and according to such procedures as the Commission may from time to time prescribe by rule or bylaws which are not in conflict with these regulations or applicable state statutes.
4. The Commission shall keep minutes of the proceedings showing evidence presented at hearings, findings of fact by the Commission, motions made and the vote of each member upon any question or recommendation. If a member is absent, abstains or disqualified, such fact shall be indicated.
5. The Commission may request a report on any proposed amendment from any governmental official or agency, or any other person, firm or corporation. If such a report is made, a copy thereof shall be made available to the applicant and any other interested person prior to or at the public hearing.
6. The Commission may make recommendations on proposed amendments to specific properties which affect only a portion of the land described in the hearing notice or which give all or any part of the land described a zoning classification of lesser change than that set forth in the notice. A recommendation for a zoning classification of lesser change than that set forth in the notice shall not be valid, however, without republication and, where necessary, re-mailing of notices, unless the Commission shall have previously established a table or publication available to the public which designates what zoning classifications are lesser changes authorized within the published zoning classifications. *(See Appendix page A-1 for Table of Comparability for Zoning Districts.)*

7. For action on zoning amendments, a quorum of the Commission must be more than one-half of the membership as established by ordinance. A majority vote of the members of the Commission present at the hearing shall be required to recommend approval or disapproval of the amendment to the Governing Body. If the Commission fails to make a recommendation on a rezoning request, the Commission shall be deemed to have made a recommendation of disapproval.
  8. A hearing may be adjourned from time to time upon a motion to continue in the future at some stated date, time and place. At the conclusion of a hearing, the Commission shall prepare its findings and the factors on which to base its recommendation and vote.
  9. If a meeting is called or a hearing is on the agenda and no quorum is present, the members in attendance may agree to hold the hearing at another meeting in the future at a stated date, time and place or at the next regular meeting for which, when announced at the present scheduled meeting, no further public notice need be given to continue the hearing.
- F. Report by Planning Commission.** Within 14 days after the close of the public portion of the hearing and voting on a proposed amendment or special use, the Planning Commission shall submit a report to the Governing Body. A copy of this report shall also be filed with the Clerk and the Zoning Administrator and such copies shall be kept available for public inspection. A copy of the report shall also be mailed to the applicant. Such report shall contain a recommendation as to whether the proposed amendment or special use should be approved or disapproved and specific written determinations on the items listed in Sections 11-100G or 11-100H and on such other items as the Commission may consider relevant. The report submitted to the Governing Body shall be accompanied by a summary of the hearing as required by K.S.A. 12-756(b). In lieu of a report, the above information may be contained in the minutes of the meeting and submitted to the Governing Body.
- G. Amendments to Text.** When a proposed amendment by the Governing Body or Planning Commission would result in a change or revision in the text of these regulations, but would not result in a change of zoning classification of any specific property, a legislative hearing shall be held by the Commission and the report or minutes shall contain a statement as to the nature and effect of such proposed amendment.
- H. Review Criteria for Amendments or Special Uses.** When a proposed rezoning amendment or special use would result in a zoning change for any specific property, the report of the Planning Commission accompanied by a summary of the hearing shall contain statements as to (1) the present and proposed district classifications or description of the special use, (2) the applicant's reasons for requesting such reclassification or special use, and (3) a statement of the factors where relevant upon which the recommendation of the Commission is based using the following criteria as guidelines:\*
1. What is the character of the subject property and the surrounding neighborhood in relation to existing uses and their condition?
  2. What is the current zoning of the subject property and that of the surrounding neighborhood in relation to the request?

---

**\*NOTE:** *All the factors stated in the decision of Golden v. City of Overland Park, 224 Kan. 591, 584 P.2d 130 (1978) are included in this list. In using these factors as guidelines, modifications may be made in the criteria to more specifically relate them to the particular zoning change in classification or special use.*

3. Is the length of time that the subject property has remained undeveloped or vacant as zoned a factor in the consideration?
4. Would the request correct an error in the application of these regulations?
5. Is the request caused by changed or changing conditions in the area of the subject property and, if so, what is the nature and significance of such changed or changing conditions?
6. Do adequate sewage disposal and water supply and all other necessary public facilities including street access exist or can they be provided to serve the uses that would be permitted on the subject property?
7. Would the subject property need to be platted or replatted or in lieu of dedications made for rights of way, easements, and access control or building setback lines?
8. Would a screening plan be necessary for existing and/or potential uses of the subject property?
9. Is suitable vacant land or buildings available or not available for development that currently has the same zoning as is requested?
10. If the request is for business or industrial uses, are such uses needed to provide more services or employment opportunities?
11. Is the subject property suitable for the uses in the current zoning to which it has been restricted?
12. To what extent would the removal of the restrictions, i.e., the approval of the zoning request detrimentally affect other property in the neighborhood?
13. Would the request be consistent with the purpose of the zoning district classification and the intent and purpose of these regulations?
14. Is the request in conformance with the Comprehensive Plan and does it further enhance the implementation of the Plan?
15. What is the nature of the support or opposition to the request?
16. Is there any information or are there recommendations on this request available from professional persons or persons with related expertise which would be helpful in its evaluation?
17. By comparison, does the relative gain to the public health, safety or general welfare outweigh the loss in property value or the hardship imposed upon the applicant by not approving the request?

Of those factors considered as relevant to the requested change in zoning district classification or boundary or special use, not all factors need to be given equal consideration by the Commission in deciding upon its recommendation.

**Section 101 Special Uses.**

Because of particular factors associated with their activities, certain uses which might have an adverse effect upon nearby properties or upon the character and future development of a district are not permitted outright in districts, but are allowed as "special uses" when their proposed location is supplemented by additional conditions such as to make the use considered compatible with the surrounding property, the neighborhood and the zoning district.

In granting a special use, the minimum requirements of approval for all similar types of permitted uses in the same district must be met, unless otherwise reduced by a specific reference in these regulations. The requirements may be made more stringent if there is a potentially injurious effect which may be anticipated upon other property and the neighborhood or contrary to the welfare and convenience of the public. Such additional conditions may include, but are not limited to, requirements affecting the lot size or yard dimensions; changing street width; the extent and location of entrance or exit drives; controlling the size, location and number of signs; the period and time of operation; lot coverage and height of buildings; screening, fencing and/or landscaping to protect the surrounding property; establishing environmental standards for air and water pollution, noise, vibration, lighting and other such conditions; protection from flooding; and additional improvements such as street construction, sidewalks, utilities and storm drainage, if necessary, including platting and/or dedications. Such conditions may be placed upon the property which is the subject of the special use application or upon the applicant or both.

Although the Official Zoning Map is not amended, the procedure for approval of a special use shall otherwise be the same as for an amendment to change a zoning district classification or boundary which is set forth in Section 11-100 of this Article including the provisions for filing protest petitions in Section 11-103; provided, that any conditions which are further imposed upon the special use shall be made a part of the effectuating ordinance. Applications for a special use shall be accompanied by a plot plan of the proposed development. Concurrent applications may be processed for changing zoning district classifications as amendments and approving special uses on the same property wherein joint notices are advertised and mailed and hearing held; however, separate motions, review criteria and effectuating ordinances are necessary.

Failure to comply with any of the conditions for a special use which are later attached to a zoning permit shall constitute a violation of these regulations. Upon a finding by the Zoning Administrator of such a violation, the zoning permit may be declared null and void. If an applicant desires to make a change in a condition at a later date it is necessary to apply for a rehearing and a decision be made in the same manner as the original special use; however, only the requested condition is to be reconsidered at the hearing.

No special use approval by the Governing Body shall be valid for a period longer than one year from the publication date of the effectuating ordinance unless (1) another time period is designated as a condition attached to the special use; (2) an application is filed and a zoning permit is approved during the period of validity. In such instance the special use shall be valid for the period of validity of the zoning permit. The Governing Body may authorize extensions of the validity period without notice or public hearing for more than one year upon a written request received within a valid period. Upon expiration of any validity period, the effectuating ordinance automatically becomes null and void unless an extension has been granted or a zoning permit has been obtained.

**Section 102 Project Review.**

In the event that certain public improvements, facilities or utilities of a type embraced within the recommendations of the Comprehensive Plan are classified as special uses or are the subject of a change in zoning district classification or boundary, the consideration of such uses by the Planning Commission in conjunction with a zoning application may also constitute their project review of such proposed use if concurrently processed under procedures required by K.S.A. 12-748, as amended; provided, that a statement of findings is included in the Commission's approval or disapproval as to whether such proposed use is or is not in conformance with the Comprehensive Plan. In case the Commission finds that the proposed use is not in conformance to the Plan and states in writing the manner in which it is not in conformance, then the Governing Body shall not proceed with construction of such a proposed use unless the Governing Body by a majority vote overrides the disapproval of the Commission and the Plan shall be deemed to have been amended and the Commission shall make the necessary changes in the Plan to reflect the vote of the Governing Body.

**Section 103 Filing of Protest.**

Whether or not the Planning Commission approves or disapproves a zoning change, if a written protest against a proposed amendment for a specific property or a special use shall be filed in the office of the Clerk within 14 days after the date of the conclusion of the hearing by the Commission which is signed and acknowledged and an accurate legal description of their property provided by the owners of record of 20% or more of any real property proposed to be altered or changed, excluding streets or public ways, or by the owners of record of 20% or more of the real property within the total area required in the official area of notification by Section 11-100D, excluding streets and public ways and specific statutorily excluded property as described below, then the effectuating ordinance shall not be passed except by at least a 3/4 vote of all the members of the Governing Body.

Property statutorily excluded by K.S.A. 12-757(f) from determining the sufficiency of a protest petition when calculating the total real property within the notification area is that which was (1) requested by the owner of the specific property for rezoning or a special use; or (2) the owner of the specific property requested for rezoning or a special use who does not oppose in writing such rezoning or special use. *(See Sections 11-100 D2 and D3 for protest petition exceptions for rezoning from a lesser restrictive to a more restrictive zoning classification.)*

**Section 104 Adoption of Amendments or Special Uses by the Governing Body.**

When the Planning Commission in its report submits a recommendation of approval or disapproval of a proposed amendment or special use including the basis therefore, the Governing Body may: (1) Adopt such recommendation by an effectuating ordinance; (2) override the Commission's recommendation by a 2/3 majority vote of the membership of the Governing Body; or (3) return such recommendation to the Commission with a statement specifying the basis for the Governing Body's failure to approve or disapprove. If the Governing Body returns the Commission's recommendation, the Commission, after considering the same, may resubmit its original recommendation giving the reasons therefore or submit a new or amended recommendation. Upon the receipt of such recommendation, the Governing Body, by a simple majority thereof, may adopt or may revise or amend and adopt such recommendation by the effectuating ordinance or it need take no further action thereon. If the Commission fails to deliver its recommendation to the Governing Body following the Commission's next regular meeting after receipt of the Governing Body's report, the Governing Body shall consider such course of inaction on the part of the Commission as a resubmission of the original recommendation and proceed accordingly.

In considering its decision under each of the above set of circumstances, the Governing Body shall take into account the guidelines in Section 11-100H which are relevant to the proposed amendment or special use and, having reviewed the Commission's findings of fact and the factors upon which their recommendation is based, the Governing Body either adopts the Commission's findings and factors by reference or records their own findings of fact and the factors upon which their decision is based.

The proposed amendment or special use shall become effective upon publication of their respective adopting ordinance. If such an amendment affects the classification or boundaries of any zoning district, the respective ordinance shall legally describe the classification or boundaries as amended, shall order the Official Zoning Map to be changed to reflect such amendment, and shall reincorporate such map as amended.

### **Section 105 Annual Review.**

In order to maintain these regulations including the Official Zoning Map(s), the Planning Commission shall annually hold a public review at their first regular meeting in February to consider amendments, if any, to these regulations. Preceding such a review, the Governing Body and other affected governmental agencies and interested parties should be notified of the intent to review and their ideas requested. In preparation for such a review, the Zoning Administrator shall maintain a master copy of the current zoning regulations on which are recorded comments and ideas brought to the attention of the Administrator during the preceding year in order to maintain the intent and purpose of these regulations under changing conditions and to implement the Comprehensive Plan. Information on any relevant changes in state statutes shall be compiled for the review.

### **Section 106 Judicial Review.**

As provided by K.S.A. 12-760, as amended, any ordinance, regulation, amendment, special use or other zoning decision provided for or authorized by these regulations shall be reasonable and any person aggrieved thereby may have the reasonableness of any decision determined by bringing an action against the City within 30 days after a final decision is made by the City. In the event that an amendment to these regulations or a special use is approved by the Governing Body, the 30-day period commences when the effectuating ordinance is published. Such action shall be brought in the County District Court.

According to K.S.A. 12-757(a), if a proposed amendment is not a general revision of the existing regulations and affects specific property, such an amendment shall be presumed to be reasonable if it is in accordance with the land use plan or the land use element of the comprehensive plan.

ARTICLE 12. SEVERABILITY AND EFFECTIVE DATE

Section 100 Severability.

If any provisions of these regulations are held to be unconstitutional or otherwise invalid by any court of competent jurisdiction, then such provisions shall be considered separately and apart from the remaining provisions of these regulations, so as to be completely severable and the remaining provisions of these regulations shall remain in full force and effect.

Section 101 Effective Date.

These regulations shall be in full force and effect from and after their adoption by the Planning Commission, approval by the Governing Body by an ordinance incorporating these regulations by reference as a model code in book form and publication of such ordinance in the official city newspaper.

ADOPTED by the Sedgwick City Planning Commission on December 8, 2020.

APPROVED and ADOPTED by the Governing Body of the City of Sedgwick, Kansas on December 21, 2020.

/s/ Bryan Chapman

Bryan Chapman, Mayor

ATTEST:

/s/ Janise P. Enterkin

Janise P. Enterkin, City Clerk

(Approved by Ordinance No. 879  
by the Governing Body of the City of Sedgwick, Kansas on December 21, 2020,  
officially published in the Harvey County Independent on December 31, 2020  
and effective on December 31, 2020.)

In accordance with provisions provided for in K.S.A. 12-757(b) and in Section 11-100E6 of the Zoning Regulations of the City of Sedgwick, Kansas, the Sedgwick City Planning Commission hereby establishes a "Table of Comparability for Zoning Districts" as listed below. This table designates the zoning districts which are considered to be "lesser changes" due to their more restrictive characteristics as set forth in the Zoning Regulations.

When considering zoning district amendments, the Planning Commission and the Governing Body may recommend and approve a lesser change in zoning districts for the property already advertised for a public hearing without republication of a notice or redistribution of notices to property owners when such change is more restrictive than the district which is applied for as shown on the table below; provided, however, that such recommendation and approval shall not be for a lesser classification than the existing zoning district. If the applicant at the Governing Body meeting at which a zoning amendment is being considered desires to amend the application and/or the Governing Body desires to consider a "lesser" zoning change, then such a proposed change shall be returned to the Planning Commission for reconsideration and further recommendation to the Governing Body without further publication or notice as provided for in K.S.A. 12-757(c) and in Section 11-104 of the Zoning Regulations.

<b>MOST RESTRICTIVE:</b>	A-1	Agricultural District
	R-1	Single- and Two-family Residential District
	R-2	Multiple-family Residential District
	C-1	Central Business District
	C-2	General Business District
	I-1	Light Industrial District
<b>LEAST RESTRICTIVE:</b>	I-2	Heavy Industrial District

Because of the uniqueness and special purposes for which the MH-1 Manufactured Home Park District and the P-O Protective Overlay District serve, these districts are excluded from the Table of Comparability.

Although the notification for a "Special Use" is processed in the same manner as a zoning district amendment, it is not an actual change in zoning districts and, therefore, the Table of Comparability does not apply and reapplication is necessary for consideration of a different "Use" even if in the same zone. Part of the property considered for a Special Use, however, may be withdrawn by the applicant or a lesser amount recommended for approval without renotification.

**EXAMPLE:** If an application is advertised for a public hearing requesting a change from a R-1 Single- and Two-Family Residential District to an I-1 Light Industrial District, the Planning Commission may recommend the lesser, i.e., more restrictive C-1 Central Business District without republication or mailing of new notices.

If an application, however, is advertised for public hearing requesting a change from the existing C-1 Central Business District to the I-1 Light Industrial District, the recommending of the lesser R-2 Multiple-family Residential District shall not be valid without republication and the mailing of new notices.

**A**

**Access to Business and Industrial District** – residential limitation, 3-103H

**Accessory Structure or Use** – definition of, 6-100A; general requirements, 3-102H; permitted uses, zoning permit, 6-100B; bulk regulations, 6-100C; use limitations, 6-101D

over easement, 9-101A3; grading, 9-101A4,  
application, 9-101A5; period to issue,  
9-101A6; validity, 9-1

(PUBLISHED IN *THE HARVEY COUNTY INDEPENDENT* ON December 31, 2020)

**SUMMARY OF ORDINANCE NO. 879**

On December 21, 2020, the Governing Body of the City of Sedgwick, Kansas passed an ordinance entitled:

**AN ORDINANCE OF THE CITY OF SEDGWICK, HARVEY AND SEDGWICK COUNTIES, APPROVING AND INCORPORATING BY REFERENCE CERTAIN ZONING REGULATIONS GOVERNING THE USE OF LAND AND THE LOCATION OF BUILDINGS WITHIN THE CITY OF SEDGWICK, KANSAS, AS PREPARED AND PUBLISHED AS A MODEL CODE IN BOOK FORM BY THE SEDGWICK CITY PLANNING COMMISSION, PUSUANT TO K.S.A. 12-741 *et seq.* AS AMENDED, 12-736, 12-3009 TO 12-3012 INCLUSIVE, 12-3301 AND 12-3302. BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF SEDGWICK, KANSAS**

This Ordinance approves and incorporates the Zoning Regulations to establish zoning district boundaries and classify the districts by land use category; adopt by reference an official map of zoning districts; define certain terms used in the Zoning Regulations; regulate the maximum dimensions of buildings and other structures through bulk regulations and lot areas; regulate the location and size of signs; provide for and regulate vehicle parking space; reestablish the Board of Zoning Appeals and prescribe its duties; provide for the appointment of a Zoning Administrator and prescribe his or her duties; provide for fees to be charged for amendments, appeals and permits; establish a means for amending the Zoning Regulations, the Zoning Map and this Ordinance; provide for penalties for violation of Zoning Regulations provisions and a means of enforcement. Amends and replaces existing codes and repeals all other ordinances in conflict with this Ordinance. The complete text of the Ordinance, and the approved Zoning Regulations may be obtained or viewed free of charge at the office of the City Clerk, City of Sedgwick, 520 N. Commercial, Sedgwick, Kansas 67135.

This Summary is hereby certified to be legally accurate and sufficient pursuant to the laws of the State of Kansas.

## ORDINANCE 879

Published in Harvey County Now Decem-  
ber 31, 2020

### SUMMARY OF ORDINANCE NO. 879

On December 21, 2020, the Governing  
Body of the City of Sedgwick Kansas  
passed an ordinance entitled:

AN ORDINANCE OF THE CITY OF  
SEDGWICK, HARVEY AND SEDGWICK  
COUNTIES, APPROVING AND INCOR-  
PORATING BY REFERENCE CERTAIN  
ZONING REGULATIONS GOVERNING  
THE USE OF LAND AND THE LOCA-  
TION OF BUILDINGS WITHIN THE CITY  
OF SEDGWICK, KANSAS, AS PRE-  
PARED AND PUBLISHED AS A MODEL  
CODE IN BOOK FORM BY THE SEDG-  
WICK CITY PLANNING COMMISSION,  
PUSUANT TO K.S.A. 12-741 *et seq.*, AS  
AMENDED, 12-736, 12-3009 TO 12-3012  
INCLUSIVE, 12-3301 AND 12-3302. BE  
IT ORDAINED BY THE GOVERNING  
BODY OF THE CITY OF SEDGWICK,  
KANSAS

This Ordinance approves and incorpo-  
rates the Zoning Regulations to establish  
zoning district boundaries and classify  
the districts by land use category, adopt  
by reference an official map of zoning  
districts, define certain terms used in the  
Zoning Regulations regulate the max-  
imum dimensions of buildings and other  
structures through bulk regulations and  
lot areas; regulate the location and size  
of signs; provide for and regulate vehicle  
parking space; reestablish the Board of  
Zoning Appeals and prescribe its duties,  
provide for the appointment of a Zoning  
Administrator and prescribe his or her  
duties; provide for fees to be charged  
for amendments, appeals and permits,  
establish a means for amending the Zon-  
ing Regulations, the Zoning Map and this  
Ordinance; provide for penalties for vio-  
lation of Zoning Regulations provisions  
and a means of enforcement. Amends  
and replaces existing codes and repeals  
all other ordinances in conflict with this  
Ordinance. The complete text of the Or-  
dinance, and the approved Zoning Regu-  
lations may be obtained or viewed free of  
charge at the office of the City Clerk, City  
of Sedgwick, 520 N. Commercial, Sedg-  
wick, Kansas 67135.

This Summary is hereby certified to be  
legally accurate and sufficient pursuant to  
the laws of the State of Kansas.
